### FOOD BEGGED BY REFUGEES

(Continued from Page 1.)

**More Encouraging Outlook.** London, Sept. 6. A more encouraging outlook on the situation in Japan was received today at the foreign office from the British consul at Kobe.

The consul's message said that two persons, who had walked from Tokio to Yokohama, confirmed the reports of the enormous destruction in the latter city, but their account of the situation in regard to foreigners in Tokio was encouraging.

British eye witnesses state that damage to the central and official business districts in Tokio is not so great as was at first believed, and it now seems possible that the British embassy building and the consulates in the capital city may have been spared.

A despatch received here from a British naval officer in Yokohama states that all foreign residents in Tokio escaped, but that seventy were killed in Yokohama.

**Disaster Unspeakable.** Iwaki wireless station, Japan, Sept. 6. — A courier, returning today from Tokio, described the disaster there as unspeakable. The city, he said, was three-fourths burned.

On ponds in the parks he found charred unidentified bodies floating "like fishes". The buildings were reduced to ashes except iron frames and brick pillars.

Sufferers were gathered in public squares and parks, lying under sheets on mats, living on scanty food supplied by the authorities. The army was restoring means of communication.

#### DELIVERY DOUBTFUL.

Toronto Ready to Buy Alberta Coal at \$11 a Ton.

Toronto, Sept. 6.—Mayor Maguire announced following a conference with representatives of the Alberta Coal Company, which offered to sell coal to the city at \$11 per ton, f.o.b., Toronto, that the board of control were in favor of the purchase of several thousand tons, provided the company could guarantee prompt delivery, and that the quality would be up to representation. On the latter point the representatives of the company could give positive assurances, but on the matter of delivery they were not so sanguine, and asked for a few days' grace to enable them to consult the railway companies. The greatest difficulty in the way of prompt and rapid delivery was the shortage of cars. A further conference will be held in a few days.

#### BRANSBY WILLIAMS TO ADDRESS ROTARY CLUB

British Rotarian to Address Local Club At Noon On Monday.

The Kingston Rotary Club will have a most distinguished guest and speaker at a special luncheon to be held at the British-American hotel at 12.15 (noon) on Monday, in the person of Bransby Williams, a British Rotarian, who appears at the Grand Opera House on the evening of the same date, with his all-English company in "David Copperfield."

It is of interest to note that in Great Britain, Mr. Williams is known as "The Link" and "The British Ambassador of Rotary," and he will address the various Rotary Clubs while on his trip through Canada. Mr. Williams carries with him the good-will of all the British Rotarians and he will have an important message for the members of the Kingston Club on the occasion of his visit here. He will be given a warm welcome by the members.

Outside of his professional duties, Mr. Williams has found time to carry on good work among the schools and prisons, and in many ways promoting the industrial welfare scheme. Mr. Williams addressed forty-four Rotary clubs in Great Britain.

In order to have Mr. Williams as their guest and speaker, the Kingston Rotary club has called off the usual weekly luncheon on Friday and will meet on Monday. A special call is being sent out for a full attendance of the members to hear Mr. Williams.

#### CHEESE UP AGAIN.

Sells For 23 9-16 Cents on the Frontenac Board.

Cheese sold at 23 9-16 cents Thursday on the Frontenac Cheese Board. John Gibson bought Artisan, Glenburnie and Model, and R. Hamilton took Verona. Edward Briscoe, president, took the bids.

George Thompson, Napanee, stated that the output of the factories in his neighborhood was holding up as a result of the good rainfall, and it was estimated that this year would see an average production.

**Kennebec Resident Acquitted.** James Parks, a resident of Kennebec, charged before Justices of the Peace Allison and Cannon with a breach of the Ontario Temperance Act, was acquitted Thursday morning. C. R. Webster prosecuted the case, and W. S. Herrington, Napanee, defended the accused. There was a similar charge against a second party, but it was withdrawn.
