What the Press Agents Say About Coming Attractions

THE "ORIGINALS"
IN "RAPID FIRE"
Canada's original and genuine Third Division entertainers, who have taken the unique title of the "Originals," will be the attraction at the Grand Opera House tonight at 8.15 and tomorrow matinee and night in an entirely new and spectacular revue called "Rapid Fire" with all the old favorites who de-

LEONARD YOUNG
The famous "Duchess," who is now managing director of the "Originals" (3rd Division C.E.F. artists), at the Grand in "Rapid Fire," to-night and Saturday.

lighted local audiences for the past four years, including the noted character comedian "Red" Newman, Arthur (Jock) Holland, Jimmie Goode, Alan Murray and the same great cast of "Full O' Pep" which made a decided hit last season. The new 1924 revue has already created a sensation in all the larger towns and cities and bid fair to make the most popular hit of all overseas revues for pep and clean, wholesome entertainment.

Every theatregoer in Canada knows who the Originals are. The Company includes in its roster of names fifteen old favorites from the Original Dumbell organization, with some new stars of high entertaining qualities. There are 25 new and brilliant items including concerted single and double numbers, skits and sketches, in fact every kind of entertainment imaginable is in the new show and run off with the characteristic celerity which is widely recognized as the distinguishing mark of this famous Company.

Two magnificent new curtains have been imported from England this season especially for the new show. One, a jewelled curtain containing many thousands of small brilliant jewels, and another silver curtain are among the many settings and outstanding features of "Rapid Fire." Ten gorgeous new scenic settings and several elaborate new draperies of red, blue and gold are used with exceptional care in the different numbers of the revue.

BRANSBY WILLIAMS IS A MASTER OF MAKE-UP.
Mr. Bransby Williams, the eminent British actor who is to appear at the Grand Opera House on Monday, Sept. 10th, with his all-English company in Dickens' masterpiece, "David Copperfield," has from his very early days been well-known for his wonderful make-ups and disguises, and in his one-man entertainment for so many years, has become famous. He has carried that great gift of make-up into his production of "David Copperfield," in which he plays both the characters of "Mr. Micawber" and "Dan'l Peggerty." In these two parts his own identity is absolutely lost; there is not a point or mannerism, or feature of his personality peering through either of these most dissimilar characters.

In the North of England, recently, a man witnessed a performance he did not buy a programme—he understood that Mr. Williams played Micawber—meeting Mr. Williams in the street the next day, he said, in his North country dialect, "Ah, your performance of Micawber is grand, but keep your eye on the chap as is playing Peggerty; he's as good as thee."

STRAND SHOWS FILMS IN A RICH VARIETY.
Variety describes it! Take a feature with a story full of hints for leap year, a comedy with a comedian who has a way of his own, a film describing the adventures of two boys in the wilds, and a news reel which depicts doings in Canada and abroad, and you have a programme marked by variety. And it is presented at the Strand this evening and tomorrow. The feature itself is Agnes Ayres in "The Heart Raider," a Paramount picture. The story is alive with action, and members of both sexes follow it with intense interest, for it shows the way of a woman bent on getting a certain man. "I landed him, gaddie," she exclaims, after she has won the victory, but her adventures en route hold the audience spellbound. Agnes Ayres is supported by Mahlon Hamilton, a player whose power and popularity grow. The comedy? Why, it's Bobby Vernon in "Second Childhood."

We need say no more about this. All who go to see Bobby expect a good laugh, and get it. Then there's "A Day in the Wilds," a reel of Bill and Bob's adventures in the country. This is a treat for the boys and girls. Finally there is Pathe News with its glimpse of life throughout the Dominion and

the world. 'Tis just the programme to finish up the week well.

Hollywood Film Masterpiece.
Showing Hollywood, Cal., the capital of filmdom, as it really is, not as it is sometimes painted, is one of the features of the James Cruze Paramount picture, "Hollywood," now playing at the Allen theatre. Frank Condon, who wrote the short story from which the picture was adapted, lives in and knows Hollywood intimately. James Cruze, the director, lives in and is familiar with every phrase of the community and studio life. Joel Whitaker is ordered west for his health. His granddaughter Angela, comes with him to seek a place in the films, having been certain that she will be a howling success and a star. Later on, all the family come to California and all get into the films except Angela who never gets a chance. One of the features—perhaps the greatest—is seeing all the famous screen folk in one film. Another is the opportunity of seeing the famous places in and about the western film capital.

