### SYDENHAM HIGH SCHOOL CREATES A SCHOLARSHIP

It is a Memorial to Students  
Who Fell During the  
Great War.

Since the close of the war the staff and students of Sydenham high school have had in mind the establishment of some memorial to the school graduates who gave their lives for King and country and democracy during the great struggle. This memorial has finally taken the form of a scholarship to assist graduates of the school who wish to attend Queen's university. It is to be known as the Sydenham School Memorial Scholarship.

The scholarship will consist of \$25 cash and a remission of fees to the extent of \$25 the latter for a total of \$50 yearly. It is to be operative in 1925 and must be awarded every year to some S.H.S. graduate. The scholarship is to be awarded each year by the principal of the high school and two of the staff nominated by him. In awarding it they will be guided by a number of regulations agreed upon by the university and the high school. Application for the scholarship must be made in writing to the high school principal not later than Sept. 25th.

### WEDDED AT BATH.

The Spring-Sharpes Nuptials on 29th of August.

On Wednesday, August 29th, at 11 a.m., at the home of Mr. and Mrs. Wesley P. Sharpe, Bath, their only daughter, Gladys Florence, became the bride of G. Wilfred Spring, only son of Mr. and Mrs. George Spring, Bath. The ceremony was performed by Rev. A. C. Hoffman. The bride entered the drawing room on the arm of her father to the strains of Lohengrin's wedding march played by Clayton Bell, and looked charming in a gown of ivory silk canton crepe caught with seeded pearls. Her veil of silk tulle was draped with orange blossoms. She carried a bouquet of sweetheart roses, and wore the groom's gift, a gold wrist-watch. The bridesmaid was Miss Mildred Spring, sister of the groom, and who wore a dainty frock of pink alitene crepe and carried a bouquet of opelia roses and chrysantheums. The bridegroom was attended by Lorne Birrell. During the signing of the register, Clayton Bell played sweetly. The groom's gift to the bridesmaid was a handsome gold pin, set with pearls, to the groomsmen, a pair of gold cuff links and to the pianist gold cuff links.

After the ceremony the guests were ushered to the dining room where a dainty lunch was served, the guests numbering about forty. After the luncheon the happy couple left for Toronto and other points, the bride travelling in a navy turtleneck suit with hat to match. Upon their return they will reside upon a farm near Bath, where the groom is a prosperous young farmer. The beautiful gifts show the high esteem in which the young couple are held.

### Farmer's Son Killed By Falling Into Pit

The twelve-year-old and only son of Zara Reynolds, a farmer living between Verona and Bellbrook, met death on Monday afternoon by falling into an old, fetid pit while going for the cows. The pit was about twenty feet deep and contained four feet of water. The lad was killed by the fall. When he failed to return home early in the evening a search party was organized, and at eleven o'clock at night the body was found with the aid of lanterns.

### KINGSTON FRIENDS PLEASED.

Over Appointment of H. H. Ward as Deputy Minister of Labor.

A despatch from Ottawa announces that H. H. Ward, head clerk of the board of railway commissioners, has been appointed deputy minister of labor. It was during the Laurier administration that the board of railway commissioners was organized with the late Judge Mabey, Stratford, as the chief commissioner. The late A. J. Nixon, also of Stratford, and at that time Superintendent of the Grand Trunk Railway, at London, was appointed superintendent of the operating department of the railway commission and H. H. Ward, Stratford, who had been an able assistant to him was sent for to assume the duties of head clerk. The present premier, Rt. Hon. MacKenzie King, was at that time minister of labor in the late Laurier government. Mr. Ward carries with him much ability and many years of valuable experience to the important position which he assumes. His appointment is a popular one and will be well received by his many friends in Kingston and elsewhere throughout the Dominion.

The members of the Pembroke fire department expressed by spoken and written word with a handsome memento clock their regret at the departure of ex-Chief S. B. Blackler. Italian reservists residing in London have been notified to hold themselves in readiness for a call to the colors in the event the necessity arises. The Canadian National Exhibition is smashing all records. More than three quarters of a million people attended the first week.

### WEST FOR CHURCH UNION.

According to Rev. Dr. Wilson Who Returns From Trip.

Rev. Dr. R. J. Wilson, who was delegated by the Joint Church Union committee of the Presbyterian, Methodist and Congregational churches, to visit the principal church centres in Western Canada and give aid in the educational campaigns being launched regarding the coming formation of the United Church of Canada, arrived home Saturday. He reports that church union was meeting with the most generous support in the four western provinces, and ventures the opinion that the churches that would fail to come into the union throughout the entire west could be counted on the fingers of one hand. He was most emphatic on that point. He found that the action of the General Assembly was gratifying to a vast body of Presbyterians and also a matter of the profoundest satisfaction to the other denominations. He had met with representative groups in the four western provinces, his reception being extremely cordial. They were arranging among themselves to carry on a programme of education. At present they were holding joint public meetings of the churches concerned in Manitoba and Saskatchewan, with the object of bringing people together for the spiritual discussion of church union.

PICKED UP DISABLED SHIP. ADDED DISTINCTION.  
Buffalo Vacationists Out on Deep in Small Launch.  
At about three o'clock Sunday morning, Capt. McShaw, of the steamer Jeska, Kingston, wearing a boat making signals of distress about twelve miles off the Ducks. He headed over to her and found her to be a small launch manned by three Buffalo vacationists, whose engine had broken down, while on the way to Sodus Point from Kingston and who had resigned themselves to spending the remainder of the week kicking their heels in the middle of Lake Ontario in a thirty-foot boat about ten miles from the usual track of ships—a not particularly pleasant situation especially should a storm blow up. The Americans had every opportunity of witnessing the courtesy and seamanship qualities of Kingston sailors. Capt. McShaw not only gave them a tow into Kingston, but also a free berth in his ship and treated them with every degree of consideration. The crew of the steamer Jeska, who effected the rescue, were Capt. McShaw, John Murphy, John Lobb, Charley Lawson, Alex. Graham, Reginald Colvard and George Smith, all of Kingston.

Gained by the Author of Our Weekly Poultry Lessons.  
At Ottawa, Prof. F. C. Elford was last week, elected president of the American Association of instructors and investigators of poultry husbandry.  
This internationally famous association is comprised entirely of distinguished men who are engaged in educational work in connection with poultry; particularly those connected with the agricultural college in Canada and the United States. Therefore, this distinction gained by Prof. Elford is all the more coveted and is a fitting tribute to his splendid educational work in connection with the industry.
