### BY-LAWS CONSIDERED AT THE ROTARY CLUB

Dr. W. T. Grenfell to Be Speaker at Next Week's Event.

There was no special speaker at Friday's luncheon of the Kingston Rotary Club at the British-American hotel, but the members had a fine gathering and following a "snappy sing-song," spent some time going over the constitution and the by-laws.

President Leman A. Guild presided, and there was a bang-up attendance of thirty-nine out of forty-one members. F. Taylor, the newly-appointed superintendent of the Kingston General Hospital, was introduced as a guest during roll call, and Andrew La Telle, the popular manager of the Jane Hastings Stock Company, playing at the Grand Opera House, was introduced as a new member, and given a most enthusiastic welcome.

Quite a stir was created when a member called upon the president to "spot" all the members who did not attend a church service last Sunday. A half-dozen or so had to admit that they did not go to church and were called upon to sing, "Work For The Night Is Coming," but the members could not strike the right key, and as there was no help given them, the song had to go by the board. Some person suggested that they sing, "Yes, We Have No Bananas," but even this popular song did not appeal to the "bunch," so the matter was allowed to drop.

The usual "sing-song" conducted by all the club members went over with the usual swing, and was a pleasant feature of the luncheon.

It has been decided to hold the dinner for Dr. Wilfrid T. Grenfell at the Y.M.C.A. on Friday evening next, Nov. 16th, at 6.30 o'clock. Members of the Kingston and Gananoque Canadian clubs will be guests, with their ladies, as the event will be observed as "Ladies' Night." Dr. Grenfell will speak on "Labrador, Its Present and Future Possibilities."

### GOOD RED BLOOD A REAL NERVE TONIC

Weak, Watery Blood the Source of All Nervousness.

"If people would attend to their blood, instead of worrying themselves ill," said an eminent nerve specialist, "we doctors would not see our consulting rooms crowded with nervous wrecks. More people suffer from worry than anything else."

The sort of thing the specialist spoke of is the nervous, rundown condition caused by overwork and the many anxieties of to-day. Sufferers find themselves tired, listless and unable to keep their minds on anything. Any sudden noise hurts them like a blow. They are full of groundless fears, do not sleep well at night. Headaches and other nerve pains are part of the misery, and all comes from starved nerves. Doctoring the nerves with poisonous sedatives is a terrible mistake. The only real nerve tonic is a good supply of rich, red blood. Therefore to relieve nervousness and run-down health Dr. Williams' Pink Pills should be taken. These pills enrich the blood, which tones the nerves, improves the appetite, gives new strength and spirits, and makes hitherto despondent people bright and cheerful. If you are at all "out of sorts" you should begin taking Dr. Williams' Pink Pills.

You can get these pills through any dealer in medicine, or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

### McADOO IS SEEKING A PARTY NOMINATION

Wilson's Son-in-law to Announce His Desire to Be Democratic Candidate.

Washington, Nov. 10.—William Gibbs McAdoo, former secretary of the treasury, and son-in-law of Woodrow Wilson, will announce his candidacy for president at an assembly of his friends and admirers at his California home, in the near future.

Mr. McAdoo has been in Washington for more than a week, forgoing his political cronies, laying plans for his contest for the nomination, and explaining that, while he is a candidate for the honor, he is not ready to say so right out loud. At the end of this week, however,

Mr. and Mrs. McAdoo—who has been visiting her father—will leave for California, where the formal announcement of the McAdoo aspiration to presidential honors will be staged.

That Mr. McAdoo is a candidate and a formidable contender for the leadership of his party in the 1924 election has been recognized for months, and his formal announcement will not illuminate the situation particularly.

Mr. McAdoo is going to be an active and aggressive and avowed candidate, even if his father-in-law does not warm to his candidacy any more than in 1920.

### Beachburg Captures Honors For Renfrew Junior Orators

Renfrew, Nov. 10.—Following the rural school fairs in Renfrew county there is a contest for a silver cup among those winning first prizes in public speaking at the different fairs. The cup is known as the Austin trophy. No contest for the cup having taken place last year, there was a double contest this year, the winner for 1922 being Miss Goldie Lytle of Beachburg, and the winner for 1923 being James W. McLean of the same village and same school. There were six competitors for the 1923 cup, five girls and one boy, and eight for the 1922 cup, six girls and two boys. The speaking took place in the Memorial Hall at Cobden.

order was only recently placed by the Kingston Chapters of the Imperial Daughters of the Empire for its manufacture. However, some pieces of the memorial will be in position on Sunday for the ceremonies.

The cenotaph will be known as the "Cross of Sacrifice" and was originally designed by the great English architect and author Sir Reginald Blomfield. The cross will be 14 feet 6 inches high and will have a base about 14 feet 8 inches wide. The whole composition will be octagonal in form. The only decorative members will be the inscription panels and a bronze sword which will be fastened to the cross at the point where the arms of the cross intersect the main shaft. The shaft proper is to be mounted on three bases which in turn rest on three steps running around the whole composition. The whole composition has a grace and satisfying strength which can only be obtained when simple basic courses are used. The Kingston cenotaph is to be identical in style with the crosses erected in France at the military cemeteries of Terlinthun and Etaples.

The cross is to be carved in Canadian light gray granite which through time will assume a whiteness which makes it particularly acceptable as a memorial medium. The bronze sword is being cast by bronze foundries in London, England.
