LARGE NUMBER OF VESSELS TO WINTER AT KINGSTON STEEL BEAMS ARE NEEDED

The Playfair, Bay, Key and Canada Steamship Lines Make Plans.

Marine men expect that a large number of lake steamers will winter in Kingston harbor this coming winter. According to a report which was received in the city this week, it was learned that a number of steamers owned and operated by the Playfair line would bring grain to Richardson's elevator and would then tie up for the winter months. It is understood that the Bay Line, which operates a large number of steamers on the lake and river St. Lawrence route has decided to winter some of its steamers in Kingston harbor. The Key boats, which for years have tied up at the foot of Johnson street during the winter months, will be back again this season. The local office of the Canada Steamship Lines, although not in a position to state the number of steamers that will come to Kingston for the winter, stated that they fully expect that a large number will tie up here.

It is very important that a large number of steamers spend the winter months in Kingston harbor as it means a great deal of work for the mechanics of Kingston. It is understood that some of the steamers have a lot of repair work to be done.

The captains of some of the steamers which land at Kingston find a great deal of difficulty in getting a place to tie up during the few hours that they have to stop and get supplies and in some cases a pilot. It is very important that in the near future the city decide upon building a public wharf where steamers can tie up.

Vessel Movements. The steamer Glendochart passed down. The steamer Malton passed down. The steamer Gabino passed down on Wednesday morning. The steamer Oakbay called on her trip from Montreal to Port Colborne.

Steamer Ashbay Ashore. The steamer Ashbay carrying wheat to Montreal went ashore on Tuesday night in the Brockville Narrows. The tug Frontenac and Lighter Harriet D. of the Denny Salvage and Wrecking Company, Kingston, have been sent to her assistance.

MRS. JONATHAN GOFORTH. Missionary From India Tells Of Answer to Prayer.

Mrs. Jonathan Goforth, Honan, China, who will give the addresses at the Y.W.C.A. during the week of prayer, was the speaker at the meeting held in the "Y" building on Tuesday evening. Mrs. Goforth has spent many years in China with her husband, Dr. Goforth, one of the veteran missionaries of the Presbyterian church and has interesting stories to tell of the work among the Chinese in the great eastern empire.

Her subject on Tuesday evening was that of the miraculous answer to prayer. The tendency to-day is to bring everything down to man's level, to explain away whatever might be called supernatural. But it is there, and God is the missing link between the natural and supernatural. The speaker said she meant God, the Three Persons in one God, not the God with the supernatural eliminated, as she feared was the modern deity of which our students were taught. That God did answer prayer, the prayer of the Chinese converts she knew, and gave several impressive instances. God answered the prayer of her husband's friends at home that the difficult Chinese language might be spoken by him so that he could tell the story of the cross to his people. Answer to a mother's prayer that her daughter should be given a worthy husband, and many other striking stories were listened to by those present.

Miss L. Walker presided at the piano, and the meeting was opened by Mrs. W. Jackson, the president of the Y.W.C.A. board.

ZION CHURCH BAZAAR. Dinner and Concert Held There Tuesday Evening.

A most successful bazaar was held at Zion church on Tuesday. A splendid dinner was served by the ladies and at eight o'clock a concert was given under the direction of Mrs. F. Irwin. There was a good crowd and a nice sum of money was realized.

The performers were: Soloists, Mrs. Horton, Mrs. Archibald, Mrs. Prager, Mr. Saunders and Mr. Kettle. A duet was sung by Ethel Hilbert and Stewart Salisbury. Replies were given by Mr. and Mrs. Gilbert, and a sextette by Messrs. Ashford, Little, Wright, Gilbert, Mr. Mullin and Malcolm.

Board of Trade Banquet. The Board of Trade will meet in the Frontenac Hotel on the evening of Nov. 20th, when there will be a get-together banquet at which the members of the county council and the directors of the Kingston Industrial exhibition will be the guests of the members of the board. The special speaker for the occasion will be John Elliott, manager of the Standard Bank of Canada, at Belleville.

To Keep the Floor of Brock Street Fire Station From Sinking.

At a meeting of the fire and light committee held on Tuesday afternoon, it was decided to recommend to council that steel beams be placed under the floor in No. 2 Fire Station, as the floor was sinking. This was recommended at the last meeting of council but the committee was asked to reconsider this clause of the report and ascertain if a cheaper method could be employed.

The committee also decided to do some publicity work in connection with the motor apparatus by-law, which is to be voted on by the people in the coming municipal elections. The committee is satisfied that a motor pump should be purchased.

In attendance were Aids, O'Connor, chairman; Chown, John Holder, McCartney and Richardson.

SUPREME COURT SESSIONS. One Case Was Reported Settled Out of Court.

Hon. Justice Smith is presiding at the non-jury sittings of the Supreme Court of Ontario, which opened on Tuesday afternoon. Three cases were on the docket, and one was settled out of court.

The case of J. J. Shortell et al, plaintiffs vs Eden Draper was settled out of court, and at the opening of the court the case was dismissed from the docket, without costs. In this case the plaintiffs' claim was against the defendant as endorser of a promissory note for \$1,000 and interest, Nickle and Farrell for plaintiffs and Rigney and Hickey for defendant.

During the afternoon His Lordship heard the case of Isaac Cohen & Co., plaintiffs, and J. D. Godkin, defendant. Judgment was reserved.

The plaintiffs' claim the sum of \$1,036.38, balance claimed to be due for the use and occupation of the premises, No. 290 Princess street, for twenty-three months. Cunningham and Smith, for the plaintiffs, and Rigney and Hickey for the defendant.

Mr. Cunningham, for the plaintiff, claimed that the amount asked for, was due the plaintiff by reason of the defendant occupying the said premises, after he had been notified to vacate the same.

MEETING OF W.C.T.U. Report of Provincial Convention To Treat Mowat Patients.

The monthly meeting of the W.C.T.U. was held in the Y.W.C.A. parlors on Tuesday afternoon, and was very largely attended. The devotional service was taken by Mrs. G. A. Bateman. The report of the treasurer showed that there was an increase in funds. The parlor meeting held at the home of Mrs. Brohner was very largely attended, and the committee in charge was asked to arrange for some meetings of the same kind in the very near future. It was decided to give a treat to the patients at the Mowat Memorial hospital.

Mrs. S. F. Campbell, who was the delegate to the provincial convention held the last part of October, gave a splendid report. The report was full of cheer. Mrs. Campbell stated that there were 198 societies with a membership of 11,348, and during the year the sum of \$46,358.52 was raised. She told of the increase in the work among the young people, and of the keen interest which was shown in the essay contest on "Scientific Temperance," the first prize having been won by a principal in one of the Brantford public schools. In closing her report Mrs. Campbell told of the Canadian delegation which attended the World's W.C.T.U. convention held in England. The spirit of the delegation was characterized by the yell, "Canada, Canada, Fight Shall

DOLL WEEK
