Greatest Among Jewels The Diamond

when placed in a daintily pierced Bar Pin is truly a beautiful article of adornment.

Many beautiful Brooches are in our stock and there are various other possibilities for remounting or remodeling Diamonds, which may now be in settings that do not do them justice.

CHILD'S STORY OF THE HUMAN RACE By Uncle Ray

Chapter 100—Relics of Early Greece. Greece is divided into two parts. The lower part is almost an island, being joined to the upper part only by a thin strip of land. South of that strip scientists have found relics of people who became "civilized" at a very early time.

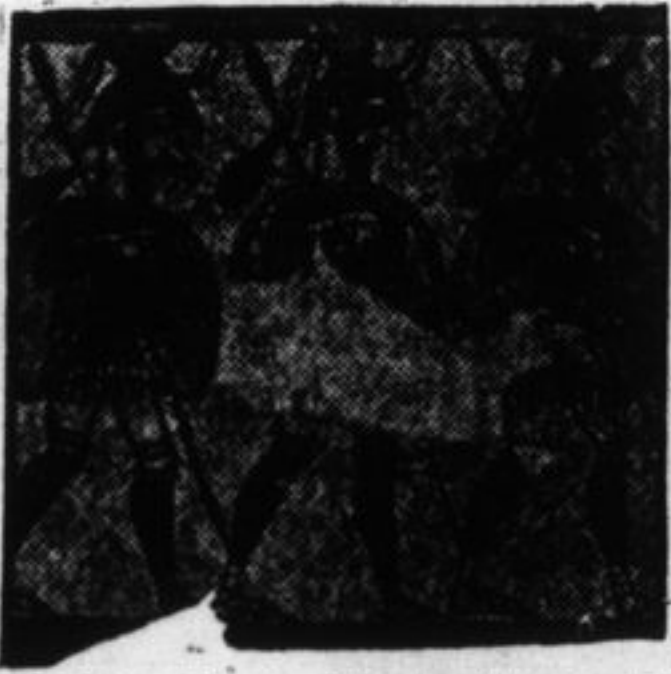

A city was built in that region. We speak of it as Mycenae. Walls were put up all around the city. Lions were carved in stone above a large gate. The lions look something like those sculptured in the Land of Two Rivers and other eastern places. They may have been made by tribes which came into Greece from the east.

There was a graveyard inside the city, not far from the gate. With the bodies of people were buried many things made of gold, silver, copper, bronze and glass.

The people in the city probably did not do all their eating with their

hands, for bowls, ladles and spoons were put inside the graves—so the dead could eat properly!

In other parts of southern Greece, other relics have been dug up.

This portion of a partly spoiled painting shows soldiers of Greece in very early times.

This is a drawing of the outside of a gold cup found in southern Greece. Bulls breaking loose and goring men are shown.

BEEES POSSESS SENSE UNKNOWN TO HUMANS Sky Quickly Darkened by Them When Honey Car Is Wrecked.

Paris, Aug. 1.—Scientific interest has been aroused over an incident in the Swiss canton of Vaud which tends to demonstrate that bees possess a sense unknown to humans.

A farmer was taking a hundred pounds of honey to market, when his wagon overturned. In a few minutes a number of bees were noticed in the vicinity, and in a quarter of an hour the sky was darkened by them. It has been since learned that simultaneously every hive in the canton was emptied.

A great number of people were stung, and three children who were riding on the wagon at the time of the accident were rescued with difficulty from the angry insects.

Deportation of Soldier is to be Investigated

Ottawa, Aug. 1.—An immediate investigation by the department of immigration has been ordered into the circumstances connected with the deportation of Herbert S. Liddell, Carberry, Man., formerly of the 8th Overseas Battalion it was stated by Dr. W. J. Black, deputy minister. The case was brought to the attention of the department by a protest made by officials of the G.W.V.A. Dr. H. S. Beland, minister of D.S.C.R., has also been made acquainted with the matter. In the statement of the G. W. V. A. it is asserted that Liddell emigrated to Canada from England some thirteen years ago, and homesteaded near Carberry. He enlisted in May, 1916, and served in France until August, 1918. He was gassed at one time and was also treated in hospital during his period of service for a bullet wound. The man was demobilized, it is stated, without pension. Subsequently Liddell showed signs of depression and was ultimately cared for at the asylum in Selkirk. In the fall of 1922 he was deported to England by the authorities, at a time when his mother was absent on a visit to the Old Country, and accordingly not aware of what was taking place. On communicating with the immigration department Mrs. Liddell was advised that the boy had been insane before coming to Canada, and therefore was not eligible as an immigrant.

Readjustment of Accounts Standard Bank of Canada

DIRECTORS ANNOUNCE PLAN OF DRAWING ON LARGE RESERVE TO PROVIDE FOR CHANGES—DIVIDEND POLICY.

The Board of Directors of The Standard Bank of Canada, in a notice going forward to shareholders, announces a plan for a readjustment of the assets of the Bank. The advisability of carrying out the plan has been suggested by the continuation of the business and agricultural depression which has so severely affected the operations and standing of some of the customers of the Bank.

