(Naval Service)  
NAVYAL PRIZE FUND  
Supplementary Distribution  
The Department of National Defence (Naval Service) is ready to make the Supplementary or Third Distribution of the Naval Prize Money to Officers and Men of the Royal Canadian Navy and the Royal Naval Canadian Volunteer Reserve who served in Canada or Overseas during the War.  
The qualifications required to participate in this distribution are the same as for the first and second distributions, namely, 30 days actual service on board an offensive armed vessel during the war. Applications should be signed by the claimant and should be addressed to the Chief Accountant, Department of National Defence, (Naval Service) Ottawa, accompanied by Service Certificates in the case of ratings and Judge Certificates in the case of Officers.  
The full value of one share in this Supplementary Distribution is \$100.00. No assignment of Prize Money can be recognized.  
G. J. DESBARATS,  
Acting Deputy Minister,  
Dept. National Defence,  
Ottawa, January 8th, 1924.  
H. Q. 24-1-12.

Forest Greer, Lansdowne, will leave shortly for Milton, where he has been appointed accountant in the Bank of Toronto branch.  
Dr. Campbell, Lansdowne, is coming to Kingston and will reside on Nelson street. His practice in Lansdowne has been purchased by Dr. Lockhead, Kingston.

**YEAR OF NOTABLE PROGRESS ENJOYED BY ROYAL BANK**

Sir Herbert Holt, President, Reviews Principal Developments in Canada's Trade and Industry—Finds Dominion Has Much to Which to Be Congratulated—Draws Attention to Increase in Trade With Foreign Countries Where Branches of Royal Bank Are Established.

C. E. Neill, General Manager, Comments on Gain of \$50,000,000 in Deposits, Every District of Bank Showing Increase—Discusses Agricultural Credits and Government Bank Inspection—Points Out Great Public Service Being Rendered by Canadian Banks—Explains Thorough System by Which Losses Are Kept at Minimum.

The past year has been marked by what I hope are the final adjustments of the period of depression, stated Sir Herbert Holt, President of the Royal Bank of Canada, in the opening remarks of his address to the shareholders at the annual meeting of the Bank. In these adjustments, he was glad to add, the Bank has not been concerned, except insofar as the country's general business was affected.

In the opening portion of his address Sir Herbert dealt at some length with the situation in relation to the agricultural results of the past year's operations in Canada, referring more particularly to the Western wheat crop. "While the net return will not by any means suffice to place the farmers on their feet again, it will assist in reducing their obligations and is bound to result in larger purchases after years of restrictions in that respect," he said. "While the expected increased business did not follow the harvest, there has been considerable sectional improvement since the middle of December.

**Mixed Farming Necessary**  
He emphasized the need for the adoption of mixed and more scientific farming in the West and less dependence on wheat. The reduction in winter wheat plantings in the United States he considered favorable to Canada, and he eventually expected to see the United States producing only enough wheat to supply their own needs, thus leaving Canada, already leading exporter in the world, as the sole exporter from North America. Before long, he anticipated better conditions in the West and, meantime, the farmers' troubles would have the full sympathetic consideration and assistance of the Bank.

While conditions in the West had been responsible for many difficulties, he referred to some favorable aspects, which included improvement in lumbering in British Columbia, pulp and paper in Ontario and Quebec, and the development in Northern Ontario, while the steel lumbering and coal and steel production have worked into a better position.

After referring to the favorable features of Canada's foreign trade and some of the drawbacks of the United States tariff, he trusted that the British market would be exploited to the fullest extent. He stressed the need for a greater population and commented favorably on the adoption of a more aggressive immigration policy. In this connection he related the efforts which had been adopted by the Royal Bank to assist prospective settlers with respect to information concerning the country, by distributing abroad 100,000 copies of a booklet prepared by the Bank with that object in view. He also pointed out that the services of the branches were being gratuitously offered to intending settlers.

**Bank's Business Abroad**  
Turning to foreign countries where the Bank is established, he referred to the improvement in the Cuban situation, resulting from the better results obtained from the 1923 sugar crop, that country's prosperity being based on a low cost producer of one of the world's prime necessities.

