

## FIVE PEOPLE MEET DEATH

### When Auto Drops Over Bank In Front of Train.

## AN ENGINEER IS KILLED

### And Twenty Passengers Are Injured When Two Trains Have Collision.

Philadelphia, Pa., Nov. 29.—Five persons, three men, a woman and a young girl were killed early to-day when their automobile plunged through the guard rail near the Pennsylvania avenue entrance to Fairmont Park and dropped fifteen feet to the Reading railroad tracks. The machine landed directly in front of a moving freight train.

The identified dead are Harry Graham and his sister, Catherine Graham, and Joseph Pierson, Philadelphia. The other two, a man and a girl, are as yet unidentified.

## ENGINEER KILLED

Jacksonville, Fla., Nov. 29.—Engineer John Evans, of the Southern Railway, Kansas City Special, was killed and about twenty passengers of the Louisville and Nashville Southland were injured last night when a Southern train collided with the rear end of the Southland at Nahunta, Ga.

## C.N.R. EARNINGS.

### The Increase During the Year Very Marked.

Montreal, Nov. 29.—In the statement of operating results for October, 1923, issued by the Canadian National Railways, another substantial increase in the net earnings of the system is shown. Gross earnings have increased \$1,407,686 or 5.6% as compared with October, 1922. After reducing operating expenses which amounted to \$21,228,525 a net operating revenue is shown for the month, amounting to \$5,169,476 as compared with net operating revenue of \$3,295,993 for the corresponding month of 1922. The net for October, 1923, shows a gain of \$3,317,500 over the preceding month of September, 1923, and is 56.7% in excess of the net shown for October, 1922.

The net earnings for the Canadian National Railways for the first ten months in 1923 amount to \$12,021,285 as compared with a net of \$2,823,007 for the first ten months of last year.

## HANDCUFFED AND DESERTED.

### Victim Left in Deserted Mine Tunnel Ten Days.

San Francisco, Nov. 29.—Authorities in the vicinity of Jackson, Cal., are searching for an old mining tunnel, in which Philip Oleson, known as "Sonora Red," is believed to have lain for ten days, handcuffed and bound, according to a despatch to the Examiner here.

James Kennard, a prisoner in the county jail, at San Andreas, has confessed to Sheriff Joseph Swing that he manacled and tied Oleson ten days ago and left him in an old tunnel the location of which he has forgotten, because Oleson owed him money, the despatch states.

## CHINESE BANDITS STEAL \$500,000

Shanghai, Nov. 29.—Six bandits overturned the rikasha of the messenger of the Tung Yih Trust Company in the business district here to-day and escaped with more than \$500,000 worth of negotiable securities.

## MILITARY FORCES TAKE OVER RHINE

Republic from provisional Government.

## "You Said It, Marceline!"

By MARCELINE DALROY

ON "WOMAN—THE HOUR GLASS"  
Women are extraordinary  
Creatures—delightful, but still  
Extraordinary.  
They say they want POWER,  
And FAIL to see  
They HAVE it—  
They have all there is,  
There isn't any more.  
FOR  
Woman is the HOUR GLASS;  
She is the PORTAL  
Through which  
The WHOLE WORLD has passed.  
Every great Statesman,  
Every Artist,

## SEVEN DEATHS CAUSED BY POISONED LIQUOR

### 100 Persons Arrested in Raids in Pittsburgh — Dozen Patients in Hospital.

Pittsburgh, Pa., Nov. 29.—A pre-holiday flood of poisonous booze, much of it wood alcohol and various synthetic preparations of questionable variety, was given as the reason by the police here yesterday for the liquor raids staged in this city Tuesday night and Wednesday morning, when more than one hundred persons were arrested. Information that will lead to the arrest of many more persons has been obtained, Police Superintendent Brophy declared.

Seven deaths in as many days in this city from the use of poison liquor were a factor in bringing the entire police department into service, when squads of uniformed and plainclothes officers swooped down on saloons, candy stores and restaurants, and arrested those suspected of selling the stuff.

