

McKAY'S FURS
FUR SKINS, LIKE DIAMONDS
 HAVE AN INDIVIDUAL VALUE

Each single Fur Skin is carefully examined and appraised, graded and sorted, before purchase.

For instance, Raccoon Skins will run from 50c. to \$8.00 per skin. Mink Skins will run from 25c. to \$15 per skin. This applies to all Fur Skins whatever they may be. This is what regulates the price of the finished article.

Many Furriers purchase only the cheaper grades of Furs. They call a spade a spade no matter what they have to sell and the Public pays.

Be sure of your Furrier! Reputation counts! In this store Furs are called by their right name. The customer is advised as to wearing qualities and service expected, and all goods marked in plain figures.

Rotary Club Activities.

The weekly luncheon of the Kingston Rotary Club will be held in the British-American hotel at 12:30 (noon) on Friday, when Dr. A. P. Knight will be the speaker. His subject will be "The Lobster Industry of Canada," and the address will be illustrated by lantern slides. Dr. Knight is an authority on the lobster industry, and the members of the club are assured of a most interesting and instructive address.

The monthly business meeting of the club will be held on Friday evening, Oct. 26th, at six o'clock, and at this meeting the chairman of each committee will be called upon to give a written report, covering the work done by his committee. At this meeting the proposed new by-laws will also be under discussion.

Secretary Roy Ward has received a letter from District Governor Edwin Weeks, in which he expresses his warm appreciation of the reception and courtesy shown himself and Mrs. Weeks and also Rotarian J. Ballard and Mrs. Ballard, on the occasion of their recent visit to Kingston.

The S. O. S. call has been sent out for a hundred per cent. attendance at Friday's luncheon. The attendance contest with the Brookville club is on and the local club would like very much to carry off the honors, so it is up to each member to do his part.

**WAR ON NOISY AUTOS;
 A DRIVER SUMMONED**

But the Magistrate Allowed Him to Go With a Warning.

The police have started a crusade against noisy automobiles. There are a number of noisy cars in the city and while citizens generally do not like to complain, they do not like the noise made by many cars, and they will be pleased at the action of the police.

Sunday night a young man drove along Princess street and the noise made was awful. Constable William Fitzgerald got after him, and as a result the driver of the car was haled to the police court on Thursday morning. The accused explained to the magistrate that something went wrong with his muffler, and that this was the reason for all the noise. The magistrate told him to look after muffler in the future, and he was allowed to go with a warning.

HOME AND SCHOOL CLUB

Of the Robert Meek School met on Tuesday.

The Home and School Club of the Robert Meek school met on Tuesday evening at eight o'clock in the assembly hall of the school. There was a large attendance. Mrs. Godwin, president, occupied the chair in a very able manner, and by her seal and enthusiasm, added interest to the meeting.

The meeting was opened by repeating the Lord's prayer and then the minutes of the last meeting were approved. It was decided to purchase Bibles for the senior classes in the school, to send \$5 to the Japanese relief fund, and to pay for the renting of siders for the lantern. It was also decided to hold a tea and sale on the evening of Nov. 9th.

After the business meeting, a very delightful programme was given by Mrs. Crawford, Miss Pringle, Miss Phillips and the Misses Kerahaw. Refreshments were then served by Mrs. Cain and her assistants. During the evening the audience enjoyed selections on the school gramophone.

Burial of William Burton.

The remains of the late William Burton arrived in Kingston on Wednesday, and the funeral took place from James Reid's undertaking parlors to Catawagui cemetery at 2 p.m. Rev. Dr. MacGillivray officiated and after the religious service a Masonic service was held under the auspices of The Ancient St. Johns Lodge No. 3 A.F. and A.M. There was a very large attendance of Masons from the 14th Masonic district, and relatives and friends of the deceased. The casket was banked with beautiful flowers testifying to the esteem in which the deceased was held.

Arrested A Boy.

An eight-year-old boy took French leave from the Orphans' Home several days ago. It was learned that he was staying at a home in the city, and the agent of the Children's Aid Society had a warrant taken out for arrest of the youngster, and he was gathered in by the police. It is stated that the lad has been causing a great deal of trouble.

To Attend Convention.

A. E. Welch, who is the president of the London, Ont. Chinese-Christian Association, will be the London representative of that body and on St. Andrew's Presbyterian Church at the annual convention of the Chinese workers in Eastern Canada, which is to take place at Kingston next month.