In order to effectively meet the situation, the Directors recommend drawing on the large reserves of the Bank for an amount of \$1,250,000 and suggest further the creation of a contingent fund of \$1,000,000. The Bank will then have a reserve of \$2,750,000, a contingent fund of \$1,000,000 and a Paid-up Capital of \$4,000,000.

As regards the dividend policy the Board suggests that future distributions should be on the more conservative basis of 12%, in place of the present 14%, and that any additional distribution should take the form of bonuses from time to time.

In banking circles this action on the part of the bank, which places it in an absolutely sound position, is much commended and considered that it will do much to inspire confidence in our Canadian Banking system.

CAMP LOCKSLEY HALL

Was the Scene of Most Enjoyable Entertainment.

Verona, Aug. 1.—At Camp Locksley Hall, Island Lake, in the resplendent rays of the silvery moon, was enacted in beauty, art and splendor, Locksley Hall in tableau, staged by youth and gayety of form, enriched by background of highland scenes, and the reflective grandeur of nature's mirror softened by the pale moonlight, which touched the cord of passion and emotion, that bespeaks of annals when knighthood was in flower. Here passes on the scene of divine inspiration immortalized by Lord Tennyson.

"Comrades, leave me here a little while as yet 'tis early morn'— Here we are carried away in the ethereal realm with the aesthetical beauty and grace of the actors, in the evolution of time where once the red man stopped to stay the advance of the pale face in his tragical drama.

The entertainers were: Howard Abrams in recitation, "Hoelker Joe," "Curfew Shall Not Ring Tonight," Herbert Percy, Violin solo, Miserere, Melody in F; Miss Pansy Percy in recitation, "Locksley Hall;" Miss Beulah Burling, R.N., in song, "Love's Old Sweet Song."

Interlude — Harry Asselstine, Claude Meinott's Wooing; Miss Evelyn Hamilton, song, "Beloved," E. McKnight, song, "Just a Wear in For You;" Jamie Stewart, song, "With a Mile o' Edinboro' Town;" B. C. Watson, song, "The Meeting of the Waters and the Tune of the Old Cow Died On;" Music and Dancing.

Our annual reunion promises to bring forth additional changes. The company consists of Mrs. George Lakin, hostess; Miss Beulah Burling, Kingston; Miss Pansy Percy, Winthrop; Miss E. Hamilton, Godfrey; Miss Elsie Craig, Verona; Miss Bessie Amey, Verona; Miss Eva Craig, Kingston; Miss Marion Percy, Miss Hazel Asselstine, Verona; George Lakin, host, Harrowmuth; Howard Abrams, Harrowmuth; Jamie Stewart, Harrowmuth; Whitford Craig, Verona; Robert Craig, Verona; George Amey, Verona; Harry Asselstine, Verona; E. McKnight, Godfrey; Herbert Percy, Verona; B. C. Watson, Toronto; Percy Lakin, Verona.

To the host and hostess of Locksley Hall, Mr. and Mrs. Lakin, a great deal of credit must be given for the amiable manner in which the guests and entertainers of the evening were received and welcomed and also the assistance tendered in the staging of the scene with camp-fire and theatrical display, and we trust that in the future this reunion will carry the same kind of fraternity that makes the "whole world kin-dred," for the sake of Auld Lang Syne.

Drowned in Mill Race.

Campbellford, Aug. 1.—Edward Marriott, aged twenty-eight, Warsaw, was drowned at Healy Falls. The unfortunate man was one of a party of motorists who were spending the day in the vicinity, and while walking on the oore wall near the power house fell in and was drawn down to the rocks by the swift current. The body was recovered by A. Badgley, an employee of the power house, and sent on to Warsaw.

Engine Strikes Motor Car.

Port Hope, Aug. 1.—C. S. Grace, while motoring at the Newtonville crossing, was struck by a C.N.R. shunting engine. His car was smashed and part of the motor engine punched a hole in the peak of his cap and cut his forehead. Otherwise he was uninjured.

Toronto Man Appointed.

Port Hope, Aug. 1.—At a meeting of the council, Oliver L. Flanagan, Toronto, was appointed town engineer at a salary of \$2,400.

Mrs. Suetzinger, aged seventy, relict of the late John G. Suetzinger, M.P., Monlhatie, is dead at Cornwall.

PROBS:—Thursday, warm and showery; cooler by night.

STEACY'S GREAT BARGAIN BASEMENT SALE!

HAS PROVED THE MOST SENSATIONAL SALE EVENT EVER STAGED IN KINGSTON!

The thousands of thrifty, bargain-wise shoppers who are daily crowding our bargain basement have proved this by their statements and purchases.

Never in the history of retail selling in Eastern Ontario has any sale held the sustained interest that this record-breaking event is establishing.

Every purchase made in our bargain basement represents a saving of from 33 1-3 to 75% LESS regular price.

If you have not already participated in this super-bargain sale come to-morrow and you will be well repaid for your time and trouble.

EVERY DEPARTMENT HAS ITS QUOTA OF MERCHANDISE AT UNHEARD OF LOW PRICES

- MILLINERY.
- SILKS.
- LININGS.