More than a dozen persons were patients in hospitals last night, police say, as the result of drinking the liquor. Several women were among those seriously ill.

The death-dealing liquor appeared on the market here slightly more than a week ago. Bootleggers are said to have dispensed it at fancy prices as "good stuff." Samples taken from the effects of the dead men and found in the possession of those who are in hospitals are being analyzed. Police say the whiskey was shipped here for the Thanksgiving trade.

## THE LIQUOR SMUGGLING CONFERENCE ABOUT OVER

### Only a Few Questions on Agenda Remain to Be Dealt With.

Ottawa, Nov. 29.—Canadian and United States representatives attending the conference for the prevention of liquor smuggling, believe that they will be able to conclude their deliberations by tonight.

A preliminary discussion of problems arising out of the border rum-running activities was held Tuesday afternoon, followed by two sessions Wednesday and a third this morning. Only a few questions on the agenda prepared by the American delegates remain to be dealt with.

## REGINA RUGBY TEAM ARRIVES IN TORONTO

### Varsity Extends Use of Hart House and its Stadium for Practice.

Toronto, Nov. 29.—The Regina rugby team, contenders for the Canadian championship, arrived here this morning, glad to stretch their legs after the long and tedious journey from the west. The players are all fit and anxious to get some practice. Toronto University has extended to the westerners the use of Hart House, and the Varsity stadium will be used for practice purposes. It is probable the players will hold a work-out this afternoon.

## Mother Love Stronger Than Fear of Gallows

Chicago, Nov. 29.—A mother love stronger than fear of the gallows, placed Mrs. Katherine Malm, aged twenty-two, in a cell charged with the murder of Edward Lehman, a watchman, on Nov. 5th. An impelling desire to see her baby caused Mrs. Malm to surrender, she said. She also confessed the part her husband, Otto Malm, had in the slaying. Lehman was murdered when he caught Malm and his wife robbing a textile mill. Mrs. Malm escaped to Indiana.

Military forces take over Rhine Republic from provisional Government.

## RIGHT POLICY FOR CANADA

### Is a Protective Tariff For Our Industries.

## UNITED STATES PROSPERS

### By Means of Protection Says Manufacturers' Association President.

Toronto, Nov. 29.—Unanimity in the demand for a protective tariff to maintain and foster Canadian manufacturing industries was the feature of the addresses of C. Howard Smith, Montreal, president of the Canadian Manufacturers' Association, Lieut. Col. Arthur F. Hatch, Hamilton, vice-president and prominent captains of industry at the luncheon and meetings of the executive council and the Ontario members here today.

"I have no apology to make for believing in protection for Canadian industry and labor. One only has to look at the results that have been achieved in Canada since she adopted a protective policy to see that such a policy is the right one for this country," declared President Smith.

"In addition to this one only has to look at the tremendous strides made by the United States. For 130 years the United States has pursued a protective policy for her industries and her labor, and has succeeded in developing the most prosperous nation on the face of the earth today, and at a time when Canada is clamoring for immigrants and population, the United States has 'put up the bars.' The United States is truly the promised land, for immigrants, and they are all struggling to reach it."

Referring to the British preference and the large imports from Britain which Canadian manufacturers were unable to compete against, owing to the low cost of labor in the old land, Mr. Smith said that he could not see that it was to the benefit of the Empire. "We should transfer some of the two million unemployed in Britain to Canada, and while I am a believer in a preferential tariff, I consider it should be on such a basis that it will not put our working people out of employment."

## YOUNG CANADIAN GIRL IS "QUEEN OF BEAUTY"

### Declared Winner of Contest in New York Over Eighty-Six Others.

New York, Nov. 29.—A Canadian girl today is "Queen of Beauty" of the American continent. She was declared winner in the contest, held here in which a committee of judges, presided over by Rudolph Valentino, awarded her the crown as the most beautiful of eighty-seven entrants from as many cities.

