**HER CHILDREN HAD WHOOPING COUGH**  
This is one of the most dangerous diseases of children. It starts with fever and cough. The cough is at first short and sharp, but gradually increases in severity and occurs in sudden spasms, vomiting follows, and sometimes there is nose bleed; the child turns livid in the face, the eyes appear as if they would burst from their sockets, and suffocation seems imminent till relief is brought on by the "whoop."  
Dr. Wood's Norway Pine Syrup will clear the bronchial tubes of the collected mucus and phlegm and in this way ease the racking cough, and in a short time make it disappear.  
Mrs. L. Ambrose, Sarnia, Ont., writes:—"My little ones were both sick with whooping cough. I read where Dr. Wood's Norway Pine Syrup was good; and I only used two bottles and they were better. I had chronic bronchitis for three years and tried everything until, finally, I got 'Dr. Wood's.' I would not be without this remedy."  
Price 35c. a bottle; large family size 60c.; put up only by The T. Milburn Co., Limited, Toronto, Ont.

**Where Will You Spend Christmas?**  
In all the cycle of the year there is no time that brings families and friends together as does the Yuletide. Though you were at the ends of the earth you would long to be home for Christmas and if it were at all possible, you would be there. In the long ago when travelling facilities were very limited, people journeyed many weary miles and endured great hardships that they might be with friends and loved ones on Christmas Day. Today it is so different. The modern railway enables you to cross the continent in a few days in comfort. This year there are promises to be that the usual heavy Christmas and New Year travel, north, south, east and west, and in order that you may reach your destination as comfortably and speedily as possible, Canadian National Railways are making preparations far in advance. When travelling this Christmas go "National Way." For tickets, reservations and other information apply to J. P. Hanley, C.P. & T.A. Canadian Railway, Kingston, Ont. Phone 99 or 1433.

**TENDERED A DINNER TO BOARD OF EDUCATION**

**W. M. Campbell, the Retiring Chairman, Was Host at Happy Gathering.**

Following the final meeting of the Board of Education for 1923, held on Thursday evening, the retiring chairman, W. M. Campbell, entertained the members of the board, the officials, and the press, at a dinner at the Grand Cafe, where the members spent a very happy time together. Peter Lee provided an excellent spread, after which an interesting toast list was carried out. The best of good fellowship prevailed during the evening, and shortly after midnight, the gathering was brought to a close with the singing of the National Anthem, and the exchanging of festive greetings among the members. The retiring chairman ably presided during the proceedings.

Trustee L. T. Best proposed the toast to "The Management Committee," and in his address warmly praised Trustee Bishop, the chairman of that committee, for his service during the year.  
In replying to the toast, Trustee Bishop stated that the year spent on the board had been a very pleasant one for him. Many matters of importance had been taken up during the year and apart from carrying on his duties, Mr. Bishop stated that he had been able to gather some valuable information that would help him in his work on the board. He warmly thanked Chairman Campbell, for the manner in which he had handled the reins of office.

"The Property Committee," was proposed by Trustee J. B. Cooke, and brought a happy response from the chairman of that committee, Trustee Canon J. W. Jones. During the course of his remarks, Trustee Jones stated that the schools of the city were never in a better condition than at the present time. He said the board wanted to do a great many things along the lines of improvement, but that economy must be the watchword. He felt that this would be the best policy to pursue for a few years, until conditions became settled.

Trustee T. W. Mills, in a very neat address, proposed the toast to "Our Officials," and paid a warm tribute to the work of Inspector J. Russell Stuart, Principal E. O. Sitter and the secretary of the board, W. J. C. Allen. Trustee Mills stated that the work of the board during the year had been carried on most successfully, and much praise was due to Chairman Campbell, for the able manner in which he had presided at the meeting of the board, and helped in all the work. Mr. Campbell, he stated, had been an ideal chairman, and this remark was warmly applauded by all the members of the board.

Trustee Mills also entertained the company to a number of very amusing stories, which added much to the enjoyment of the evening. He also referred in a touching manner to the long and faithful service rendered by the board by the former secretary, John Macdonald, and his proposal that the members of the board send greetings to Mr. Macdonald and Mrs. Macdonald, who are now residing in California, met with the hearty approval of all present.

A telegram conveying the greetings of the members of the board, the officials and the press will be despatched at once.  
In replying to the toast proposed by Trustee Mills, Secretary Allen returned his sincere thanks for the kind expressions of appreciation. He said he realized that he was following a man who had rendered noble service as secretary, but he would endeavor to give the board of his best. The speaker also added his tribute to the work of Mr. Macdonald, who for over thirty years, occupied the position of secretary-treasurer of the board.
