Pictou, Oct. 4.—On Wednesday morning, at about 11 o'clock a fire alarm was given from the house of Mr. Jones on Union street. The firemen spent considerable time in searching for the truck, which it seemed had been moved from its original resting place. Hence a large number of people who had gathered at the corner of Main and Centre streets to see the truck round it on two wheels was disappointed. The fire proved to be a false alarm, anyway.

The Clock—And The Classified Ads

What is the relation that exists between them? Well, the clock measures time and the classified ads save time.

Also, the clock is indexed to make possible the measuring of time, and the A-B-C Classified Section is indexed—both alphabetically and numerically—to make possible the saving of time. Both are indexed so you may find out instantly what you want to know when you consult them.

And both the clock and the classified ads have become absolute necessities to the high speed of this modern age. Consult both your clock and the A-B-C Classified Section and you will be for time whenever opportunity calls.

THE A-B-C CLASSIFIED ADS ALWAYS THE SAME—IN SERVICE ALWAYS DIFFERENT—IN OPPORTUNITY
