

WILL PERMIT NO BRANDING

Of Canadian Cattle With White Hot Electric Irons.

TO ARREST THE BRANDERS

Canadian Society For Pre- venting Cruelty to Animals Issues a Warning.

Montreal, Aug. 21.—"This is absolutely the most horrible thing that has ever been brought to my notice," said J. R. Innis, secretary of the Canadian Society for the Prevention of Cruelty to Animals, yesterday discussing the regulation of the British Government that on and after September 1st, all Canadian store cattle for export must be branded with white hot electrical branders.

"Further you can say that not one of these animals will be branded in such an unnecessary cruel manner if we can prevent it.

"I understand that there will be three thousand Canadian store cattle here on September 1st awaiting shipments, and that there will be men sent out from England with electrical machines to brand them. I intend to be at the place when this is started, with a couple of S. P. C. A. inspectors, and as soon as the work is started we intend to intervene and arrest the operators. That is all we can do, because we can only arrest the men, actually committing the cruel act. But we shall arrest them and stop the work, and then it will be for the courts to decide the matter.

"I am confident that public opinion will support us in stopping this inflicting of such unnecessary agony on these poor beasts. It is proposed to apply a white hot 'C' brand on each animal's rump, back of the pinbone for ten seconds, which will be long enough to burn the mark completely through the skin to the flesh. The only thing comparable to it is to stick your finger into a hot stove for ten seconds, or hold the end of a burning cigar for an equal time to his hand. That is what it will mean for cattle, and we intend to stop it. If they must brand the cattle why not do it on their hoofs, where it would not inflict such suffering."

THE REPLY OF FRANCE IS AWAITED IN LONDON

It Will Be Placed Before the British Cabinet On Wednesday.

London, Aug. 21.—France's voluminous contribution to the long dragged out reparations controversy is expected in London by courier tonight. It will be translated at once and circulated among the British cabinet members tomorrow. Prime Minister Baldwin is expected to call an informal meeting of the ministry just before his departure for Aix Les Bains the latter part of the week, at which its contents will be considered.

The document is said to be long enough to fill fifteen columns of an ordinary newspaper.

The full text of the note is expected to be published in Paris tomorrow, but it is probable that a brief summary of the document will be issued in advance tonight by the French foreign office.

The sale of the burned Wawa hotel, Lake of Bay, Muskoka, was opened Monday. It contained \$50,000 in money and jewels.

"You Said It, Marceline!"

By MARCELINE DALROY

ON FUNNY FALLS.

LIFE—
The funniest GAME
We are asked to play;
It is the SPORT SUPREME;
And the fun of it is
That a girl may have her eye
On one particular BIRD,
And be, at the same time,
Some OTHER man's MARE,
Men are, at once,
The HUNTER and
The HUNTED.
Women are, at once,
The PURSUERS and

THE PURSUED.
A woman may vanquish
Ninety-nine men
Yet FALL
For the one hundredth.
A man may withstand
The pointed darts
Of a dozen brilliant women
To be completely
Bowled over
By a SIMPLE girl!
Old men fall for flappers;
Some women fall for "flivers";
And many funny things happen
In the Fall

In the Fall

TURKS HONOR WOMAN WHO FOUGHT IN ARMY

She Was Wounded, Taken Prisoner by the Greeks But Escaped.

Constantinople, Aug. 21.—Turkey's only woman officer has recognized her commission in the army and, received on retirement at a public-audience by the caliph. The woman is Lieutenant Kara-Fatma Hanem, about forty-five years old and the widow of a Turkish Major. Together with fifteen female relatives, she joined the army at the beginning of the Great War.

This small band of women was assigned to the Caucasian front but it was not until after the armistice that they saw much action. Then they took part in the fighting against the Armenians, and after that were sent to Anatolia against the Greeks. There they joined a body of 700 men and were present at the battle of In-Eunu, in which a number of them lost their lives.

Lieut. Kara-Fatma Hanem was wounded and taken to a hospital. After her recovery she returned to active service and was taken prisoner by the Greeks. She escaped to take part in the battle of Broussa, when she was accompanied by her thirteen year old daughter.

This female warrior now declares that her task is over and her request for discharge was allowed by the authorities who, however, has granted her an honorary commission as captain.

Opium Crop is Small.

Belgrade, Jugoslavia, Aug. 21.—The opium crop in Jugoslavia this year is the smallest in several years past. The present crop, it is estimated, will not be enough for local purposes. Planters are asking the government to help them import opium from Asia Minor.