"Miss Toronto's" real name is Norma Niblock, 105 Westmonte avenue, Toronto, aged sixteen years. She sauntered before the judges in a blue velvet street frock that was in odd contrast to the other beauties in glittering evening gowns.

In addition to winning a large silver cup, she received a movie contract valued at thirty thousand dollars.

## BRITAIN AND U.S. SHOULD JOIN HANDS

### In Forcing Arbitration of International Disputes, Says Massey.

Belfast, Nov. 29.—Premier Massey of New Zealand, speaking here today, declared the day of universal peace would be brought a great deal nearer if Great Britain and United States could be induced to stand together for one purpose and one purpose only.

This was for them to say to those nations inclined to draw the sword, that disputes between nations must be referred to and settled by an international arbitration court.

## Crushed in an Elevator And Dies From Injuries

Toronto, Nov. 29.—Caught between the floor of an elevator and gate in a farmers' dairy on Walmer Road, this morning, John Doherty, Fairbank, a suburb of Toronto, was crushed and fell to the bottom of the shaft. He died in a few minutes from internal injuries.

Tangier agreement cemented accord between Italy and Spain.

## COMPENSATION PAID TO 400,000 WORKMEN

### The Ontario Accidents Cost \$6,000,000 Per Year, Board Reports.

Toronto, Nov. 29.—Samuel Price, chairman of the Workmen's Compensation Board for Ontario, speaking at a meeting of the Ontario section of the Canadian Manufacturers' Association here to-day, stated that about 400,000 workmen were receiving benefits under the Workmen's Compensation Act, and that about \$6,000,000 was awarded annually for injuries. Last month there were 237 accidents which came within the provisions of the Act, Chairman Price said.

"Allowance of compensation under the act," Mr. Price said, "is a matter of right, and not of charity."

He said that complaints of malingerers were frequently made, and that great care was taken in handling compensation cases.

A number of speakers suggested the advisability of incorporating a clause in the Act which would require the workmen to bear a portion of the burden of assessments by contributing a small sum regularly to the general fund.

MUSTAFA KEMAL ILL. The Turkish "war" lord, Mustafa Kemal, who is responsible for restoring Turkey in Europe, is very ill with heart trouble.

## FALL RESTORES MEMORY.

### To Man Missing Since Evening of His Wedding.

Buffalo, N. Y., Nov. 29.—Ralph I. Condon, twenty-three years old, who disappeared a month ago, shortly after leaving a bank in New York city, left Buffalo to-day for his home in Merrimack, Mass., a fall in the street here having restored his memory, believed to have been lost as the result of an attack by thugs.

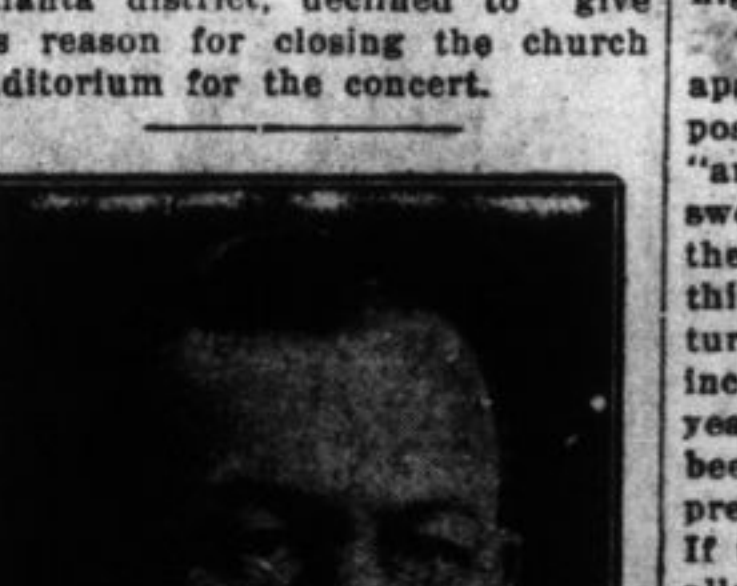

## Several Padres Are Candidates.

London, Nov. 29.—The Anglican clergy have been debarred from offering themselves as candidates in the parliamentary election, but about half a dozen Free Church ministers are standing either as Liberal or Labor candidates.

