ZOO-REARED ELK TO JOIN MAIN DUCK MENAGERIE

Claude W. Cole to Bring Large Deer North in Springtime.

A pair of elk will be added to the wild life on the main Ducks Island in Lake Ontario, next spring, by Claude W. Cole, Cape Vincent, N.Y., owner of the property. Mr. Cole already has a large herd of deer and a half dozen American bison roaming the island. He announced that he has closed negotiations for the elk, having secured a male from Buffalo and a cow from Toronto. In each case the animal came from the city zoo. The elk will be shipped in the spring while their horns are short.

Mr. Cole is arranging to add a herd of elk to his island, permitting the pair to roam the 1,125-acre tract and propagate, as has been done with the buffalo. Three years ago he purchased two buffalo cows and a bull from the Canadian park board, and has doubled the number, having a bull yearling and two calves. There is also a herd of about twenty-five deer on the island, which contains a large proportion of wooded land and is especially adapted for wild life.

From Whig Files OF TEN AND TWENTY YEARS AGO.

September 26th, 1913.
Members of the New York State Historical Society arrive in the city as guests of the local organization. Aid. Edward Bennett resigns as a member of the city council. The Frontenac Teachers' Association open their annual convention here.

The regular gym classes are resumed at the Y.M.C.A. after the summer vacation.

September 26th, 1903.
R.M.C. defeated Limestone by 19 to 5 in an exhibition rugby game, opening the local season.

A boys' club is to be organized by the W.C.T.U.

The autumn training period of the 14th Regiment is opened.

There is a great demand for real estate and rented dwellings at the present time.

ONTARIO SEPARATE SCHOOL TAXATION Subject of Pressing Interest Now, Declares Archbishop McNeill, of Toronto.

Ottawa, Sept. 23.—At the Catholic Truth Society's convention here Archbishop Neil McNeill, of Toronto, spoke on separate school taxation. Archbishop McNeill stated in opening that this was a subject of pressing interest and vitally affected the separate schools throughout Ontario. Two years ago there was some public discussion in Ontario with respect to certain claims urged on behalf of the Catholic separate schools. The discussion ceased when the government of the day announced its desire to have the claims submitted to the courts. The claims might be classed under three heads: Legislative grants to schools, the teaching of courses beyond the tenth grade, and the school taxes paid by corporations.

"We are willing," His Grace affirmed, "to have all questions coming under the first two heads submitted to the courts, but we have not agreed to go to the courts for a decision regarding school taxes. This would amount to submitting to the courts the question whether the separate schools have a right to exist at all or not, for their existence depends on the right of separate school supporters to appropriate the school taxes paid by them for their schools.

"The separate schools have not only a legal right, but a constitutional right to exist. We cannot allow this to be called a question. We cannot admit that it is matter for decision in law courts."

The separate school law of 1867, which became part of the constitution of Canada in 1867, was the basis of the right of Catholic separate schools to share more largely in the school taxes paid by corporations, he said. This law placed upon the province of Ontario the obligation to exempt every separate school supporter from the payment of all school taxes levied for the support of other schools, which was the same thing as enabling every separate school supporter to appropriate to the separate schools all the school taxes paid by him.

ALL CRAZY IN 215 YEARS.

North America Doomed, Says Billy Sunday.
St. Catharines, Sept. 23.—That every man, woman and child in Canada and the United States would be crazy in 215 years was the prediction of Billy Sunday, who took time from his evangelistic campaign in Niagara Falls, N.Y., to address an audience in St. Paul Street Methodist church here. There is no hope for the future unless the rash for gold is checked, Sunday declared. He felt quite as much at home in Canada as in the States. "I have fought the liquor forces on both sides and I find they are just as big here as there," he stated. "You worship the same God and the same Christ, and, I believe, suffer the same ills."

THE ODESSA FAIR OPENS Results of the Horse Races—Bath and Wilton Girls Play Baseball.

In spite of the showers of the morning, "Old Sol" shone forth in all his glory during Thursday afternoon, when the Odessa fair got away to a good start.

This fair, which is better known as the "World's Fair," has always been noted for its excellent horse races, and Thursday was certainly no exception, as there were two splendid races, and exceptionally fine time made in each case. The fair will not be in full swing until Friday, when all the exhibits will be in place, and the prizes will be awarded on all articles. The display of fancy-work was the best exhibit of its kind presented at any fair this season. The tables, which contained the home-made cooking, fairly groaned under their burden of good things, and the judges will certainly have to be experts in the business to pick out the best ones in each class. There was a wonderful display of apples, and the vegetables were far above the average. The art exhibit was very good.

Horse Races.
The two main items on the programme on Tuesday were the baseball game between Wilton and Bath girls, and the horse races. In the 2.25 class, "Fred Patch" owned by W. Whitty, Kingston, won the race by taking three firsts. "Directum Murphy," owned by Tom Nicholson, Kingston, won two seconds and a third. "Maude Murphy," owned by C. York, Tamworth, was third. "Nellie Murphy," owned by C. Perry, Kingston, finished fourth in two heats, and the owner asked permission to draw his horse on account of both the tires on his sulky being punctured. "Bessie Murphy," owned by Everton Smith, Enterprise, was also drawn. The green race was very exciting. "Myrtle R.," owned by M. Cochrane of Kingston, won three heats, while "Peter Range," owned by Tom Nicholson, Kingston, was second. "Peter Range" appeared on the track for the first time, and judging from his showing on Thursday, he is certainly a comer.

The races resulted as follows:
2.25 Class.
Fred Patch, G. H. Whitty, Kingston, 1-1-1; Directum Murphy, T. K. Nicholson, Kingston, 2-3-3; Meud Murphy, E. York, Tamworth, 3-3-2; Nellie Murphy, C. Perry, Kingston, 4-4-; Bessie Murphy, Everton Smith, Enterprise, 5-—.

