CIVIC PRESENTATIONS TO FOOTBALL PLAYERS

R.M.C. and Queen's Teams Honored at Public Meeting Last Night.

It was truly a pleasant duty that Mayor Angrove was called upon to perform at Memorial Hall last night when the football teams of Royal Military College and Queen's University occupied seats on the platform on either side of him. The occasion was the presentation of tokens by the city of Kingston to the players who went through to two Dominion Football championships this season, in appreciation of their good work and of the honor brought to Kingston.

Seated with His Worship were Major-General Sir Archibald Macdonell, Commandant of the Royal Military College, and Principal the Rev. Dr. Bruce Taylor, of Queen's University.

Last year the Queen's players received gold watch fobs in the shape of rugby footballs and this year their tokens were especially engraved gold watches. The R.M.C. boys, who captured the intermediate honors of Canada, received the watch fob token this year and will be in line for the watches next season.

Captain "Bert" Campbell stood with His Worship and called the members of his Tricolor outfit in turn and they were each presented to the audience amid continued applause. Then the cadets, in their bright dress uniforms, were called forth and the applause continued. It swelled now and then when "Bill" Hughes, the trainer, was called upon and when Major Greenwood and Capt. Vokes, who have worked so hard with the R.M.C. team, were presented.

As the Queen's players were being presented the R.M.C. team gave a hearty "Queen's-Queen's-Queen's" yell. Then it came the turn of the cadets and there was doubt in the audience that the Tricolor boys could handle the war cry of the Point Frederick stalwarts, but they did it nobly and without the slightest hesitation. Those who know the team were not surprised, for every member has been pulling for the cadets and taking a keen interest in their

FROM THE OUTSIDE—LOOKING IN.

Now that it is officially announced that "Eddie" Lowrey is to handle the Queen's hockeyists again this year, we can sit back and expect some good games during the season. With all things considered, Lowrey made an excellent showing last season, and, with a better idea of his starting point, should accomplish a lot more during the early months of 1924.

Clarence Gibson, star wing man with Queen's seniors last season, has been in town lately. Gibson reached the peak of his ability in his final year at Queen's and it is too bad that he is not stationed in some senior hockey centre for this winter. He is too valuable a man to be off the ice.

Queen's and Varsity will be hitting the U.S. tour about the same time. The Blue and White will play five games in Boston, leaving December 27th and arriving back January 6th. The McGill squad is at present playing down that way and recently lost a rough game to a New Haven team, two McGill men being knocked out during the battle.

The Canadian Soo opened the season well in a double-header exhibition with Eveleth, Minn. The first game was tied and the Canadians won the second 3-1.

"Red" Green is making good with the Hamilton N.H.L. team, even if he and his brother did bust up the N.O.H.A. by their jump to the pro ranks. The rail birds pick him as one of the season's best.

Isn't it about time some outfit took a fall out of the Canadian Olympic team before they start their journey overseas? They have had things all their own way so far, with Varsity giving them about the only real opposition of the S.P.A. series. Perhaps the Kingston All-Stars will give them a good argument.

games since the playoff series started.

Sir Archibald Macdonell was called upon by the Mayor and stated that he was occupying a position that no other Commandant of the R.M.C. had ever held before—that of standing betwixt teams of Queen's and R.M.C. on such an occasion. He rejoiced in the fact and in no uncertain terms voiced his appreciation of the manly and clean, hard-fighting game put up by both squads.

He mentioned his appreciation of the good feeling existing between the two institutions and said that he attributed much of the success of the R.M.C. team to their practices with Queen's.

He also gave thanks to the citizens of Kingston for the rousing reception given the cadets on their return from the Dominion Final and said that every ex-cadet he had ever met or heard of always retained pleasant memories and a lasting affection for the Limestone City.

Sir Archibald was loudly applauded, as was also Principal Bruce Taylor, who followed him.

Dr. Taylor gave his usual cheery talk for which he has become famous through just such occasions. He reminded General Macdonell of one other great occasion when he had stood in the city hall at Kingston and by so doing brought forth laughter and applause from the audience, in which Sir Archibald joined heartily.

He expressed pleasure at the spirit of co-operation existing between the two colleges and hoped for its continuation. His remarks were concluded with thanks to the city and its people for the excellent support given the team and the appreciation of the team's work shown by Kingston.

Mayor Angrove called upon the captains of the two teams, Cadet Hamilton, of R.M.C., and "Bill" Campbell, of Queen's, and, as they gripped hands across the table led cheers for the United squads. The R.C.H.A. band struck up "For He's a Jolly Good Fellow" and the audience joined in the chorus, all standing.

It was a ceremony that will be remembered for years by all those who had the good fortune to be present and every one of those boys were mighty proud of their position and were repaid for their months of training and effort by this presentation, carried out frankly and without fuss, but with the strongest of good fellowship and appreciation evident all through it.

HONOR CHEESE CHAMPIONS

County Warden Presents Tokens to W. C. Taylor and James Sprott.

A unique event took place in the Judges chambers at the court house on Tuesday afternoon at two o'clock when W. C. Taylor, Burridge, and James Sprott, Catarqui, who brought honor to the county of Frontenac by winning the first and third prizes for cheddar cheese at the British Dairy Farmers Association exhibition held in London, England, were presented with handsome gifts by the county council. Mr. Taylor, who won first prize, was given a gold watch, and Mr. Sprott received a handsome clock.

Judge H. A. Lavell, who presided, stated that it was a notable event for both Kingston and the county of Frontenac. His honor said he realized that our resources in both agriculture and beauty were great but few realized that cheese makers from the county of Frontenac were successful in winning two prizes at a show where every country in the British Empire was represented. Out in Burridge, Judge Lavell said, the best cheese in the British Empire had been made by Mr. Taylor. More recognition should be given this event, and he hoped that the newspapers would let the people know that the county of Frontenac had produced the best cheese in the world.

Warden Sibbitt, when making the presentation, stated that on behalf of the council for the County of Frontenac he wished to extend his congratulations.

Mr. Taylor when accepting the
