HE DELIBERATELY DROVE CAR OVER EMBANKMENT

Statement of Sister of Frank Morden, Toronto, Who Dies of Injuries.

Toronto, Aug. 16.—Frank Morden, aged twenty-five, died this morning as the result of injuries received last night when an automobile he was driving plunged over an embankment at Wilcox Lake, some miles north of this city.

In a statement made this morning, Mrs. Ada Stutt, sister of Morden, expressed the opinion that her brother, who had been in ill-health, deliberately drove the car over the embankment. With her little girl and a male friend of the family, Mrs. Stutt had been riding with Morden, and when they came to the descent he ordered them all out of the car saying, "If I ever go back that hill, I shall never come back alive."

THREE SOLDIERS FIGURE IN THRILLING ADVENTURE

They were "soldiers three"—a British "Tommy", a French poilu and a Belgian corporal. The armistice had been signed and they had just obtained their release from the military encampment. As they walked triumphantly, arm in arm, out of the stockade gates to freedom, they were happy. Gone were war's dangers; now to enjoy once more a life of peace.

This was the starting point of an adventure such as none of the trio had ever dreamed of. They found themselves enmeshed in a plot by which a group of intriguing politicians were attempting to seize the throne of Moravia. The dangers that confronted them during the next few days made war's perils resemble a child's game in comparison. And before the French soldier had recovered from the daze into which he had been precipitated by the kaleidoscope of events, he found himself married to a countess and on the throne.

REMARKABLE SET.

Director Melford Praises Great New Production. George Melford, producer of "You Can't Fool Your Wife," a splendid Paramount picture which will be on view at the Strand theatre for three days beginning today, speaks enthusiastically of the big bathing pool interior set in that picture, which is said to be one of the best ever prepared for any picture production.

Although the picture was started in New York, it was finished at the Paramount studio in Hollywood, Calif. Humorously, it was said, that "Uncle George" brought his people all the way from the East to the West to give them a bath in the bright blue Pacific. As a matter of fact, it was necessary to get beach scenes and to do this in the East during the winter season was obviously almost impossible on account of weather conditions. The picture closes with a remarkable interior set, however. This is a big bathing pool with a background of flowers and trees, pergolas and canopies. Here dozens of beautiful girls doff evening gowns and reveal bathing suits beneath, after which they and their male escorts plunge into the pool. "It is a picture that is sure to please, I believe," said Mr. Melford, "it has bright and snappy titles a very melo-dramatic climax, plenty of ultra-modern action and costuming and a sort of 'verve' and 'go' which is typical of the age in which we live. It is different from any of my previous productions, but extremely interesting. And the cast is an excellent one." When it is remembered that Leatrice Joy, Lewis Stone, Nita Naldi, Pauline Garon and many others of note appear (these four being featured) his statement regarding the cast is verified.

JOHNSON STREET AGAIN.

The Crown Patent of Lot in Possession of Dr. Garrett. Dr. R. W. Garrett has furnished the Whig with further information regarding Johnson street—this being the correct spelling, and not Johnston. The lot No. 143, which Dr. Garrett owns opposite St. George's cathedral, on Johnson street, was originally given by the crown to Patrick Green, of His Majesty's 17th Regiment of Foot, who in the year 1833 sold it to James Sampson, Kingston, for 100 pounds sterling. The deed from Green was drawn up in Dublin. In 1835, James Sampson sold the land to Henry Gildersleeve for 240 pounds. When Dr. Garrett purchased the lot thirty years ago he paid \$5,000. Is the original deed, "Johnson" is the spelling of the street.

THE PETERBORO SQUAD SNATCH OPENING GAME

The Grand Trunks Defeated On Their Home Lot 3 to 2.

The Belleville Grand Trunks were forced to bow to Peterboro by 3 to 2, in the first of the home and home games of the "B" division play-offs for the Central Ontario Baseball League championship, in the former town, on Wednesday afternoon. The visitors scored their entire three runs in the opening frame, when "Peente" Mills, in left field, allowed a long drive to go past him, and then stood by and watched the centre fielder chase after the rolling ball. That started the fireworks and before the home squad could collect themselves, the Solomonites had forced two more runs across the plate.

Williams, the Indian ace, held the slugging Peterboro gang in the hollow of his hand for the remainder of the game, and had the best of the argument over Heckman, who was on the mound for the visitors. Belleville scored two runs in their half of the sixth innings, but failed to rally enough to tie up the count or forge in front. The game was a pitchers' duel throughout, and was extremely spectacular from the spectators' point of view.

Belleville will now have to defeat Peterboro on their home lot, and win the final contest on neutral ground, which is a real handicap to overcome. It would appear as if the bad break in the opening innings on Wednesday afternoon, snatched the championship from the clever railway team.

If the series should require a third game, the Kingston fans may see the final contest at the Fair Grounds, although Cobourg will also bid for the decisive game.

Polo On Wednesday.

Montreal's well mounted team defeated the Myopia Sea Gulls in the finals for the Hill cup on Wednesday at the Thousand Islands Polo field on Wellesley Island, 8 to 7. Toronto won 11 to 6 from the Thousand Islands team.

Cosmetics and Statistics. American women spend nearly \$70,000,000 on cosmetics and perfumery each year. Since there are upward of 25,000,000 women in the United States above the age of 15 their average expenditure is not quite two dollars each. Nobody will begrudge the spending of less than four cents a week by any member of the American sisterhood in the preservation and enhancement of her beauty. Figures for Canada are not available but in the United States thirty million women spent less than 60 cents each on the twin luxuries, cosmetics and perfumery, in 1910. Ten years later the expenditure for each woman over 15 in the country had tripled, booming the domestic manufacturers of these toilet articles from \$15,000,000 in 1910 to upwards of \$60,000,000 in 1920 and increasing the importation of foreign goods in this category from \$1,700,000 in 1920. One explanation is that prices of such luxuries rose greatly throughout the period. That is true, but it does not account for the entire increase. Use increased as well as prices. Cosmetics are more freely used than they were 10 years ago.
