A Point To Remember

THE BEAUTIFUL EYE IS THE HEALTHY EYE
Nature may have endowed you with beautiful eyes, but there is no assurance that Nature alone will PRESERVE their beauty. In other words, it's up to you to give them such care that they will remain healthy and thus retain their beauty.
Correct lenses, properly mounted in suitable frames is the answer. All of which we can give you.

BASKETBALL GAMES.

Napanee and Belleville Had a Go on Saturday.

Napanee, Nov. 19.—On Saturday, Belleville journeyed to Napanee to play the final basketball games in the league. Both games were played in the Armouries and the citizens turned out in large numbers to witness the deciding game. It was recognized by the Napanee sports that the girls' basketball was a clean and lively game. The senior game was played first. Napanee's team showed excellent combination and the ball was soon in the hands of Napanee's forwards and the first ten-minute period ended in a score of 12 to 4 in Napanee's favor. In the second period Belleville girls played up much better than in the first and the score at the end of this period was 22 to 12. The third period was a very fast one and the game ended in a score of 34 to 16, in Napanee's favor.

The junior girls played next. Belleville's all jumping centre easily battled the ball to her forwards, who quickly shot for the basket and the score at the end of the first period was 11 to 6 in Belleville's favor. In the second period Belleville added 6 points to her score. In the last period Napanee was gaining. The Napanee centre was on hand to pass the ball to her forwards who made three goals in swift succession. The game ended in a score of 25 to 12 in Belleville's favor.

Miss Arnold, of Trenton, refereed. After the game the N.C.I. girls served refreshments to the Belleville girls and boys. The result of the senior game gives the senior cup to Napanee. This cup, which has been donated by the Belleville Rotary Club, will be presented at the Commencement Exercises of the Napanee Collegiate Institute on Dec. 28th. The Belleville High School played a game of rugby with the Napanee Collegiate Institute in the Driving Park, on Saturday afternoon last. Napanee had won in Belleville at a score of 13 to 8, but lost in Napanee by a score of 6 to 4. Napanee's line was weakened by the absence of Smith and Embury, who were on a hunting trip.

THE PROBLEM OF PACKING
Surely there is some better method than this! (The question of emigration as a means of relieving congestion in the British Isles and peopling the empty spaces of the overseas Dominions must soon be solved.)—From the London Evening News.

CALL FOR SERVICE.

Given By Rev. D. J. MacArthur, of Smith's Falls, at Chalmers Church. The call for service was strongly emphasized in the sermon preached in Chalmers church on Sunday morning by Rev. D. J. MacArthur, B.D., Smith's Falls.

"There never was a time in the history of the world when the call to young men was so urgent," said the speaker. "Give yourself to service. This is your opportunity. We cannot forget the other fellow who has not had the opportunities we have had."

The speaker told the story of Isalah, who learned that God is in all things, that He is the King and leader. Isalah realized that only God could make him what he should be.

Rev. Mr. MacArthur also occupied the pulpit of Chalmers church in the evening.

PLUCKY RAILWAY PIONEERS!

Indomitable Pluck of Three Scotsmen of Humble Origin.

Lord Shaw of Dumfermline, who visited Canada and the United States a year ago to attend the meetings of the Bar Associations of the two countries, has embodied his impressions in a sprightly book, entitled "The Law of the Kinmen." The eminent Scottish jurist radiates pleasure and happiness over his observations and experiences, and reciprocates the good-will his own personally inspired during his hurried visit. He touches lightly on problems and prospects, and is far from hearing any "Whisper of Death" brooding over this land. Instead, let us quote a paragraph on the wonderful courage of the men, for example, who carried out the construction of the Canadian Pacific Railway.