NEW GERMAN GOVERNMENT IS TO BE DICTATORIAL

Will Requisition a Percentage of All Foreign Currency in Country.

Berlin, Aug. 21.—Germany's industrialists, commercial organizations and banks will be immediately called upon to state under oath the amount of foreign currency in their possession so as to enable the government to requisition a certain percentage for the purpose of the creation of a national defence fund. With this money the government will endeavor to put a prop under the tumbling mark and establish a fund for food purposes abroad.

This emergency programme was agreed upon at an extraordinary session of the cabinet last night, continuing into the early hours of this morning. President Ebert, Chancellor Stresemann and the entire ministry are convinced that nothing short of dictatorial measures will save the international situation which is now fast careening, not only because of the marks' further collapse, but chiefly because of the utter chaos prevailing in all lines as a result of the introduction of "gold mark" wages and prices, completely upsetting the conditions of production and retailing.

Actors Demand Daily Pay.

London, Aug. 21.—Singers and actors in the countries affected by the slump in exchanges have adopted a new method of collecting their salaries. The artists now demand that they be paid at the conclusion of each day's work, and at the rate of exchange paid for seats that day. The artists have refused to sign contracts except on this basis, as they claim that the fluctuation of the exchange makes their salary practically nothing at the end of the month.

Owing to wet greens, playing in the various stages of the Dominion bowling tournament matches at Toronto Tuesday was postponed till Wednesday.

HURLED INTO BLAZING RUIN

Ten Brooklyn Firemen Met a Horrible Death.

PLAZA MALL ROOF CRASHES

During a Spectacular Fire— Forty-Seven Men Were Seriously Injured.

New York, Aug. 21.—Tragedy descended on the city during the night, when the roof and one wall of the new Plaza Mall, located at Grand and Haveremey streets in Brooklyn, crashed during a spectacular fire and hurled a number of firemen into the blazing ruins.

For hours, rescue parties worked frantically in the debris and first reports placed the number of dead at ten. Hampered by the darkness and the intense heat bursting from the smoking, flame-lit pile, firemen and police this morning were able to compile only an unverified casualty list.

According to this list, two firemen Raymond Farrell and James Sullivan, both members of the same engine company, were killed, and forty-seven men, most of them fire fighters were seriously injured, six perhaps fatally. Search of the ruins, however, has not yet been completed, for the fire was still smouldering, with fitful bursts of flame.

RUM PIRATES STEAL ABOUT \$20,000 CASH

From Schooner Which They Boarded off Rockport, Mass. Police Think.

Gloicester, Mass., Aug. 21.—Rum pirates who boarded the Nova Scotia schooner J. Scott Hancock, about fifteen miles off Rockport yesterday, and shot down the captain and cook, started away about \$20,000 in cash from the craft, the police said today they had reason to believe. Evidence showed, they added, that liquor had been sold from the schooner in large quantities for some time past to rum running boats from shore, and they were inclined to think that the pirates were customers who knew there was a large sum of money on board the schooner. The cook, Harry Harm, is recovering from his bullet wound in hospital here. The captain, Arthur Moore, at the same hospital, is thought to be dying.

LIPTON CHALLENGES FOR AMERICA'S CUP

He Will Make the Next At- tempt to Life the Cup in 1925.

New York, Aug. 21.—Sir Thomas Lipton is preparing to again challenge for the American's cup, the races to be held in 1925, he announced here today on his arrival from England on the White Star liner Cedric.

Sir Thomas is confident he can lift the trophy, which he has been seeking for many years. "After competing in races for 25 years in Britain, Germany, France and other countries, I am confident the Americans are the best sportsmen in the world," he stated. "If ever there were any mistakes in times or distances in my races with Americans, they were in my favor."

The challenge yacht will be the Shamrock V., he said.

WILL GEDDES RETURN TO WASHINGTON POST?

Thought the British Govern- ment is Looking About For a Successor.

London, Aug. 21.—Reports that Sir Auckland Geddes, British ambassador to the United States, will not return to Washington, have been revived because of the precarious condition of his eyes. While the government will not concede the likelihood of his retirement, the impression prevails in well-informed political circles that government authorities are casting about for a suitable successor. Ambassador Geddes has lost the sight of one eye, which entails great strain upon the remaining eye, and in addition his general physical condition is impaired.

W. J. O'Shea, assistant to R. J. Bushell, manager of the Kingston Fair, has opened the office in agricultural hall Market street, for the purpose of receiving entries in the various competitions.

