

BETTING ALL ON QUEEN'S

Hamilton Fans Bet 2 to 1 And 8 to 5 on Tricolor.

TIGERS IN GOOD CONDITION

And Their Coaches Say They Will Give Queen's Hard Battle.

A despatch from Hamilton to-day says:

"Tigers are ready. Everything possible has been done to fit Hamilton's gridiron athletes for the great struggle to-morrow in Kingston. If Tigers fall down it certainly will not be due to lack of practice or condition."

"They have put in the most beneficial week of the season's campaign. There is not an injured player in the squad, and, therefore, there cannot be any excuses."

"Coaches Marriott and Awroy, on the eve of the tussle, announce themselves as confident the jungle kings will provide the intercollegiate champions with the greatest battle they have had in two seasons. And that, while Queen's may win, and bear out the predictions of rugby experts, the Tricolor will know they have been through sixty minutes of the hardest kind of football they have ever tackled."

"Queen's are stout favorites even in Hamilton. Odds of 2 to 1 and 8 to 5 have been offered freely locally, without a great deal of it being covered."

Not to Start in Game.

On Friday morning W. P. Hughes, coach of Queen's senior rugby team, announced that "Red" McKelvey and "Chick" Mundell would not start in the game against Hamilton Tigers at the Richardson stadium on Saturday afternoon. It is the intention of the coach to have both players in uniform so that they can enter the conflict at any minute. Gilbert McKelvey, brother of "Red" McKelvey, will replace Mundell on the half line, and Bert Alth will take McKelvey's place in the line.

Coach Hughes, when speaking to the Whig, stated that he realized that Queen's would be weakened by the loss of McKelvey and Mundell. The substitutes have had considerable experience and will give a good account of themselves, however.

The Officials.

Queen's Athletic Board of Control was notified unofficially on Friday morning that Percy Roberts, president of the C.R.U., had chosen O'Brien of Montreal as referee, Ben Simpson of Hamilton, judge of play, and Col. Constantine of Kingston as head line-man for the game on Saturday afternoon.

Seats Available.

On Friday morning the Hamilton Tigers notified Queen's authorities that one hundred and twenty-five tickets of the five hundred which were sent to Hamilton were being returned. This will mean that there will be a number of grand stand tickets available and will be on sale on Saturday morning.

It took ten tons of straw to cover the playing field at the Richardson stadium. The straw will not be taken off until a few hours before the game is due to commence.

A telephone message to the Whig office on Friday morning stated that it was pouring rain in Hamilton and the Hamilton players were anxious to hear if it was raining in Kingston.

First Degree Murder.

Pittsburgh, Pa., Nov. 23.—Lorenzo Savage, negro, known as a "hoodoo doctor," has been found guilty of first degree murder. He was tried for the murder of Miss Elsie Barthel, nurse. Savage killed the girl when she refused to pay him for a love charm.

"You Said It, Marceline!"

By MARCELINE DALROY

On "One Woman and Another."

We hear a lot
About MANKIND, but
Woman-KIND?—Well,
Not so much.

Women know a LOT
About women,
And that they don't know
They SUSPECT:

Yes, women KNOW a lot,
But there is ONE THING
They NEVER KNOW—
And that is
What it is that
Makes certain OTHER WOMEN
So attractive to MEN.

Women see A GREAT DEAL
OF EACH OTHER,
But not so much
As MEN do;

But there is one thing
Women NEVER see
ABOUT each other,
And that is—
The BEST
And the WORST!

A MAN sees in a woman
ANGEL or DEVIL—
But what a WOMAN sees
is always—
ANOTHER WOMAN!

ESCAPE FROM REFORMATORY.

Five Members of Quarry Gang Make Successful Dash.