Green Race.
Myrtle R., H. Cochrane, Kingston, 1-1-1; Peter Range, T. K. Nicholson, Kingston, 2-2-2; Forest Queen, C. Stokes, Eglburg, 3-3-4; Florrie, W. Kuttan, Bath, 4-4-3; P. Murphy, C. Thompson, 5-5—.

The following horses have been entered in the "free for all" which will take place on Friday. "Joia, the Great," "Directum Murphy," "Maude Murphy," "Fred Patch" and "Slippery F." The following will compete in the 2.25 class: "Nellie Murphy," "Myrtle R.," "Billy Murphy," "Little Goldie," "Bess Murphy," and "Am Dexter."

The judges of the races were: W. C. Lloyst, Bath, starter, George Paul, Napanee, Otis Huffman, Moscow; C. D. Brown, Bath; G. M. Lloyst, Bath.

Girls' Baseball Match.
Excitement ran at a high pitch for about an hour, when the girls' baseball teams from Bath and Wilton played a very exciting game. The final score was 2 to 5 in favor of Wilton. The winners had the better of the argument, and seemed to be able to get hits when runs were needed. There were a couple of home-runs as well as two and three-baggers. Baseball has been very popular among the girls this summer, and judging from the enthusiasm shown on Thursday, it will still be a favorite with the girls next year. The Wilton girls have an excellent, well-balanced team, and with training, Bath will give them a closer run in the future. The teams were as follows:

Wilton—L. Babcock, If; L. Peters, 3b; E. Emberly, c; A. Babcock, ss; R. Frink, ss; D. Neilson, 1b; J. Burt, 2b; H. Amelino, p; R. Newman, cf; and E. Shelby, rf.
Bath—S. Young, p; E. Daverne, If; B. Miller, 2b; H. Laidley, cf; V. Miller, rf; E. Young, c; D. Osborne, 3b; M. Keyes, ss; A. Thompson, 1b; E. Osborne, ss.

TRADE PROSPECTS GOOD.

Brighter Outlook for the Fall and Christmas.

Toronto, Sept. 23.—Without including too much optimism reports from most of the principal cities in the Dominion, which have reached the office of the Canadian Manufacturers' Association recently, indicate that on the whole the trade situation during the next six months will be better than it was last year. Lumbering, it is anticipated, will be particularly active, whilst a large number of factories report that orders have been received, such as to ensure steady work for several months ahead. A brighter outlook for the fall and Christmas trade faces the wholesale and retail trades in most cities. Reports from western centres show that the abundant harvest has had a marked effect already in stimulating activity in many directions other than agricultural.

From St. John, N.B., the report comes that the lumber trade is particularly active, with a good outlook for the winter, whilst Fredericton also reports that the factories there are operating at full time.

GANANOQUE

Sept. 27.—The purchase of the McDonald property by Miss Rebecca Edwards has been confirmed. Miss Edwards, who has made a big success of "Quorn" house for the past couple of years, found same inadequate to meet the demands for accommodation, hence the purchase of this beautiful property known as "Blinkbonnie." In this purchase is included the annex, green house and gardener's home. Miss Edwards is to be congratulated upon her enterprising venture, which will mean a great deal to Gananoque and vicinity and will doubtless be given the co-operation of the public generally in making it a success. It is understood that with the assistance of her sister, Mrs. Taylor, both places will be operated, and besides summer hotel proposition it will also include market gardening and a green house.

Edward Delaney has entered Queen's as an Arts student and will make a specialty of commerce.

Mrs. James McFarland, Toronto, is in town closing her summer home on Tremont, which has been occupied by Dr. S. W. Dyde, of Queen's.

Frank LaQue has resumed his studies at Queen's.

Mr. and Mrs. James McMillan, Ottawa, are expected in town today.

Mrs. Ford Peitch and children, motored to Rome and Utica, N. Y., to spend a few days with friends.

Miss Charlotte Alliston, R.N., Brooklyn, is spending a few days here the guest of Mrs. James Soles en route to Quebec.

Miss Helen Poley is visiting friends in Schenectady, N.Y.

W. G. Rogers and party motored to Brockville yesterday.

Wyman Mullin has returned from Ottawa where he was called last Sunday owing to the serious illness of his mother who passed away that day.

Miss Mayne Brennan and her staff of the Bell Telephone Company consisting of Misses K. Brennan, Ella Phillips, Hyacinthe, Sophie and G. Pergau, motored Brockville last evening to attend a farewell evening given by the commercial and plant department of the Bell Telephone Company of that town in honor of W. J. Peeling, district plant superintendent, for Eastern Ontario, who is leaving Oct. 1st to enter the head office at Montreal.

Mr. and Mrs. W. Sweet of Lyndhurst were in town in attendance at the funeral of Dorothy Kelly, which took place yesterday afternoon.

Mrs. P. Conlin motored to Brockville on Wednesday afternoon and spent a few hours with friends.

Mrs. F. H. Lutz, Miss Jean, Mrs. Harold McCarney and Miss Josephine Ford motored to Kingston yesterday afternoon.

Mrs. A. C. Hudspeth spent yesterday with friends in Kingston.

Miss Violet Britton is visiting her sister Mrs. Harry Barnes in Ottawa. Mrs. William Gardner, who has been visiting friends here for the past couple of weeks returned to her home in Syracuse yesterday.

The Reverend Sisters of St. John's convent will take up residence in a few days at the Belle home on Market street.

Cheese Industry Report.
At a meeting of the Frontenac Cheese Board, on Thursday, William Pillar, secretary, read a communication from Dr. Riddick, stating that the report of the dairy commission,