CHAMBERLAIN FEARS SNAPPING OF ENTENTE

Former British Chancellor Denounces Recent Cur- zon Note.

Manchester, Eng., Aug. 21.—Addressing the members of the West Birmingham Unionist Association, last night, Austen Chamberlain, former Chancellor of the Exchequer, declared "the entente is hanging by a thread, and any clumsy handling of reparations at this moment may snap that thread and undo the work of the last twelve or fifteen years."

He characterized the government's latest note to France as inconsistent, illogical and futile, and pleaded for caution in a situation which he said was fraught with peril for Great Britain, the Allies, Europe and the world.

"Germany is almost at the brink of disaster and threatened with revolution," Mr. Chamberlain added. "She is in peril of starvation because of the reckless finance in which she indulged. The Entente is in jeopardy and I plead for caution and foresight in saving it."

THE HELP OF CANADA IS GREATLY NEEDED

Curiosity in England As To Position of Mackenzie King's Cabinet.

London, Aug. 21.—An appeal to Canada to encourage migration from Great Britain is put forward in a leading editorial in the Morning Post, which points out that only a proportion of the immigrants who have arrived in the Dominion since last April have come from this country.

The Post expresses the opinion that the changes in the Canadian cabinet doubtless are connected with the Dominion's representation at the coming imperial economic conference, and says:

"Heretofore very little has been heard from Canada with regard to either inter-imperial migration or a share in the imperial conference, nor does Great Britain know Premier MacKenzie King's views on matters of imperial policy."

The Post recognizes that there are internal political considerations which must weigh with the Canadian government with regard to the Dominion's participation in immigration affairs, but declares that as the U. S. Government is discovering that it is impossible to remain isolated from the rest of the world, it believes that the time has come when the people of Great Britain have the right to say to Canadians that this country needs Canada's help, which would be of mutual benefit.

ATTEMPT TO UNLOAD GERMAN-MADE POPPIES

Revealed by G.W.V.A.—They Were Sent to the United States.

Ottawa, Aug. 21.—An attempt to unload German-made cloth poppies from United States into Canada for distribution on armistice day was revealed today by Dominion officials of G.W.V.A. branches of the association throughout the country having reported receiving circulars offering to supply poppies through a Toronto commercial agency. These are said to be imported from the States where large stocks remain unused from memorial day as a result of the discovery that they had been made in Germany. These stocks were originally purchased by an American ex-soldier organization from a French agency which represented that they had been made by war widows and orphans in France. Just prior to memorial day, German packing slips were discovered.

IRISH ELECTION QUIET, ONLY SIX KILLED YET

Estimated That Cosgrave Will Have Majority of Twelve in House.

Belfast, Aug. 21.—The most sanguine Government supporters look for the return of Cosgrave with a majority of about a dozen. This majority would be useless without a big slide of independent and other groups to the Government side. On the other hand, it must be remembered that there is not much chance of the Republicans taking their seats, as the Government has jailed every likely Republican by way of precaution, in the name of freedom.

Up to date the election has been conducted under conditions of comparative calm, only half a dozen having been killed and about 50 wounded. De Valera is in Mountjoy prison and his deputy gunman, Rutledge, is fighting North Mayo against Magrath, minister of industry. Captain Redmond, son of the late John Redmond, is contesting Waterford as an independent candidate, against which class Cardinal Logue has been hurling his anathemas. Redmond advocates peace and unity and the inclusion of Ulster as part of the Free State by the exercise of good will.

Six were killed and fifteen hurt when a crowded car plunged over a cliff at Nice.

HAVE DECIDED TO ORGANIZE

To Protect Their Interests in the Home Bank.

NO FURTHER STATEMENT

To Be Had From Officials— Winding-Up Order Ap- plication.

Toronto, Aug. 21.—While the curator has his staff at work on the affairs of the Home Bank, which announced suspension last Friday night, Toronto depositors, of whom there are hundreds, are talking of an organization to look after their interests and secure information as it becomes available.

The bank directors are taking the position that is no part of their business now to make any further statements on the bank's affairs. They are leaving that to the curator, President H. J. Daly is still up north recuperating, and R. P. Gough, vice-president, again said yesterday he had no further statement to make beyond that contained in the formal announcement of suspension. Managers of the bank's branches are being called in to give the exact state of affairs at the different points. Information has to be gathered from as far west as Fernie, B.C., so that it will be some days before the full facts are known.

Thursday is the day set for the application for the winding up order to come before the court at Osgoode Hall, and lawyers are considering what action will be taken, in view of the affairs of the bank now being in the hands of the curator. The matter may be laid over until the curator is ready with his report.