Guelph, Nov. 23.—Guards from the Ontario Reformatory are scouring the country surrounding Guelph for five prisoners who made their escape from the institution. The inmates, Alexander Bell, Joseph Burns, Hiram Miller, Stewart Olmstead and William Patterson were all members of the quarry gang, and that the escape was well planned was shown by the boldness with which the quintette made their dash for liberty. With guards standing around supervising the work in the stone pit, the five men coolly dropped their tools and started off at a lively clip across the Reformatory grounds, and a minute later were lost in a dense wood, known as Barber's Bush, at the south end of the "farm."

SAYS KOREANS BURNED ALIVE.

Continental Badly Treated by Japs Alleged U. S. Friends.

Washington, Nov. 23.—Protest was filed with Secretary Hughes by the Friends of Korea in America, against what the society asserted was the massacre of some 500 Koreans and the imprisonment of 15,000 others during the recent earthquake and fire in Japan.

Dr. Floyd W. Tompkins, president of the society, who signed the protest, declared an eye witness, whom he named as "Captain Hedstrom, assistant dock superintendent at Yokohama, an American citizen," saw 250 Koreans "bound hand and foot in groups of five, placed on an old junk, covered with oil and burned alive."

GERMAN COMMUNIST PARTY DISSOLVED.

Berlin, Nov. 23.—General Von Seeckt, national commander of the Reichswehr, today ordered the dissolution of the German Communist party and the confiscation of its funds.

His decree also prohibited the holding of Communist meetings and the publication of Communist newspapers.

BANDITS ROB A BANK FOR THE SECOND TIME

Gag Girl Manager and Assistants and Got Away With \$8,000.

Montreal, Nov. 23.—Breaking into the branch of the Banque Nationale at St. Louis, eight miles from St. Hyacinthe, Que., early this morning, three armed, masked men, forced the girl manager to open the safe, knocked her brother, the guardian of the bank, unconscious, took over \$8,000 in cash from the safe and fled, leaving three occupants of the bank building bound and gagged.

This bank was robbed of \$11,000 several weeks ago by masked bandits.

Jewels Worth \$100,000 Missing.

Philadelphia, Nov. 23.—Valuable gems, in rare antique setting, valued at between \$75,000 and \$100,000, are missing from the home of Mrs. Alexander Van Rensselaer at Camp Hill. Jewels valued at \$250,000, the property of Mr. Van Rensselaer, were not touched, according to the police chief.

MAYORALTY CONTEST IS QUITE POSSIBLE.

It is stated that there will be a mayoralty contest. So far Ald. Charles Anglin is the only candidate who has announced himself, but it is intimated that if there is not a second candidate by tomorrow, Mayor Agrove, at the solicitation of many citizens, will offer himself for a second term.

TWO GIRLS ARE WOUNDED

As Result of Unrequited Love in London, Ont.

A YOUNG MAN SHOOTS ONE

And Policeman's Bullet Aimed At Him Fatally Hits Other Girl.

London, Ont., Nov. 23.—Two girls were wounded, one fatally, in a shooting affray at the home of Mr. and Mrs. H. W. George Cook, York street, London, early to-day.

Geraldine Durston, aged eighteen, of Watford, received two bullets in the abdomen from a gun in the hands of Clarence Topping, aged twenty-three, her sweetheart, and Viola McNaughton, aged nineteen, her chum, was pierced through the chest with a bullet from the revolver of Police Constable Walter Harpur, who was on the scene at the time and whose shot was directed toward Topping. Both girls were rushed to Victoria hospital.

Miss Durston, though wounded seriously, is expected to recover, but no hope is entertained for the recovery of Miss McNaughton. Doctors believe that the bullet may have pierced the lung. Both young ladies were given stimulants to overcome the shock as soon as they were admitted to the hospital. Topping was placed under arrest by Police Constable Harpur and removed to police headquarters. In police court this morning he was remanded for a week.

Unrequited love is said to have been the motive for Topping's act. Topping, according to Mr. and Mrs. Cook, left their house soon after two o'clock this morning after his suit had been rejected by Miss Durston. Love for another prompted her to refuse his pleadings.

