HER BABY SUFFERED WITH SUMMER COMPLAINT

A fact mothers must face is that summer complaint with the prostration, often verging on collapse, which sometimes accompanies this disease, makes it one of the most serious and dangerous to contend with during the hot months.
Thousands of infants die annually whose lives could have no doubt been saved by the timely use of Dr. Fowler's Extract of Wild Strawberry, and it has been the experience of thousands of mothers during the past 75 years this valuable preparation has been on the market, that it is the safest and most effective remedy for use in all cases of looseness of the bowels.
Mrs. S. Lafontaine, Great Desert, Ont., writes:—"My baby, when a year old, was suffering with summer complaint. Two doctors attended him, but nothing would stop the vomiting and diarrhoea. A friend told me to try Dr. Fowler's Extract of Wild Strawberry and after the second dose the baby was better and I can say it saved my baby's life.
I wouldn't be without a bottle of Dr. Fowler's in the house for untold good."
Price 50c. a bottle; put up only by The T. Millburn Co., Limited, Toronto, Ont.