At the Brockville General Hospital the death occurred on Wednesday of a popular young resident of Easton's Corners in the person of Clara Rickett, wife of Elwood MacTavish, who had been ill for several months. The late Mrs. MacTavish was born at Greenbush and resided there until her marriage about eighteen months ago, when she went to Easton's Corners.

ERECTING THE ROOF.

On the New Bank of Montreal Building.

The roof of the new Bank of Montreal building on King street, opposite the Whig office, will be completed by Tuesday next. Once the roof is finished the men who are to do the plastering can rush their work along. It is stated that the contractors will have the building ready for opening by the first of the year. On account of the delay in the arrival of the cut stone, the work has been held up for some time but the stone was all in place Thursday morning.

The new building will be absolutely fire proof. The fixtures and doors will be the only wood used in the new building. The inside is already for the plasterers.

The large coat-of-arms of the Bank of Montreal, which has been placed on the top of the building over the main entrance on King street, is one of the finest pieces of cut stone seen in Kingston. The stone was brought to the city in the raw state and the John V. Gray Construction Company contractors, had a sculptor by the name of Dawson come up from Montreal to cut the stone. The coat-of-arms is nine by six feet.

A Terrent, the superintendent in charge, is to be congratulated on the manner in which he has rushed the work along.

SEEKING THE IDENTITY.

Of Woman Whose Body Was Found at Toronto.

The Toronto police have not yet been able to identify the woman found in Toronto Bay, on Sept. 27th, with a .22 calibre bullet in her head. The body, which had been in the water for two or three weeks, was decomposed.

The local police have received a circular letter from the Toronto police about the dead woman who it was thought was murdered and thrown into the lake, to cover up the crime. The woman is described as being between thirty-five and forty years of age, five feet tall, of stout build, and weighing about 135 pounds. Her hair is given as dark brown, eyes blue, small nose, short neck and small feet. When found she was wearing a blue taffeta dress, adorned with small beads, plain brown underskirt and white canvas shoes.

Hunters Assured Success.

It means much to prospective hunters, whether travelling in a party or alone, to be put in direct touch with the best location for their particular choice of game and with outfitters and guides at the going-in point, with whom satisfactory arrangements can be made beforehand, a hunting trip cannot be other than successful under these conditions. The Canadian Pacific Railway offers this service to anyone who contemplates a hunting trip anywhere, either in Ontario, Quebec, New Brunswick, or in the Rockies for mountain game. Any of its agents will gladly secure this information, or an inquiry addressed to W. Fulton, district passenger agent, Toronto, will be given immediate and careful attention. A folder "Open Seasons for Hunting in Canada, 1923" will also be forwarded.

For Fire Prevention.

The Whig has received from J. Grove Smith, dominion fire commissioner, who addressed the Rotary Club last Friday, a number of pamphlets, illustrated with timely pictures of fire disasters and each containing something in the way of a story from which a moral is drawn. These pamphlets were given out especially for "Fire Prevention Week," and an appeal is made for everyone to look over their home to see if anything is left undone which might prevent fires.

Bank Clearings.

The bank clearings at Kingston for the week ending October 11th, 1923, were \$753,809.31; corresponding week last year, \$679,077.82.

The steamer City of Ottawa arrived from Hamilton and Toronto on Thursday and cleared with package for Montreal.

The steamer Brantford arrived from Oswego on Wednesday afternoon and is unloading at Crawford's wharf.

The steamer City of Hamilton arrived from Montreal on Thursday and cleared for Toronto.

Planning for Convention.

The Board of Education is planning for the convention of the Urban Trustees' Association to be held here on February 26th to 29th, 1924. J. G. Elliott has been elected chairman of the committee of arrangement. The other chairmen are Finance, T. G. Bishop; hotels, J. H. Cooke; banquets, L. T. Best; reception and entertainment, H. W. Campbell; transportation, H. D. Wightman. All the members of the board are assigned as committeemen.

Judgment Reserved.

At Belleville before Judge Droche the action of John B. Fletcher, Demerston, to set aside the transfer of a motor car by Mrs. Malsie Green to her father, M. B. Spafford, and to lay the motor open to seizure by the sheriff was heard. This arose out of the action of the same plaintiff in 1922 against Malsie Green, in which he secured judgment. The county judge reserved decision.

False Happiness renders man stern and proud, and that happiness is never communicated. True happiness renders them kind and sensible, and that happiness is always shared. Sloth makes all things difficult, but industry all easy, and he who rises late must trot all day, and scarce overtake his business at night.

Mullin's Real Estate News