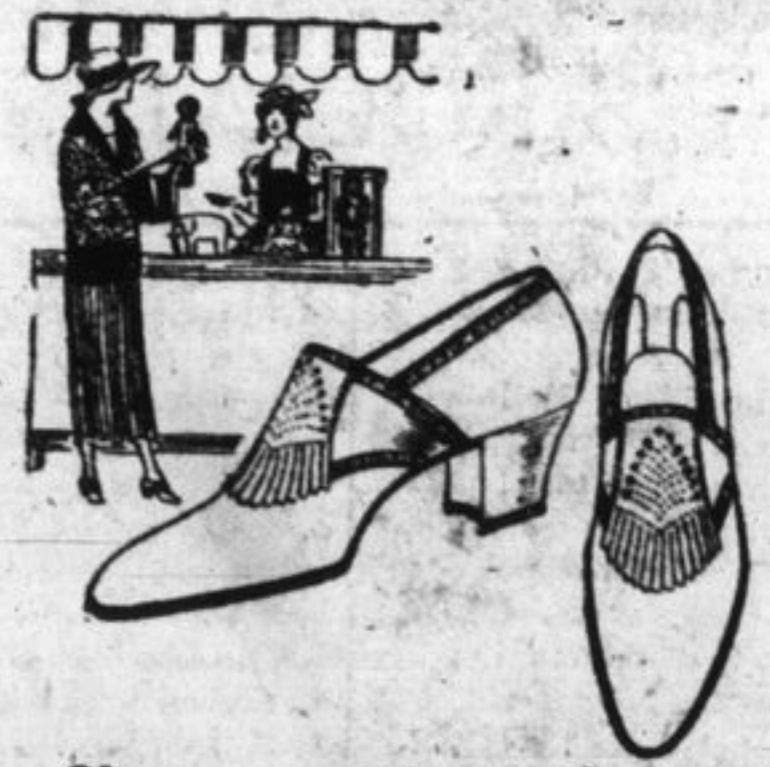

"People still tell with pride to each other the story of Strathcona and Mountstephen, and Angus; how ruin, personal ruin, the ruin of their families enterprise and dreams of hope, stared them in the face, when the vast undertaking was about to go to pieces for lack of financial aid, and when the only credit they could offer to the world was the hope and belief of three Scotsmen of humble origin, but of trustworthy character and indomitable pluck. Mountstephen among the London financiers telegraphed the impending failure of all efforts. Strathcona sent back the one-word wire, 'Craigellachie,' Angus worked sleeplessly in Montreal. Then Mountstephen, obeying the Gaelic injunction, 'stood fast,' and the situation was saved. This is how men sum up the great transaction, and they praise those pioneers in rank with Wolfe and Durham. They are less insistent upon their greatness than the Americans, and less than the Australians, and in one sense, of course, that is to the good. But they have been infected by the widespread trouble of the age—to shut up the market of opportunity. Political development has exceeded their natural growth, and they whose lack of population is their and the world's loss demand no less for import than citizens ready-made."—Toronto Globe.

Our Best Worker.

"Nowadays we can't do much with one money unit. It is cheering to read what can be done with one unit of electricity—equal to the work of one horse-power for 45 minutes. It will save a gallon of petrol, or boil two gallons of water, or make 9 lb. of ice or sterilise 2,000 gallons of drinking water, or grill fifteen cutlets, or plough 120 square yards of land to a depth of a foot, or thrash 140 sheaves of corn, or make 4 cwt. of butter, or separate the cream from 300 gallons of milk, or tie up a hundred sacks of corn. It will light up a hall 30 feet wide and 50 feet long for 25 hours, or pump 1,000 gallons of water into a tank 50 feet above the ground."

"Do not mention it" is the plea of the man afraid to be quoted.

A Pinch Hitter.

The success of Lloyd George's visit to the United States has caused England to wonder whether the former head of the Coalition Ministry can come back. Lloyd George, noted for springing surprises, has seemed to have out-Lloyd George Lloyd George. His was a triumphal procession in the United States. And the public is asking the question, what effect the American tour will have on the next British elections.—Louisville Courier Journal.