The President pointed with pardonable pride to the fact that there is not a southern country in which the Bank is established but what is increasing its trade with Canada by buying more goods here. He excepted, however, a section of the United States, in that connection he said, have collectively increased 35 per cent. in one year and with improved shipping facilities there is still room for further expansion. "As an international bank," he added, "we have done our best to forward Canadian trade and we are now reaping the benefits of this policy." As Canada has increased purchases from the countries in question, the development is well balanced and both sides profit.

After making some reference to the foreign political situation and referring specially to the improvement noticeable in Russia, which he regarded as a very favorable development, he referred to the satisfactory results obtained from the Paris and Barcelona branches as clearing houses for general business abroad.

**Canada No Poor Country**  
Returning to the Canadian situation, Sir Herbert said he could not but feel that our people have good cause to congratulate themselves. While not unduly prosperous, it was no poor country which subscribed so generously to the recently highly successful Dominion Government loan. "We will," he added, "come into our own when the tide of immigration again turns strongly towards our shores, bringing with it the long sought for country-wide development." He regarded this as the solution of our railroad problem.

"In the meantime," he remarked, "there is no question that continued retrenchment is called for. As a country we have discounted our earning capacity to the margin of safety and it is to be hoped that the government will bear in mind that the situation renders imperative a rigid adherence to spending on real necessities alone, in order that our excessive taxes may be reasonably reduced in the near future. Otherwise we will retard the influx of new citizens and capital, which are so essential to our progress and which will seek other countries, where taxation is less burdensome."

In conclusion, he said, "I believe that increased immigration, the development and conservation of our great natural resources, the protection of our industries, and reduction of our excessive taxes, will, within a few years, bear fruit in prosperity for all us, leaving the events of the past few years as experience to guide our steps in the future."

**General Manager's Address**  
At the outset of his remarks, C. E. Neill, the General Manager, briefly

referred to the outstanding features of the fifty-fourth annual financial statement of the bank pointing to the gain of approximately \$50,000,000 in deposits, to the large increase in total assets, the ready realization of Government and municipal securities and the strong position, showing that liquid assets are 49.36 per cent. and cash holdings 27.37 per cent. of liabilities to the public.

In connection with general conditions appertaining to the operations of the Bank, he foreshadowed issuance of detailed information regarding conditions in various parts of the country, and in other countries, where the Bank is represented. Speaking generally of Canada, he stated that conditions on the whole have been reasonably satisfactory. After referring to some details of these, he pointed to the fact that commercial failures during the past year were less than during the previous year, and on the whole the outlook is encouraging.

**Improvement in Cuba.**  
He then went on to refer to conditions in other countries in which the Bank is represented, speaking of the profitable sugar crop in Cuba and the West Indian islands, where the general improvement looked for has been fully realized. He was pleased to report a substantial gain in deposits there. Other connections established have also proved satisfactory.

Mr. Neill then went into a detailed explanation of the system of supervision of the Bank's widely distributed business, explaining that there are committees of the Board of Directors at Toronto, Halifax, Winnipeg and Quebec which meet regularly and consider with the senior local executive officers, credits and other matters appertaining to the district. He pointed out that for purposes of supervision, Canada is divided into six districts. These are Quebec, Ontario, Maritime Provinces, Manitoba and Saskatchewan, Alberta and British Columbia. Each of these is supervised by an executive officer of experience, assisted by a staff of competent inspectors. Credits are submitted to the supervisors by local managers, and after proper investigation by the former are either authorized by a specified amount, forwarded to Montreal. All credits authorized by local directors are submitted to Montreal for confirmation.

A similar explanation was also given of how the foreign business of the Bank is supervised at different points. He went on to explain that at Head Office the General Credit Department is divided into sections to correspond with the various districts. Before submission to the directors, every credit recommended by the supervisors is carefully investigated by the credit officials at Head Office and when finally passed upon, the directors and senior executive officials have the benefit of the views of the local manager, the district supervisor and the Head Office Credit Department.

**System of Supervision.**  
An explanation was also given of the system under which the Paris branch is operated, as well as the functioning of the Globe Realty Corporation, both being run as controlled companies, of which separate statements are given with the general balance sheet, as required by a new provision of the Bank Act.

The Globe Realty holds a number of the Bank's properties in Canada with an appraised value of over \$17,000,000, and the company has a bonded and floating indebtedness of \$3,352,000. On this basis the Bank's equity is over \$7,800,000, which is carried on the books at \$1.00. He added that while it is quite impossible to estimate the realizable value of this equity, from the standpoint of the Bank as a going concern, it is a most valuable asset.

