der or not. To any of the publicwho have heretofore helped by sending reading matter and clothing also to one or two anonymous donators of Christmas gifts last year, our hearty thanks goes out; but now we are in great need of clothing and also of funds to help along a work which has for the first time since commenced, appealed to the public for help. I know that at the present time people have a lot of expense and it may not be the most propitious time to ask for help, yet I. must, to an always generous public in a good cause to help the mission along. I earnestly ask the public both for their own and our protection to demand a card or some such authority from anyone asking funds for this cause. All donations either collected or mailed will be published in both local papers and if desired the names of the donators. As all the committee are work, ing people, nobody gets any salary so that any funds are used solely for the purpose of relief work. All donations mailed should be addressed to the Secretary-treasurer, care of Sailors'-Home and Friendly Mission, 47 Princess street, Kingston. -CHARLES SMITH, Secretary,
