Baby Cutting Teeth Was Very Sick With Diarrhoea

When the baby starts to cut its teeth, especially during the hot weather, then is the time that the poor mother is under the stress and strain of great anxiety.

There is no remedy so safe and effective for the teething complaints of infants, as is Dr. Fowler's Extract of Wild Strawberry, no remedy that has had the endorsement of so many Canadian mothers during the past 75 years it has been on the market.

Mrs. C. W. Myers, Clonwilliam, Man., writes:—"My baby girl was very sick with diarrhoea when she was cutting her teeth. I tried several different remedies, but nothing did her any good. She was getting worse when my mother sent me out a bottle of Dr. Fowler's Extract of Wild Strawberry. I gave her a few doses and the next day she was much better, and in a couple more days she was as well as ever."

Now, I always keep 'Dr. Fowler's' in the house and recommend it to all those troubled with diarrhoea."

The appearance of the one man street-cars is awaited with interest by patrons of the street railway. It will require another two weeks before the two cars are ready to start operations.

Awarded Colonial Medal.
Recent militia orders state that Capt. E. W. Skinner, Kingston, attached to the Queen's University Officers' Training Corps, has been awarded the Colonial auxiliary forces' long service medal.

Eclipse Inevitable.
Many residents of Kingston desired to see the partial eclipse of the sun on Monday but although it was scheduled to appear at 2.30 and reach the maximum at 4.54 p.m., the cloudy sky prevented a glimpse of the sun, during the whole of the afternoon.

Rummage Sale.
Will friends of Hotel Dieu Hospital kindly send donations of any kind to the British American Hotel on Wednesday, Sept. 12th, for the big rummage sale to be held there Thursday, Sept. 13th, 9:30 a.m., under the auspices of the Ladies' Auxiliary of Hotel Dieu?

The Rumors Flew.
The bulletin boards were watched with great interest on Monday owing to the many rumors flying around the city concerning the escape of the convicts at Portsmouth. Many and varied were the "stories" handed about and very few people knew the facts of the affair until the newspapers were on the street.

Steamboat Schedules.
Although the summer moonlight excursions are over for this year, the steamers Waubic and Brockville will continue their regular trips across to Cape Vincent and up the Bay of Quinte respectively for another month or six weeks. The steamers

Kingston and Toronto will close their schedules this week.

Motor Accidents Common.
Auto accidents are becoming rather common in Kingston, and in this respect at least, the Limestone City is copying the fashion of her larger sister cities. There are many careful drivers who still exceed the safe limit as far as speed is concerned and even with the best of brakes, accidents may not always be averted.

1922 Pumpkin on Exhibition.
Andrew Edwards had on exhibition at the horticultural show in Gananoque last week a pumpkin grown in his garden in 1922, which is still perfectly sound. Mr. Neff, of the Ontario agricultural station for this district, will use some of the seed for experimental purposes in the hope of obtaining a new and hardy variety of pumpkin.

Conferred With Premier.
Dr. O. D. Skelton, dean and professor of economics at Queen's university, was on Saturday in conference with Premier Mackenzie King at the latter's summer residence at Kingsmere. Dr. Skelton will be in attendance at the forthcoming economic conference in London in an advisory capacity on constitutional as well as matters of political economy.

Options Expired.
The latest proposal for a big hotel appears to have been definitely abandoned according to information obtained concerning the expiry on Monday of options on important properties that were to have been purchased for an hotel site. An effort was made some days ago to extend the options but in one case in particular an extension was declined and a considerable advance in price named.

Rotary Club Thanked.
At the Rotary Club luncheon held on Monday noon, a letter was received from the members of the Kingston Amputation Association, thanking the members of the club for the invitation given them to attend the recent luncheon, which was addressed by Rotarian "Tom" Bolger, Elmira, N.Y. The members of the as-

sociation enjoyed themselves to the limit.

Delta Fair Opens.
Delta Fair was officially opened on Monday. The day was given over to the receiving of entries. Tuesday and Wednesday will be the big days and some excellent horse races will be staged. Delta Fair, which was originally the Leeds county fair, is one of the oldest in the province. R. E. Green, secretary-treasurer, when speaking to the Whig, stated that until Monday morning the entries were about as large as last year.

Big Bags of Ducks.
Since the duck season opened, many reports of big bags of wild ducks have reached us. W. H. Godwin, Brock Street, recently had a successful day's shooting, bagging ten ducks, at Wolfe Island. Only black ducks are to be seen, and are so wary that only the greatest caution can bring the hunter close to his prey. George O'Brien, Wolfe Island, has a novel contrivance called a monitor. This outfit, shaped like a boat, is flat bottomed and is propelled by cats. In the centre of the monitor is an enclosure surrounded by rushes where the hunter hides.

Baseball at Inverary.
Inverary baseball team played the final game for the season with Arden, on the 7th at Inverary. The day was ideal, and the crowd was large. Arden won by 7-3. After the game, tea was served to the visiting team at the hotel. Saturday, the 15th, Gananoque and Arden play for the trophy at Inverary. This promises to be an exciting game. Thursday the 13th, the school fair will be held at Inverary. Everyone is glad to hear that Mrs. J. K. McKnight, and Miles Lake, who have been ill for so long, are improving. Mr. and Mrs. James Shepherd left for Blaine Lake, Sask., on Thursday last. Mrs. Shepherd will visit friends at Portage la Prairie. J. A. Bockwith and family visited friends in Belleville on Sunday. Miss Fredericka Ferguson is the guest of Miss Kathleen Campsall, Glenvale.
