A. DAVIS TRIUMPH IN OPENING TILT

Curran Not in Form and Hussars Forced to Bow to K. Quinn.

The A. Davis nine trimmed the 4th Hussars by a 10 to 4 score at the Cricket Field on Tuesday night, thus taking first blood in the play-off series for the senior city league championship of Kingston, the Sargent trophy, and the right to enter the O.B.A. series in the intermediate section. The Hussars never looked like a championship team last night, except in a few odd plays of the game, and unless they improve greatly, or at least return to form, the game on Thursday night will decide the race for this season.

Although Karl Quinn was hit hard in the opening innings, and the Hussars held a fairly good lead until the 5th, the Tanners kept plugging away until their efforts were rewarded, through the assistance of several grievous errors, with a tied score and then two runs to the good in the fatal fifth. LaRush knocked out a clean home run with Compeau on base, and the rally was continued with Jimmy Quinn scoring a two-bagger. Curran walked out of the box when

another drive went to the outfield and Teddy Blomley was sent to the mound to relieve him. The Tanners did not score an earned run off the "kid" pitcher for the remainder of the game but wretched support was accorded him, although not quite as bad as that tendered to Curran.

A great deal of the credit for the victory must be given to Karl Quinn, the pitching ace of the Davis nine, who struck out thirteen of the slugging Hussars and never lost hope when his own support cracked on several occasions. As a team the winners played well although at times it appeared as if errors were a favorite pastime with both outfits.

Neither team played the ball that they are capable of and the battle was a disappointment to many fans who had hoped for a better showing after watching the same two aggregations in 2-0, 1-0 and 4-3 engagements. Curran was not in his usual form in the box, although perhaps this pitcher has been over-worked this summer, for it is certainly true that "Lefty" has figured in more games than any other twirler in Kingston.

The Hussars started off the opening innings with a great flourish, sending three runs across the plate with the aid of a single, a home run, a three-bagger and an error of Art Quinn's, but from the third innings on, they faded exceedingly fast. The Tanners appeared to be working bet-

ter together and were also able to deliver the hits when hits meant runs. As usual, the Hussars left many men stranded on bases, strikeouts being the order of the evening, with men on third and second, on three different occasions.

The second game of the series, and the final, if the Tanners are again successful, will be staged on Thursday night, weather permitting, and the fans will be unanimous in hoping for a game devoid of errors, and clean-cut win for one or the other. The Hussars are just as good a team as their opponents, and a great deal better, outside of their twirling staff, and with an even break from Lady Luck, a third game should be necessary for a decision. Whichever team eventually wins out, the opposing outfit will not be disgraced, and Kingston in general, and the city league in particular, will be able to present in the provincial play-offs.

Manager Smithers of the Allen Theatre still has some passes won by players which have not yet been called for. The joint committee should get together and wind up all its business.

The Catarqui Golf and Country Club now has fifteen holes in play and next season will have eighteen. Visitors here this year have admired the course and its surroundings and many have suggested a joint yacht, golf and tennis club out there.

When is Kingston to have a municipal golf course? It will not be long before the main body of Kingstonsians will be looking for such a convenience.

QUEEN'S SUMMER SCHOOL MAY ENTER CITY LEAGUE

The students of Queen's summer school are very desirous of entering a team in the city baseball league in 1924 and through Secretary J. S. McDonnell, of the university athletic board of control, application has been made to the league for consideration. The summer school will be extended greatly next year, in scope and duration, and with the great interest manifested in various sports this summer, the students are anxious to branch out and affiliate with the city organization.

Secretary McDonnell has been informed that the entry of teams would not be officially considered until the annual re-organization meeting of the league in the spring of 1924, but that the application of the summer school would be welcomed, provided satisfactory arrangements could be made with regard to the long schedule.

Another factor that would enter into the situation is that the O. B. A. requires a January 1st residence rule, with, however, certain exemptions for students.

SPORT SNAP SHOTS

The Giants traded Earl Smith and Jess Barnes for Hank Gowdy and John Watson.

The world's record for the four-mile relay, held by the Illinois A.C. team, is 17.21 2-5.

Clemens, of the Cardinals, had the best fielding average of any major league catcher last year.

The world's running, pacing and trotting records for the mile are: 1.33 1-5, 1.55 1/4 and 1.56 3/4.

"Babe" Ruth, in his day, was a really great pitcher, yielding an earned run average of only 2.48.

Gibbons has never been knocked off his feet during the eighty-three bouts in which he has participated.

The National League players who have batted over 400 are: Duffy, Keeler, Burkett, Anson, Deleahanty, Barnes and Hornsby.

Mrs. F. H. Hunt, of Moose Jaw, 1922 ladies' golf champion of Saskatchewan, won the title for the second time at Regina by defeating Miss MacDonald of Saskatoon, Saturday, three up and one to play at Moose Jaw.

W. E. Garrett Gilmore, Bachelor's Barge Club, Philadelphia, holder of the Canadian sculling title, will challenge Walter Hoover, world's champion, in trip to qualify for the Philadelphia Gold Challenge Cup race at Duluth, Minn., Saturday, September 8th.

CLAIMS A RECORD UNDER "POP" ANSON
Mark Baldwin, once a star pitcher of the National league and now a physician in Pittsburgh, claims one unique record—claims to have been the only pitcher ever knocked out by his own catcher in the course of a ball game.

Tom Daly was the catcher, and the battery of Baldwin and Daly was one of the best that Anson had. One warm afternoon, a hostile runner broke for second and Baldwin turned in the box to watch the doings. Daly threw, and threw hard. The ball took Baldwin right in the back of the neck and down he went, completely K.O.d. by the whack!

"Never heard of anyone else getting knocked out that way," says Dr. Baldwin, 35 years afterward, "and so I claim one individual record of the game."

WHITNEY PAYS \$60,000 FOR SIR MARTIN FILLY

The crack western filly Happy Thoughts, by Sir Martin out of Gipsy Lass by Cassorian, was sold by W. V. Thraves of Lexington, Ky., to Harry Payne Whitney, Saratoga Springs, N.Y., for \$60,000. Happy Thoughts came to Saratoga unbeaten and was said to be the fastest thing seen hereabouts for a long time. She won the only race in which she started an undefeated filly who saw her tried on Sunday by covering a six furlongs course in 1:12 pounds in the saddle in 1:10. This is phenomenal work and news of the trial soon reached Whitney, who lost no time in buying the filly.

There is much talk regarding the prospects of a match race between Happy Thoughts and the colt sensation of the year, St. James. John Joyner, trainer of the latter, is not keen for such a race, as his charge has a chance to win \$100,000 in stakes if he successfully sells his engagements. Happy Thoughts has no stake engagements here.

Hold Year-Around Training.

Football and other athletic practice throughout the year is part of a proposal submitted by D. N. Perty, chairman of the alumni committee on athletics at Lehigh University, Bethlehem, Pa. It is suggested that the hours of physical exercise required for all able-bodied students be devoted to instructions in the rudiments of the particular sport for which they are physically and mentally adapted. It would continue all the year round rather than merely during the season of that sport.

Harold E. ("Boots") Lever established new world's records for the sixty-five and seventy-five yard dashes on June 16—6 4-5 and 7 5-20 seconds respectively.