TWO BROTHERS DEAD; ONE HAS DISAPPEARED

Osgoode Judge Declines to Declare Third Dead—Case for Surogate?

Toronto, Nov. 23.—The late Archibald Campbell, Lakeport, Ont., left three sons and four daughters. According to the eldest child and daughter, one son died, another was killed in the great war, and a third disappeared from the west some years ago. This daughter, in an affidavit, says that each of her three brothers had money in the office of the accountant at Osgoode Hall. The accountant reports that about \$1,400 is in his department to the credit of the brother who is said to have vanished.

Justice Wright has dismissed the motion to declare the missing one presumed dead, on the ground that the matter does not come within his jurisdiction. The suggestion is that the case is one for the surrogate court. Persons have been declared dead, after long absence, but under the insurance legislation.

The eldest sister says that she and the three others are entitled to their three brothers' shares or property, as the brothers were bachelors.

Canada Steamship Lines Require No Financing

Montreal, Nov. 23.—Advice to the effect that Canada Steamship Lines earnings for the current year were extremely unlikely to be better than those of 1922, if as large, were said in well informed circles yesterday that it would be impossible to tell at this time what the results of the season's work will be, as much depends upon the length of the period of navigation. A sudden closing or extension of the open season would prove to be to a very large extent the deciding factor in that connection. While lake freight rates this year have been lower, it is stated that dispatch has been better, which will tend to offset the rates. It was noted that the company was in need of additional funds. It is understood that the question of the resumption of dividend on the preferred shares will not be considered until after the close of the company's year.

SUSPENDED SENTENCE.

Given the Men Who Made Attack on Preacher.

Bellefonte, Nov. 23.—Percy and Reuben Chard, Norman Sane, Roy Belshaw, William Tullock and Ernest Wallace, Striling, were released on suspended sentence on \$200 bond to keep the peace, after pleading guilty this morning to assault on Rev. Elijah Bundock. This is the sequel to the tar and feathering of this clergyman recently. It was agreed that the men would pay \$100 compensation to Bundock. Magistrate Masson gave the defendants a severe lecturing.

H. J. DALY TO APPEAR TO ARRANGE HIS BAIL

President of Suspended Home Bank Will Be in Assize Court Tuesday.

Toronto, Nov. 23.—It was announced by crown authorities this morning that H. J. Daly, president of the suspended I. M. Bank, will appear personally in the assize court next Tuesday morning to have his bail of \$100,000 arranged and his trial on charges of conspiracy and with making false returns to the government under the Bank Act, traversed till the January assizes. In the meantime, Mr. Daly will be confined to St. Michael's Hospital, to which hospital he has been removed.

Have Ceased Fasting.

Dublin, Nov. 23.—The Free State government announces that fifty more Republican hunger strikers in the Irish jails have ceased fasting.

PARENSIS CLINIC ESTABLISHED HERE

Toronto, Nov. 23.—Ontario has secured a parasite specific. Trypanamide is to be made available to sufferers, and clinics are to be established at London and Kingston.

MONUMENT TO BONAR LAW.

Plan to Erect One in Native Village Rexton, N.B.

St. John, N.B., Nov. 23.—Premier P. J. Veniot, who was in the city yesterday had his attention called to the suggestion put forth by Dr. J. Clarence Webster, of Shediac, formerly of Chicago, who is a member of the Historic Sites and Monuments Board of Canada, that the people of New Brunswick should show their appreciation of Andrew Bonar Law by erecting a granite monument to his memory in his native village of Rexton, Kent county.

The premier thought the idea an excellent one and said he would support by word and deed, and asked that his subscription be taken. Dr. Webster heads the subscription list. He estimated that a splendid boulder of New Brunswick granite with suitable bronze tablet could be placed in Rexton for \$3,000 to \$4,000. He names as a committee in charge of the fund, Colonel Murray MacLaren, M.P. of this city, Premier P. J. Veniot and A. B. Carson, of Rexton.