The Plymouth Brethren, probably is the only Christian body in this country which refuses to exercise the right to vote in either national or municipal elections. The Salvation Army urges its adherents not to support candidates who favor the drink traffic or are at variance with the Salvation Army.

## Farrar Barred from Church.

Atlanta, Ga., Nov. 29.—Gertrude Farrar, grand opera star, will not be allowed to appear in concert at the Wesley Memorial church here on Friday night as advertised, it was announced here yesterday. Rev. W. H. Laprade, Jr., presiding elder of the Methodist church for the North Atlanta district, declined to give his reason for closing the church auditorium for the concert.

SIR WALTER RUNCIMAN Who made a dramatic reconciliation with Lloyd George at an election meeting at Newcastle-on-Tyne. They stood with clasped hands before the audience and were loudly cheered. Sir Walter has been bitterly estranged from Lloyd George since the break between the ex-premier and Asquith in 1916.

Premier Baldwin tells Glasgow that protection will aid Canada and build up an empire of white citizens.

## THE SPECTRE OF RED FLAG

### Raised in Great Britain By the Baldwin Ministry.

## SOCIALISTS HURT LABOR

### It Is Figured That the Liberals Will Finish Second in Race.

London, Nov. 29.—As the election nears its close the issue of Free Trade versus Protection is being submerged by a Conservative attack upon Socialism. Lord Younger, who is now generalissimo of the government campaign, evidently believes that the anti-Socialist cry is the most potent weapon in the ministry's hands, and Conservative speakers everywhere are now raising the spectre of the Red flag and picturing an England drawn into the morass of Russian sovietism by Communist and Marxist adventures. They are greatly aided in this campaign by the antics of the Socialists themselves. Ramsay MacDonald, Clynes, Henderson, and Thomas are waging a dignified fight, but Reds in the cities, particularly in Scotland, are resorting to methods that are having a powerful reaction upon the public. Thus, at a meeting in Paisley last night, Mr. Asquith was hooted down by Communists waving Red flags; while it is feared that Mr. Baldwin will be denied a hearing in Glasgow.

## Figure Liberals to Oust Labor.

Election prophets to-day predict that in the next parliament the Conservatives will come first, the Liberals second, and Labor third. This appears to be the judgment of Mr. Churchill, who in the course of a speech last night said that Liberalism might not remove Baldwin from the front Government bench, but that it would remove Ramsay MacDonald from the front Opposition bench.

All of the Liberal leaders are having a hard fight. Mr. Asquith is pressed hard in Paisley; Churchill is in danger in Leicester, and Simon is fighting for his life in Spen Valley. Sir Donald Maclean, Walter Runciman and others are also encountering hard going. The appearance of young Oliver Baldwin as an opponent of his father on the platform is regarded as a piquant incident and nothing more. He is a young idealist who, after the fashion of young Oxford men, has espoused Socialism and written the inevitable book about it, but his influence upon the public is negligible.

The Beaverbrook and Rothermere press is still antagonistic to Baldwin. Conservative leaders charge that these two Lords of the press are really after another Coalition, with Lloyd George stepping in as a sort of British Mussolini and forming a Government out of the ruins of all three parties; but this, Beaverbrook indignantly denies.

## WESTERN CANADA NOT ALL UNION

### The Presbyterian Association Contradicts Statement by Rev. Dr. Pidgeon.

Edmonton, Alta., Nov. 29.—"To say that there is in the West an earnestness, a depth of religious passion, behind the movement that is simply irresistible is a gross exaggeration of the facts," declares a statement handed out here yesterday on behalf of the Presbyterian church Association for Edmonton and Northern Alberta, regarding certain reported statements of Rev. George G. Pidgeon, at Toronto, on Monday night.