By organizing, depositors hope to get information first hand from the curator. A meeting is expected to be held this week when a plan of organization will be prepared.

QUEEN'S MISSION

Seeks to Gain Recognition For Her Son-In-Law.

Paris, Aug. 21.—Queen Marie of Rumania, known as the most beautiful sovereign of Europe, will enter her wit and beauty in one of the most difficult diplomatic situations in Europe, a task in which the best Balkan diplomats have failed.

The principal object of the queen's coming visit to Paris is to obtain recognition of her son-in-law, King George, of Greece, which diplomats have been working on ever since George ascended the throne in Athens.

Premier Poincare was said to have promised recognition as soon as constitutional liberties were restored in George's revolution-torn kingdom. Queen Marie at present is resting at Saint Briac, on the seashore. After the victory she expects in Paris, she will go to London to obtain recognition for her royal son-in-law from the British government.

Incidentally, during her visit in Paris the Rumanian queen will do her own fall shopping, and purchase baby clothes for the forthcoming addition to the royal family of Jugoslavia.

COST OF LIVING IS HIGH ABOVE THE PRE-WAR LEVEL

New York, Aug. 21.—The cost of living in the United States on July 15, 1925, was 61.9 per cent higher than in July, 1914, according to an investigation by the national industrial conference board. Between June 15th and July 15th, 1925, there was an increase of 1.8 points or 1.1 per cent. This was brought about by continued advances in the cost of food and clothing and further increases in rent, statement said.

Fuel prices were a little lower, while average sundries and light charges remained unchanged.

TAXATION OF TOURISTS PROPOSED IN FRANCE

Paris, Aug. 21.—The spending of one's surplus dollars, pounds, guilders or other sound currency by coming to France and turning them into francs will be ended if Deputy Tattinger's proposed tax is enacted. It is called an "economic equalization tax," but is really designed to take away from foreigners such easy coins as they might otherwise be able to spend as a result of depreciation of the franc.

FAILURE OF BANK HITS WHEAT POOL

Will Mean That the Scheme Must Be Abandoned This Year.

Winnipeg, Aug. 21.—Disruption of the banking arrangements of the United Farmers of Manitoba, owing to the failure of the Home Bank of Canada, will result in this province having to go without a voluntary wheat pool to handle the 1925 crop, was stated by a prominent official. The Winnipeg Free Press says:

"It will not be possible, it was stated, for the United Farmers of Manitoba to make new banking arrangements in time to meet the heavy expenses of organizing such a pool this year."

"It is too late in the season now for the U.F.M. to make new banking arrangements and then carry on organization work in time to handle this year's crop," and official said. "Half of the Manitoba crop is ready for market now and I am quite confident the directors will decide at their meeting Tuesday to abandon the scheme for this year."

Sons of Irish Leaders Carry on in Dublin

Dublin, Aug. 21.—At a big Republican gathering in Sackville street to-day, the chief speakers were the 12-year-old son of Eamon De Valera and the sons of Erskine Childers.

"Friends of Ireland," said young De Valera, "my father promised to speak to you to-day, but he cannot, for servants of a foreigner arrested him in Clare and imprisoned him. They may give him the same fate as Liam McKee, Erskine Childers and Liam Mellowes. They can put us and others to death, but they cannot kill the spirit of freedom in Ireland; that spirit will live and Ireland will be free from sea to sea in spite of foreigners and the servants of foreigners."

NICKLE SENDS OUT ORDERS TO PROSECUTE VIOLATORS

Of Betting Information Act But Judgments Are to be Reserved.

Toronto, Aug. 21.—In a letter sent out last night by the deputy-attorney-general, on the instructions of Hon. W. F. Nickle, the crown-attorneys throughout Ontario are directed to continue prosecutions under the betting information act as if no question as to the validity of the provincial law had arisen.

As soon as the hearing of the cases has closed, however, the crown attorneys are advised to request the magistrate to reserve judgment until after the constitutionality of the act has been decided by the appellate division, to which the attorney-general purposes appealing the judgment recently delivered by Judge Denton, declaring the new provincial statute ultra vires.

YUKON CELEBRATES 27th ANNIVERSARY

Of the Discovery of Klondike —A Splendid Exhibition Being Held.