ARRANGEMENTS FOR HORTICULTURAL SHOW
Event To Be Held in New Curling Rink Next Week.

At a meeting of the directors of the Kingston Horticultural Society held Thursday night, final arrangements were made for the exhibition on Tuesday and Wednesday next, Sept. 11th and 12th in the new curling rink, Clergy street west. The directors are looking forward to one of the old-time exhibitions. Rockwood Hospital and the penitentiary are expected to have attractive displays. It was decided to have an exhibition for each evening of the ex-

hibitions. The display of flowers from the seeds distributed by the society to the children of the public and separate schools promises to be large. Ample provision is being made for this interesting competition. The seeds supplied to the children were asters, cosmos and zinnias. Ten prizes are offered in each, from two dollars down to fifty cents, which should encourage the children to do their very best. This branch of the exhibition should commend itself to the public, as the society is financing the children's competition entirely.

The following judges were appointed:
Fruit—C. W. Neville, Kingston.
Vegetables—J. Heaton, Cataraqui.
Plants and flowers—E. K. Purdy, Cataraqui.

Mr. Purdy will also judge the school children's competition, with the assistance of another expert. The curling rink is being put in shape for the exhibition. Long tables stretch the length of the building. All that remains to be done is the arranging of the exhibits, which will be placed on Tuesday morning. Entries are already coming in to Secretary McLean, 91 Clarence street.

Generous support should be given the Horticultural Society in their efforts. It is surely a worthy object to instill into the minds of our boys and girls the idea of beauty and productivity. If the citizens want the society to continue in this good work their support is necessary, and the society has no funds other than a small annual grant from the government, which is regulated according to the strength of the membership and the amount expended for purely horticultural purposes.

SPORTING NEWS
(Continued from page 3.)

Limestone Rugby Team.
The candidates for the Limestone rugby team will start their grind in earnest at the practice which Major "Vic" Williams has ordered for Saturday afternoon at 2 o'clock. All last year's regulars are expected to appear at the cricket field and a number of promising recruits are also expected to turn out. With the baseball season now over, all interest has centered on rugby, and although several prospective players have been held up by their work it is hoped that they will be able to put in an appearance in the near future.

There is nothing like an early start in any sport, but especially in rugby, where condition is one of the most important assets of the players, and therefore no effort will be spared in getting the team into shape for the fall grind.

Has Prize Dog Winners.
J. E. Brunett, proprietor of the Limestone Kennels, Reids, who resides at 30 Alma street, has just returned from Toronto Exhibition, bringing with him Limestone Lily, nine and one half months old, who carried off four first prizes, one second, and was reserve winner in a class of thirteen. Another dog raised by Mr. Brunett, Limestone Garry-ton, now owned by Fred Cole, Toronto, carried off six firsts, one second, and was reserve winner in a class of seven.

Mr. Brunett's dogs are bull terriers and he is becoming noted for them wherever dog fanciers gather.

from M. B. DuMague, secretary of the O.B.A.A. The telegram was the answer to the protest entered by the Kingston executive against the Picton baseball club as a result of the latter team having no amateur cards for their players in the recent semi-final series. The city league officials are awaiting more particulars from the O.B.A.A. before a discussion will take place of the matter.

In the meantime, the fans in this district are indignant over the action of the O.B.A.A. pointing to the disqualification of Oshawa as a result of Belleville's protest on the grounds that only one of the Oshawa players was ineligible. In this case, every Picton player is ineligible.

Tweed vs. Brockville.
Umpires Stanley Trotter and George Sullivan of Kingston will be in Brockville tomorrow to officiate at the playoff game between the Brockville and Tweed intermediates. Both teams are strong ones. The second game is set for Wednesday next at Tweed.

Sydenham at Picton.
The Sydenham team travelled to Picton this morning for the first game of their playoff with that squad. The second game will be on Tuesday next at Sydenham.

Druggist Who Sold Tobacco And Candy on Sunday Also Fined.

In police court on Friday morning two drivers who tried to burn up the pavements were fined \$10 and costs each, while three other drivers who were minus their markers, were fined \$2 and costs each.