"On the contrary, there is a great apathy toward organic union as proposed," the statement continues, "and a wave of indignation has swept over western Presbyterians, as they have recently learned something of the unjust and coercive nature of the proposed legislation to incorporate the United Church. For years Presbyterians of the East have been given a decidedly wrong impression of the western situation. If the west is solid for union, as is alleged, how can Dr. Pidgeon explain the vote at the recent Alberta Synod meeting, which, on a motion to appoint eighty councillors to represent this province on the United Church board, carried the motion by only four of a majority, 32 to 287?"

"How, also, can he explain an attendance numbering only seventy-five odd persons at a joint rally of unionists during the week Dr. Pidgeon visited Edmonton, a meeting widely advertised, addressed by outstanding leaders of the union movement and held in one of the largest church auditoriums of the city?"

Eighteen diplomats "mill" physicians in Connecticut have their license to practice revoked.

Big price paid for block of Northern Life Assurance stock in tight for control.

## CANADA MUST BE LINK IN ENTENTE

### The Hon. Rodolphe Lemieux Speaks at Exhibition Luncheon in Paris.

Paris, Nov. 29.—Lord Crewe, British ambassador, and a very large number of representative Canadians, were entertained at luncheon by "Les Amis de France" yesterday in connection with the Canadian exhibition in Paris. Senator Paul Dumier and M. Maurice Berard, of the French Academy, jointly presided. Replying to the toast of the Entente between England and France, proposed by M. Doumer, Hon. Rodolphe Lemieux, Speaker of the Canadian House of Commons, said that Canada, a former French colony, and now a British dominion, could and must act as a link between the old and the new Mother Country. Agreement between England and France was necessary to humanity and the peace of the world.

Among the others present were: Eric Phipps and Gerald Chichester, of the British Embassy, and Philippe Roy, high commissioner for Canada.

The current number of the business magazine, L'Exportateur Francais, is entirely devoted to Canadian subjects. M. Edouard Herriot describes impressions gained during his recent visit to Canada, and there are articles on the Canadian Train Exhibition, the Royal Bank of Canada, the Canadian National Railways, French influence in Canada, and the natural resources and industries of the country.

## PROBING THE COST OF GROWING WHEAT

### Production in Canada Said to Be Cheaper Than in United States.

Washington, D.C., Nov. 29.—The United States Tariff Commission began an investigation into the cost of producing wheat in Canada and the United States. The investigation has resulted from the proposals of the Wheat Council of the United States for a 50 per cent. increase in the thirty-cent duty on wheat.

While the Commission has announced that the hearing would be confined to a discussion of the scope of its investigation under the flexible provisions of the Tariff Act, representatives of agriculturists in the wheat growing states, present for study a mass of data presuming to show that the Canadian farmer can produce wheat far cheaper than can the farmer in the United States.

The Commission's next step will be to hold a conference at St. Paul on Monday to finally determine the schedule to be used in its investigation on the farms which will begin immediately thereafter. Indications are that the field investigations in Canada and the United States will occupy from two to six weeks, after which a public hearing will be held here.

The commission's report with recommendations will then be made to the president.

Testimony was presented to-day in an attempt to prove that the average cost of wheat transportation in Canada at present rates averaged one cent per bushel for 66 miles, while rates in the United States averaged one cent for 37 miles.

Canadian growers, it was stated, enjoyed the advantage of about 8 cents a bushel on all wheat shipped through lower rates. In addition to the lower freight rates the Canadian growers were represented as being able to produce wheat this year at 46 cents a bushel less than the United States farmer.

## QUADRUPLETS RAISE FAMILY TO TWELVE

### All the Babies, Three Girls and a Five-pound Boy, Likely to Live.

Baltimore, Nov. 29.—Quadruplets born to Mrs. Lily May Wittig raised the family total to twelve children. All the babies, three girls and a five pound boy, will live, according to Dr. Ephraim attending physician. The mother, Dr. Ephraim said, is in remarkably good condition, although very weak. The four babies weigh eighteen pounds and thirteen ounces, according to the father. The first was born at 4 p.m., the second at 4.35, the third at 5.05 and the fourth at 5.30. Dr. Ephraim said. They are all fine looking babies.