Dawson, Y. T., Aug. 21.—Gold nuggets and monster cabbages, sold dust in heaps and giant pumpkins, bar silver and wheat heads nodding on their stalks ranged side by side in the exhibition of Yukon products held here Saturday to celebrate the twenty-seventh anniversary of the discovery of the Klondike. There were cabbages sixteen inches in diameter and weighing thirty pounds. There were pumpkins as big as a man's head and proud specimens of nearly every kind of garden truck. The wheat and oats and barley exhibits bore witness to the fertility of Yukon soil and the warmth of its brief summer season, and competed for attention with the precious metals.

Kingston Is Chosen.

Cornwall, Aug. 21.—Before the sale of the Cornwall Cheese Board on Saturday, Secretary McLeod read a letter from T. A. Thompson, of Almonte, secretary of the Eastern Ontario Dairyman's Association, in reply to an invitation to hold the next meeting in Cornwall. Mr. Thompson said Kingston had been chosen as the meeting place in January, on the 16th and 17th of that month, the place being the new dairy school. He stated he would place Cornwall's offer before the association for the holding of the 1925 convention here.

Divorce Applications.

Ottawa, Aug. 21.—Last week's Canada Gazette carries notice of intention of Margaret Hickey, of Toronto, to apply for a bill of divorce from her husband, Charles Henry Hickey, formerly of Toronto, and now a postal clerk in Edmonton. Ethel Violet Williams also gives notice of her intention to apply for a bill of divorce from her husband, Louis Williams, of Toronto. Mrs. Williams is now a resident of Bournemouth, Hampshire, England.

LIQUOR FIGHT IN SCOTLAND

Canada And United States Are Assisting.

POLLING IS IN DECEMBER

Keen Interest Has Been Aroused All Over the United Kingdom.

London, Aug. 21.—Canada and the United States are both taking part in the greatest fight between the wets and dries that Scotland has ever seen, and the struggle is more serious than in 1920, when the temperance act first came into force. Both sides appealed to their trans-Atlantic friends for support, and the machinery of the campaign is now working smoothly. Electioneering methods have greatly increased in the last contest.

A third party is headed by former Lords of the Court of Session and other prominent leaders in the national life of Scotland, which is demanding improved public houses for Scotland.

At the last election of the kind only two wards of Glasgow voted dry, and the contest in that city is simply if these shall continue dry, while in eight other wards there are four alternative questions for the electors, with a corresponding number of ballot papers. These questions are shall there be a continuance of existing conditions which would mean preservation of the present restricted number of licenses, or a repeal of this system which would be a reversal of the decision of 1920, or shall there be increased limitation, or as a further alternative shall licenses be done away with altogether. The polling will take place early in December and the night is exciting interest not only in Scotland but by wet and dry forces all over the country.

Full Credentials.

Paris, Aug. 21.—The French Government announced to-day that it would recognize the Greek Government as the only legitimate government in Greece.

Kato To Resign.

Tokyo, Aug. 21.—It is believed here that the resignation of Baron Kato as Premier of Japan is imminent. While his condition is not dangerous, he is a very sick man, and it is believed to be improbable that he can bear the burden of office much longer.

De Valera in Dublin.

Dublin, Aug. 20.—Eamon De Valera, the Republican leader, who was arrested at Ennis, on Wednesday, when he appeared to address a political meeting, arrived in Dublin Saturday, under the escort of Free State troops. He was placed in Mount Joy prison.

THREE OF THE BODIES REMAIN UNIDENTIFIED

At Wawa Hotel Ruins—They Are Likely Those Of Servants.

Toronto, Aug. 21.—Charred or broken remains of eleven persons, three of whom remain unidentified, have now been taken from the ruins of the Wawa summer hotel, at the Lake of Bays, Muskoka. It is thought that the unidentified represent three of the twelve women servants who occupied the attic quarters of the hotel on the fateful Sunday morning, and who comprise the majority of the victims. Efforts are being made to establish their identity. They are probably members of settlers' families from the country surrounding the Lake of Bays.

The remains of Mrs. Emily McNeilly, Chicago, which were identified by her wedding ring, and of Miss Elizabeth Kroeger, Cincinnati, have been forwarded to their destinations.

The Grand theatre, Toronto, was taken over Monday by Mrs. Ambrose J. Small, wife of the missing millionaire, who just the day before he disappeared, sold it with all his theatre interests to the Trans-Canada Theatres, Limited.

John and George Parks, brothers of Owen Sound, known as auto bandits, were sentenced to four years in Portmouth penitentiary. Kitchener ratepayers voted to purchase for \$25,000 the Bridgeport line, and link it with the Wellington-Waterloo Railway. The typhoon at Macao is reported to have taken toll of over 100 lives.