BALDWIN EXPANDS FOOD TAX DENIAL

Would Have Considered Offer of Substantial Reciprocal Preference.

London, Nov. 23.—For Canada the most interesting statement made by Premier Baldwin in his speech at Reading was his reference to the dominions and food taxes.

"You all remember Joseph Chamberlain's proposals," he said. "There has come no offer from the dominions of preference to us dependent on the imposition of food taxes in this country. Had there been an offer of a favorable kind for the manufactures of this country, an offer which in view might have led to an enormously increased export trade, then it might have been possible to lay it before the country and say: 'On the one hand this may happen, and on the other, that may happen. Do you think it worth while making this change?' But there has been nothing of the kind, and something of the kind alone at the present time could have justified us in taking that step."

STARVING PEOPLE BURNING CASTLE

Berlin, Nov. 23.—The Silesian sky is ruddy with the glow from burning castles. Stoppage of food supplies caused the invasion of the barons' domains by starving thousands, who are carrying the torch of incendiarism through the land.

COMPERS STILL THE FOE OF MOSCOW MONSTERS

He Assaults the Hearst Campaign for Recognition of Russian Soviet.

Washington, Nov. 23.—Samuel Compers, president of the American Federation of Labor, made public a statement, last night, in which he assailed, what he termed the "campaign for recognition of Soviets," being conducted by William Randolph Hearst. In his statement Mr. Compers showed that "what he called the 'bloody monsters of Moscow'" while his attack was directed at Mr. Hearst, it was a striking denunciation of the Russian Soviet government.

Large Leaf Plants Thrive Well Under Artificial Light

New York, Nov. 23.—Artificial light as a means of hastening the maturity of plants can be used most successfully with plants with large leaf areas, experiments recently conducted by the Westinghouse Electric Manufacturing Company, Columbia University and Peter Henderson and Company, seedsmen, indicate.

The experiments carried out under the supervision of 73-year-old Julius Heinrich, veteran florist and landscape gardener, in a hothouse at Baldwin, N.Y., were said to be the most scientifically accurate so far attempted in this country.

The utility of artificial light, used when sunlight is not available, as a means of maturing plants, has been known for many years, according to horticulturists who asserted, however, that the experiments at Baldwin established the degree of utility.

Winnipeg Elections.

Candidates for Majoralty—Public Ownership Chief Issue.

Winnipeg, Nov. 23.—Keen interest has developed here in the election of Winnipeg's 1924 mayor to-day. The candidates are S. J. Farmer, mayor during the past year and seeking re-election as the candidate of the Independent-Labor party, and Robert Jacob, running under the endorsement of the Civic Association.

Both candidates are members of the Legislature, and Mr. Jacob for a short term was Attorney-General of Manitoba under the premiership of Hon. T. C. Norris.

The campaign has developed many issues: The protection of Winnipeg's publicly-owned utilities, notably the hydro-electric system; the relations of the city to the Winnipeg Electric Railway; the platform of the Independent Labor Party and Mr. Farmer's relation thereto; and the general question of public versus private ownership. Mr. Farmer advocates that the city take over the street railway system on the expiration of the present franchise in 1927, and suggests that Mr. Jacob's candidature is supported by elements which are not favorable to the development of public utilities.

Mr. Jacob declares that he would leave to the electors the solution of the street railway problem, that he would protect and develop the hydro system, and maintains that capital is kept away from Winnipeg because the city has in office as mayor one who is affiliated with the Labor party.

U.S. LOSING WHEAT TRADE

Because of the Thirty Per Cent. Tariff Imposed.

MINNEAPOLIS, Nov. 23.—Canada is rapidly succeeding United States in the wheat and flour export trade because of the bumper yields of high-grade, low cost wheat and the disadvantage confronting American millers through the 30 per cent. tariff on import wheat, James S. Craig, one of the leading millers of Great Britain, said to-day when he reached Minneapolis to attend the golden jubilee celebration of the Northwestern Miller.