Authorities at Johns Hopkins Hospital said they had never heard of a case in Baltimore. Dr. Ephraim said he had read of quadruplets in medical journals, but had never heard of them here.

Eighteen diplomats "mill" physicians in Connecticut have their license to practice revoked.

Big price paid for block of Northern Life Assurance stock in tight for control.

## LADY KILLED IN NAPANEE

### Mrs. William Miles Victim of Automobile Accident.

## STEPPED IN FRONT OF CAR

### And Was Knocked Down on Pavement—She Died a Few Minutes Later.

Napanee, Nov. 29.—The only event to mar the success of the poultry fair yesterday was a sad accident which occurred on Dundas street about 3 o'clock in the afternoon. When Mrs. Marthe Miles, wife of William Miles, of an township of Ernestown, was crossing the street, she was struck by a motor car, fell to the pavement, and struck the back of her head and died within a few minutes.

Deceased was about fifty-four years of age, and made her home at Sillsville. The street was very much crowded by cars and speeding was an impossibility. In crossing the street, near to Paul's poolroom, she was accompanied by her son's wife, Mrs. Stuart Kufian. Near the centre of the roadway she had just passed behind a car being driven by J. W. Johnston, Montreal, and in doing so stepped right in front of a car being operated by Denis Meagher, Tyndinaga, who was going at a low rate of speed. He immediately put on the brakes but the car slipped. The momentum made it impossible for the car to avoid striking the unfortunate victim, who was taken to the shoe shop of James Wilson, and Drs. Wilson and Willoughby were called promptly, but she died before their arrival.

An inquest was held in the town hall shortly after the accident. There were present, Coroner G. H. Cowan, M. D., county crown-attorney U. M. Wilson, Chief of Police Barrett and others. The jurymen were: Frank Percy, (foreman), H. Daly, E. J. Pollard, Ernest Walters, F. S. Boyles, A. Vandewater, M. Burgess, Bert Seymour, A. J. Smith. After viewing the remains the coroner adjourned the meeting of the court until Monday Dec. 3rd. Drs. Willoughby and Cameron Wilson made a post-mortem examination of the body last night.

No charge has been laid against Mr. Meagher, the driver of the car that struck deceased.

## RUM-RUNNERS ALWAYS AHEAD OF THE OFFICIALS

### Have Something New Each Time Agents Think They Have Them Stopped.

Halifax, N.S., Nov. 29.—Every time the prohibition enforcement officials figure out a new way to stop rum-runners, the latter furnish something else to figure on.

The Anglo-American agreement, if one is reached, to permit seizure of liquor smugglers outside the three-mile limit, will not worry the rum-runners, they say. The prohibition agreement would apply to vessels flying the British flag. All the smugglers will have to do, according to local shippers who know their ways, is to change the registry of their vessels to French, Brazilian, Argentine, Panamanian, or something else.

Most liquor smugglers are declared to be Americans who have bought or chartered British ships under dummy companies for reasons that have been sufficient up until the present. If the British flag loses its protective power along rum run, the rum-runners will change to some other registry, it is stated.

## NO WEDDING CLAUSE.

### Domestic Emigrants Will Not Marry For a Year.

Southampton, Eng., Nov. 29.—Forty-six girls who sailed for New Zealand aboard the steamer Athena made a promise, solemn or laughingly, according to temperament, that they would not become brides for at least twelve months. They are going out in charge of a matron under the domestic science help scheme and the "no wedding clause" in their contracts is necessary because of the rush of suitors these girls from the Mother Country are attracting.

About 50 per cent. of the 2,500 girls sent to New Zealand—with a free passage and £2 pocket money—during the last three years, have already been married and a large number of others are engaged.

Deputy Minister of Agriculture returns from England with good reports of cattle trade prospects.

Many Windsor people affected when Detroit ferry dock burns down, with \$500,000 loss.
