THE UNIVERSAL POINT - IT SUITS ALL HANDS. They'll Never Lay Aside This 25-Year Gift. Its Black-tipped, Lacquer-red Barrel Is the Cheery Color of Christmas.

THIS Christmas the Parker Duofold Pen with the 25-year point is the gift that everyone covets. Send it to your loved ones—give joy unbounded to them all.

But avoid the mistake of giving them an imitation of this super-pen with Chinese lacquer-red barrel and smart, black tips. Be sure this inscription is on the barrel—"Geo. S. Parker—Lucky Curve." Then no one will be disappointed.

For there is no Duofold but Parker. And it took Geo. S. Parker 30 years of infinite pains to perfect it.

Its Over-size capacity holds a long-distance ink supply. Its native Iridium point is as smooth as a polished jewel bearing; no style of writing can distort its permanent shape.

Where in a pen have you ever seen before such classic symmetry and shapeliness? It is balanced with scientific precision that steadies the hand and gives the stroke full play. The genuine always has the Parker name on the barrel, so look for it. Don't let other red pens deceive you. Only Duofold has the 25-Year Point. Dealers have not enough to go around, so don't defer. Step up today to the first pen counter and use this super-pen.