Minneapolis and the United States are being left out of the export trade altogether, Mr. Craig declared.

"Canada has the desirable quality of wheat for milling purposes," Mr. Craig said, "and it can be purchased cheaply. The capacity of Canadian flour mills has grown in recent years and they are a factor in the milling industry. There is very little exporting of American flour and wheat being done proportionately."

Mr. Craig said that Scotland are disturbed by the unrest of labor. "Strikes of recent months have much to do with the conditions and there probably will be no great change until after the present elections," he said.

Want Higher Duty.

Omaha, Neb., Nov. 23.—Declaring that as long as high prices of necessities prevail as a result of duties for protection of United States manufactured goods, it is right to raise or equalize the tariff on farm products, delegates to the annual convention of the farmers' union asked in a resolution adopted late to-day that the tariff on wheat be increased 50 cent a bushel.

HE DOES NOT EXPECT LLOYD GEORGE TO WIN

Leverhulme at New York Gives View on the British Elections.

New York, Nov. 23.—Viscount Leverhulme, the British soap manufacturer, arriving here yesterday on the White Star liner Mauretius expressed the belief that while he does not expect Lloyd George to win at the coming parliamentary elections, he feels that the former British prime minister is returning to power.

Accompanied by ten members of his soap firm, Viscount Leverhulme will make a tour of the United States. After staying at the Plaza for a few days the party will go to Boston and then head west, with Australia as the final destination. They will study economic conditions.

"Lloyd George," the viscount said, "cannot carry the coming elections for parliament, in my opinion. I feel, however, that he is returning to power."

In reply to other questions, he said: "I am opposed to the high protective tariff of the United States. It is making it difficult for Great Britain to pay her debt to this country. Nevertheless, the debt shall be paid."

"In England, labor has a mistaken idea. Through a spirit of comradeship men are working only half a day. This is wrong. All men should work longer. I am not in favor, either, of the dole system, which pays small sums to men who are unemployed."

"I am also against prohibition. A sober man is the more efficient and alcohol poisons the system. But I approve letting a man see the faults of drinking and correcting himself rather than inflicting prohibition on him."

LIBERALS ECLIPSING OPPONENTS ON PLATFORM

Lloyd George Shows No Sign of Voice Fatigue—Baldwin Deficient.

London, Nov. 23.—The election has reached that stage where everything and everybody are being damned. Beasts, prophecies, denunciations, brain estimates and political back-bite—all are being flung about with abandon; with the consequence that a dense mist of uncertainty has settled over the campaign. On paper—and the platform—the Liberals are undoubtedly eclipsing their opponents. They are at a disadvantage in having no real policy of their own and in having certain clear cold facts dead against them, yet there is a skillfulness and a zest and a momentum in their speeches which catches the public imagination. Lloyd George is at his best—or worst. Showing no sign of that voice fatigue of which he complained in Canada, his phrases, imagery and epigrams pour out like red-hot lava, convulsing monster audences and giving the head-line writers in the newspapers precisely what they want.

Mr. Baldwin, on the other hand, talks like an invoice. He is hopelessly deficient in the Gladstonian gift of making figures vivid, and his lengthy arguments, while undoubtedly sound and well-reasoned, go over the heads of his audience and get decreasing space in the newspapers.

DEATH RATE OF INJURED PERSONS HAS DROPPED

By Forty Per Cent.—A Remarkable Report Issued at Ottawa.

Ottawa, Nov. 23.—The death rate among insured lives in Canada, according to the report of the superintendent of insurance, has fallen over forty per cent. in the last five years. In 1917 the rate is given as 11.1, while for 1922 it was 6.7. The first year after 1917 showed a rise to 14.1 per cent.; but since that date the reduction has been steady. The death rate last year was the same as in the year immediately previous.

The number of life insurance policies terminated by death in 1922 was 28,607.

