**Would You Sell Your Eyes For A Million**  
 Sounds like a ridiculous question, but stop and think. Would you give up your eyesight for a million dollars? Would you have the world shut out of your life for that sum? The answer is obvious, for without your eyes the million dollars would be useless. Yet many neglect their eyes until it is too late.

Let us examine yours now and be sure of their condition.

**THE INAUGURAL ADDRESS DELIVERED BY THE MAYOR**  
 (Continued from page 1).  
 work for years. The ten year debentures on the following pavements have been retired:  
 Wellington street from Princess street to the City Park, Clarence street from Bagot to King street, Brock street from Bagot to King street, King street from Princess to William street, Barris street from King to Princess street, Clergy street west from Barris street to University avenue.

These streets are paid for, are in good condition and will give us good satisfaction for years to come. The debentures for Princess street pavement from King to Clergy will be retired this year. I recommend the laying of about the same amount of pavement as last year.

**Industries.**  
 The present is a very trying time for industries already established and consequently makes it very difficult to start new ones, and the committee of last year did not find many people seeking locations. Colle's Ltd., started their woollen mill and the electors voted favorably on the by-law regarding the dye and chemical plant. Our reports on the prospect for the dye and chemical industry are very favorable and we are expecting good results. Last year's committee reports having some good prospects. The publicity work of this department must be kept up, so that when the trade conditions become more favorable those seeking sites will know that we have the most advantageous location in Ontario. To do this work effectively the committee should have a larger appropriation than was given last year's committee. The conditions regarding our need of industries for city growth and progress remains the same and will continue to do so and our efforts must not be relaxed.

**Charities Committee.**  
 This is a new standing committee formed for the purpose of considering all grants to charitable institutions and the payment of monies for indigents and wards belonging to the city and maintained in institutions in this and outside municipalities. Kingston is the centre of Eastern Ontario in regard to institutions, and it is imperative that a proper record and inventory should be kept to ascertain the residency of all persons entering them. It will be the duty of this committee to investigate all claims and be assured that Kingston's interests are protected, and that we will not be called upon to pay for any other than bona fide residents. Notwithstanding some adverse criticism I am a friend of all public and charitable institutions and societies, and have asked for nothing but protection for the Kingston ratepayer, and I ask that now. I want the accounts for maintenance of indigents and wards to be paid by the municipality to which they belong.

**Consolidation of By-laws.**  
 Our by-laws were last consolidated in 1907 and there has been so many amendments and new ones that a new consolidation should be made, and we will try and have it done this year if we can provide the funds.

I am pleased to report that our energies and attention to the matter of having boats winter in our harbor, has been rewarded by over sixty vessels making this their winter quarters and will mean the expenditure of about three hundred thousand dollars. Work on some of these boats will begin right away. I ask for further attention to this work that the number may be increased.

I desire to have all appropriations on the committees, school boards, etc., as soon as possible that we may get our budget arranged earlier. We will be called upon to issue debentures this year for \$63,000, our share of the provincial highway account, also the \$15,000 for the motor fire apparatus, and there are always unforeseen expenditures, yet I wish to re-affirm the position I took on nomination day that we will not have to raise the rate, and I am asking all concerned to co-operate with me in keeping their estimates as low as possible so that I may be able to bring into effect the statement made by me.

I wish to thank the members of last year's council for their assist-

ance and I ask the same support from the members this year. I will give my best to the work before us, and assist every committee in any way I can to arrive at fair and impartial decisions, always keeping in mind that we are the servants of the people, elected to carry on the work of municipal government in disbursing their money, and planning the administration of all departments.

**NOT AN ERA OF UNBELIEF**  
 Sermon in Chalmers Church on "Our Generation and the Creeds."

That this is not an era of disbelief or unbelief, was the opinion expressed by Rev. Robert De Witt Scott, B.D., St. Theresa, Que., preaching in Chalmers church on Sunday morning on the subject, "Our Generation and the Creeds."

The speaker stated that this was not an age of unbelief but an age of reverent seeking of knowledge. Thinking people everywhere are striving at least to know something of the truth. Nor was this an age when a certain belief was easily accepted. Many charges had been brought against the people of the church. It was also claimed that this was an age of compromise and even the charge of materialism was sometimes heard. The speaker admitted that there was materialism and indifference to-day, but it did not exist to the extreme some would have us believe. And why is there indifference? Because men and women are asking questions and asking for the reason for the faith.

