### Women Demand That Investigation Go to Bottom of the Bin.

New York, May 5.—One-fifth of the blame for the high price of sugar was placed on the tariff yesterday by the Federal Sugar Refining Company, while the cost of refined and raw sugar swung further downward and the sugar movement by the women assumed national scope.

More than 20,000 delegates to New York city federation of women clubs voted to use a minimum of sweets, and called upon President Harding to see that his sugar investigation went to the bottom of the bin.

### FIRST PASSENGER BOAT.

Reached the City on Saturday Morning From Montreal.

John Leehy, superintendent of the Montreal and Cornwall Navigation Company, was a passenger on the first trip of the steamer Britannic this season that reached Kingston on Saturday morning, under Captain C. Harte. Russell Snetinger, for several years the purser, was in charge and the vessel carried thirty-five tons of freight. She took on forty tons for the return trip including fifty-four boxes of cheese, the product of Emerald and Stella factories, brought down on Friday by the steamer Brockville.

Capt. Harte reports the St. Lawrence clear of ice but there is still considerable ice coming down the Ottawa river.

A citizen asks this question: Why is gasoline selling at twenty-nine cents a gallon in London and Toronto and thirty-three cents in Kingston?

In the army of the Lord there are no draft soldiers.