The total number of policies exposed to risk of termination by death during the year was 4,295,163, divided as follows: Active companies, ordinary, 1,339,146 carried and 7,332 terminated by death; active companies, industrial, 2,644,914 carried, 13,103 terminated by death; assessment and fraternal societies, 232,534 carried, 2,589 terminated; non-active and retired companies, 1,089 carried, 79 terminated. The rates of termination stand, ordinary companies, 5.6; industrial companies, 6.3; assessment and fraternal societies, 11.1; and retired companies, 49.7.

Charles Dingman, Editor of the Stratford Beacon-Herald, is dead at the age of fifty-six years.

U.S. LOSING WHEAT TRADE

Because of the Thirty Per Cent. Tariff Imposed.

CANADA GETTING BENEFIT

Because of Bumper Yield of High Grade Wheat And Low Costs.

MINNEAPOLIS, Nov. 23.—Canada is rapidly succeeding United States in the wheat and flour export trade because of the bumper yields of high-grade, low cost wheat and the disadvantage confronting American millers through the 30 per cent. tariff on import wheat, James S. Craig, one of the leading millers of Great Britain, said to-day when he reached Minneapolis to attend the golden jubilee celebration of the Northwestern Miller.

Winnipeg, Nov. 23.—Keen interest has developed here in the election of Winnipeg's 1924 mayor to-day. The candidates are S. J. Farmer, mayor during the past year and seeking re-election as the candidate of the Independent-Labor party, and Robert Jacob, running under the endorsement of the Civic Association.

Both candidates are members of the Legislature, and Mr. Jacob for a short term was Attorney-General of Manitoba under the premiership of Hon. T. C. Norris.

The campaign has developed many issues: The protection of Winnipeg's publicly-owned utilities, notably the hydro-electric system; the relations of the city to the Winnipeg Electric Railway; the platform of the Independent Labor Party and Mr. Farmer's relation thereto; and the general question of public versus private ownership. Mr. Farmer advocates that the city take over the street railway system on the expiration of the present franchise in 1927, and suggests that Mr. Jacob's candidature is supported by elements which are not favorable to the development of public utilities.

Mr. Jacob declares that he would leave to the electors the solution of the street railway problem, that he would protect and develop the hydro system, and maintains that capital is kept away from Winnipeg because the city has in office as mayor one who is affiliated with the Labor party.

HE DOES NOT EXPECT LLOYD GEORGE TO WIN

Leverhulme at New York Gives View on the British Elections.

New York, Nov. 23.—Viscount Leverhulme, the British soap manufacturer, arriving here yesterday on the White Star liner Mauretius expressed the belief that while he does not expect Lloyd George to win at the coming parliamentary elections, he feels that the former British prime minister is returning to power.

Accompanied by ten members of his soap firm, Viscount Leverhulme will make a tour of the United States. After staying at the Plaza for a few days the party will go to Boston and then head west, with Australia as the final destination. They will study economic conditions.

"Lloyd George," the viscount said, "cannot carry the coming elections for parliament, in my opinion. I feel, however, that he is returning to power."

In reply to other questions, he said: "I am opposed to the high protective tariff of the United States. It is making it difficult for Great Britain to pay her debt to this country. Nevertheless, the debt shall be paid."

"In England, labor has a mistaken idea. Through a spirit of comradeship men are working only half a day. This is wrong. All men should work longer. I am not in favor, either, of the dole system, which pays small sums to men who are unemployed."

"I am also against prohibition. A sober man is the more efficient and alcohol poisons the system. But I approve letting a man see the faults of drinking and correcting himself rather than inflicting prohibition on him."

LIBERALS ECLIPSING OPPONENTS ON PLATFORM

Lloyd George Shows No Sign of Voice Fatigue—Baldwin Deficient.

London, Nov. 23.—The election has reached that stage where everything and everybody are being damned. Beasts, prophecies, denunciations, brain estimates and political back-bite—all are being flung about with abandon; with the consequence that a dense mist of uncertainty has settled over the campaign. On paper—and the platform—the Liberals are undoubtedly eclipsing
