LINIMENT FOUND TO BE POWERFUL GERMICIDE

Originally, Absorbine Jr. was sold only as a pain reliever and an embrocation. It was quickly discovered that the liniment was positive death to all forms of germ life, and it is now used as a mouth wash, for wound dressing and for all disinfecting purposes.
Another surprise was yet in store. A Wm. Pratt of Springfield, Mass., applied Absorbine Jr. to a varicose vein to relieve the intense pain. Not only did the pain leave, but he noticed every day the swollen vein becoming smaller. The treatment was kept up and, today, Mr. Pratt's legs, though he has never used anything else on them, are as smooth as when he was a boy. It has now been proved that Absorbine Jr. is an actual specific for varicose veins, leg ulcers, boils, pyorrhea and a number of other ailments and injuries besides that for which it was first prepared. Nothing serves so many every day purposes and nothing is better entitled to its place in every home. When it is needed, it will be needed in a hurry. Don't wait for someone to be hurt. Get it at your druggist's today. \$1.25 everywhere.

HOW TO SLEEP ON A BARE FLOOR

It is more a matter of SLEEP, than of bed or board.
Some people can sleep sitting up, standing up, even while walking.
Many people can't sleep in the softest of downy beds; and all of us suffer occasionally from nerve-racking, wearying, tiring wakefulness at night.
There is always a reason for sleeplessness. Usually, it is a "sour" stomach, a liver that has "lain down" on the job, congested bowels, or biliousness.
Then, just before retiring, take Beecham's Pills. They soothe an uneasy stomach, encourage the organs of digestion and elimination to natural activity, and assure restful sleep no matter what!

Harbor Was Rough.
The lake was very rough on Tuesday and many of the vessels running out of the harbor had a difficult time. A good sea was rolling throughout the day.

Rain Will Help Corn.
The rain came a trifle late for the ordinary crops in the district, but it is believed that the corn may be helped considerably. The pastures may also benefit.

Heavy Yield of Oats.
Charles S. Wordon, Lyn, recently threshed some new oats which may be a record yield for this section. Five acres yielded 315 bushels testing 40 lbs. to the bushel.

Newspaper Changes.
W. J. Styles, who has been on the staff of the Smith's Falls Record-News, for the last three years, is rejoining the staff of the Kenfrew Mercury as local editor.

Got Into Prize List.
Dr. Benson, Belleville, is campaigning his string of trotters on the New York state circuit and raced at Ogdensburg, N. Y., getting a good share of the purses.

Appointed to Position.
Miss Dorothy Chapman, Brockville has been advised by the Civil Service Commission of her permanent stenographic appointment in the offices of the Department of Agriculture.

Spoke at Diamond Jubilee.
The diamond jubilee of the Presbyterian church at Kirkton was celebrated recently. Rev. Dr. Grassy, who labored so long and faithfully in Gananoque, was the first pastor of the church. He attended and made an address.

Now Lives in Los Angeles
William J. Weaver, formerly of this city, and a former member of the 4th Hussars baseball team, has written to a friend in Kingston to state that he is delighted with Los Angeles, Cal., where his family are now residing.

At Lake Ontario Park.
Lake Ontario Park has not been patronized a great deal this summer, probably due to the cool evenings that have been the order during the season. The dances in the pavilion are the only attraction now, and the old merry-go-round is sadly missed by the kiddies.

Also a Kingston, N.Y.
Several of the Kingston Fair workers, who were on a trip through New York state recently advertising the local exhibition, were rather nonplused when they found that there was a Kingston, N.Y., which nullified the effect of the posters advertising the "Big Kingston Fair." It is expected that new bills will be printed especially for the occasion with the word "Ontario" added.

Sunssets Captivate U. S. Visitors.
The recent L. Y. R. A. regatta at Belleville may have a sequel in popularizing this district with the people of the northern states. As a result a scheme has been put on foot to advertise the Bay of Quinte in the cities of northern New York and in Pittsburg, Buffalo and Cleveland. Americans who have visited here have remarked on the wonderful sunsets on the bay, and suggests that these should be capitalized, as they are in California.

Canadian Pacific.

Notes from Mount Cessney.
Mr. and Mrs. C. F. Flastow and their two sons, Lynnwood and Robert and daughter, Phyllis, motored up from Canton, Ohio, last week to visit Mrs. Flastow's sister, Mrs. Gordon. They were accompanied by another sister, Mrs. Burchill, Hamilton, and spent a very enjoyable week on the farm, and fishing

and boating on the Rideau canal. The party landed some fine bass.

Left For The Pacific Coast.
In the departure of Miss Musiel Fair and Stacey Fair for Vancouver, B.C., Athens loses two of its most popular young people. Both have always been staunch supporters of the Anglican church, Stacey being a member of the choir, and they will be especially missed in church circles. Both were remembered with gifts. They will reside with their sister, Mrs. Howard Thompson, 1549 11th West, Vancouver, B.C.

Rev. Dr. Dyde's Sermon.
Christ was a good sport, according to Rev. Dr. Dyde, principal of the Theological department of Queen's University, who preached the anniversary services on Sunday in the Burnbrae Presbyterian church. A real sport, according to the doctor's standard — one who sets the game and the object of the game above himself. As he played the game of life Christ reckoned the service as of greater account than Himself. He put His duty above all else, no matter what the black gate ahead of Him and we may be thankful today if anyone thinks we are worth while to follow Him.
A meeting of the Children's Aid Society has been called, and W. M. Nickle, its solicitor, will ask authority to enter suit against the city for amount of the accounts rendered for maintenance of its ward if they are not paid forthwith.
Dr. McCallum, president of the society, states that they are only asking for payment of the accounts that have been rendered and that no accounts will be made out up to Sept. 1st as asked for by the city solicitor, for the reason that the children are being removed from the Orphans' Home constantly and accounts cannot be made out in advance.
Command and force may, often create but can never cure an aversion; and whatever any one is brought to by compulsion, he will leave as soon as he can.
When affection only speaks, truth is not always there.
A good heart is better than all the good heads in the world.