"Everywhere there is a desire for a real and vital religion. I am an optimist and I say that there never was such a time in the history of Canada as now, when young men were seeking a religion that is real. He must be patient. The indifference or so called materialism is a desire for reality to adapt ourselves to changing conditions. It is sometimes said that our creeds are out of date as soon as they are written. We all believe something. Your creed must be out of your own experience if it is to be worth while. Your creed is the expression of that experience. As Christians, unless we exalt Christ there is something lacking in our creed.

"Jesus must be the centre of the picture. The frame does not matter so much, nor the background. When we as Christians see Him and experience that fine spirit that moved Him, our creeds will form themselves as necessities. Christianity is a life to be lived. The Christian fundamentally is Jesus. We must live the life Jesus lived, with the creed that was His. What was there in the life of Jesus that made it so unique and powerful? Most of all, the creed of Jesus was love. God is love. Is it any wonder that men came to see Jesus when they learned that?"

"I am not pessimistic about this generation. We shall look forward to the day when the creed of love will overcome hate. Jesus said 'love your enemies.' It is difficult to love those who have hurt or endeavored to destroy the things for which we have lived. Is it any wonder that the Jewish people were amazed at His doctrine? He taught them as one having authority. May we have more and more the life of Jesus in us so that we may live up to the Christ-like creed for this or any generation."

Rev. Mr. Scott preached at both services at Chalmers on Sunday and delivered forceful discourses.

**ELECTIONS IN NAPANEE.**  
 Thermometer Eight Below Zero on Sunday Morning.  
 Napanee, Jan. 7.—Municipal elections are now in progress here today for the offices of reeve and councillors for the town of Napanee. There seems to be a keener interest in elections this year than for some time past and the aspirants for municipal honors have been making a more liberal use of printers' ink through the columns of the local press and through His Majesty's mails, than is usual.

Mrs. W. A. Daly, Robinson street, gave a charming dance on Friday night for her daughter, Miss Helen Daly, Boston, Mass., and Mrs. Jack Morse, Winnipeg, Man., and her son, Morris, Toronto University. About fifty guests enjoyed to the full one of the nicest dances of the season. The house was most tastefully decorated.

Edward Keenleyside and Miss Helen Keenleyside, who have been the guests of Mr. and Mrs. Fred Richardson, 3111 street, returned to Toronto yesterday.

Morris Daly left town yesterday afternoon for Toronto to resume his studies.

Miss Helen Wallace leaves today to resume her studies at St. Hilda's College, Toronto.

Miss Margaret Daly, Toronto University, left town by the afternoon train yesterday for the city.

Miss Mildred Brown, St. Hilda's College, returned to Toronto on Thursday.

Edward H. Costigan, Toronto, returned home yesterday.

Miss Eileen Smith, Toronto, who has been the guest of Mr. and Mrs. Herbert Daly and Miss Margaret during the Christmas vacation, returned to her home on Thursday.

The thermometer here registered 4 degrees above zero at midnight on Saturday. At 8 o'clock Sunday morning it was 8 degrees below.

**GANANOQUE**  
 Jan. 7.—A meeting was held Friday evening in the town hall to organize the Gananoque Hockey League for the season. Three teams entered the league to contest for the Wilson cup donated a year ago by W. J. Wilson, mayor, and held last year by the Stollie's. The teams entered this year are Stollie, As Defenders, 3rd Field Battery and high school. The following officers were elected: W. J. Wilson, president; R. E. Lewis, 1st vice-president; L. P. Shortall, 2nd vice-president; Harold McCarney, secretary-treasurer; referees; R. E. Lewis, Frank Mooney. The schedule will be drawn up at once.

Miss L. Root is visiting friends in Ottawa and Montreal.

Kenneth McKennie has taken a position as salesman with the Unit-

 Fred Mooney spent Saturday in Kingston.  
 Mr. Meighen is to speak French during his Quebec campaign.

*"Wonder what an idle telephone thinks about?"*

**"PERSONALLY, I don't object to smoking, but I can't do my best work while the chief has his attention divided between me and the job of keeping smoke out of his eyes.**

"It's almost funny to watch his antics, trying to get close to my mouthpiece, as he knows he should, and at the same time speaking through his cigar.

"And as for my brother over in Brown's office, to whom the chief was talking—I know his telephone is going to be reported as out of order—a 'can't hear distinctly' report!

"All because the chief tries to do two things at once.

"But every cigar must end, and when he talks close to me in that confidential manner of his, then we certainly do swing the business."