Mr. Neill defended the Bank against charges which had been made generally as regards Canadian banks of being extravagant in the character of their buildings. "I can say," he said, "without fear of contradiction, that we have not been extravagant in our buildings."

He referred at some length to the criticisms of the banks and their methods, and remarked that it is difficult to understand what the critics hope to accomplish by their attacks. "The record of banking in Canada," he added, "as compared with other countries, is undoubtedly satisfactory."

As much of the criticism at Ottawa came from representatives of the Middle West, he referred specially to credit conditions in that area and pointed out that the imperative duty of the banks to their depositors is to avoid the class of business which requires investment of capital for long periods, pointing out that long-term loans against land must be provided by companies constituted for the purpose.

**Agricultural Loans.**  
He went on to say: "The funds which Canadian banks have available for agricultural and commercial loans are distributed to the best possible advantage in the general interest. To indicate how widely the loaning funds of this Bank are distributed, I may say that we have no less than 65,000 borrowers in the Dominion and that the average loan is only \$4,000. We added that he knew of no case of a well-managed bank where the directors or officers have used the bank or its resources in any way for their personal advantage. Directors give their time and experience without adequate remuneration or gain.

After referring to the demands for Government inspection of banks, Mr.

Neill closed with a warm tribute to the staff of the Bank. "As the executive head," he said, "I could not wish for a more efficient staff and I desire further to place on record the statement that if I, as executive head, have achieved any measure of success in furthering your interests, it is due to the loyal support I have received from all ranks of the staff, especially those senior officers with whom I come in daily contact."

**EASTERN ONTARIO DAIRY CONVENTION CONCLUDES**

William Newman, Lorneville, Re-Elected President—Meeting a Great Success.

"That this convention go on record as reaffirming their resolution passed last year, of being opposed to the importation, manufacture and sale of oleomargarine in Canada, and that a copy of this resolution be forwarded to the minister of agriculture at Ottawa.

The above resolution was passed with much enthusiasm, at the final session of the 47th annual convention of the Eastern Ontario Dairy-men's Association, held on Friday night in the Dairy School.

Darcy Scott, of Ottawa, secretary-treasurer of National Dairy Council, which is putting up a big fight to keep out oleomargarine, addressed the meeting, telling of the action taken by the council and calling upon the members to do all in their power to keep the campaign against oleo.

The final session was well attended, and at the close a meeting of the directors was held, when the election of officers and members of executive took place.

**President Newman Re-Elected**  
President William Newman, of Lorneville, had the honor of being re-elected president.

It was expected that Hon. E. W. Motherwell, dominion minister of agriculture or Dr. J. H. Griesdale, deputy minister of agriculture, would be present to address the meeting, but they were unable to be present.

Addresses were given by Darcy Scott, Ottawa; G. A. Putnam, director of dairying, Toronto; Dr. A. E. Ross, M.P.; Anthony Rankin, M.P., and Prof. H. H. Dean, of the dairy department of the Agricultural College, Guelph.

At the opening of the final session, the secretary, T. A. Thompson, presented the prizes won by William Newman and Benson Avery in competitions held at the convention.

The auditor, J. J. Payne presented a report showing the financial conditions of the association. The total receipts amounted to \$2,870.85 with expenditures, \$5,750.80, showing a deficit of \$2,880.02. This deficit was caused principally through the exhibits but the assets of the cheese would bring the deficit down to \$800.

**Co-Operation Wanted.**  
Dr. A. E. Ross, M.P., appealed for organization and co-operation in the dairying industry in a splendid address. He spoke of the competition the Canadian farmers had to meet with and called upon all engaged in the business to do all in their power to promote their interests. Dairying was regarded as the best industry in this country. The dairymen had it in their power to keep up the Canadian standards and also to increase these standards. The success depended entirely on the amount of hard work put into it. Touching on the question of immigration, he stated that this was a matter that should receive very careful consideration and undertaken in an organized way.

Anthony Rankin, M.P.P., spoke on dairying as the chief industry in Frontenac county and complimented the county on the laurels it had achieved in cheese and butter making.

Mr. Rankin also put forth an appeal to the dairymen to keep building up their herds.

**Darcy Scott's Address.**  
Darcy Scott, of Ottawa, secretary-treasurer of the National Dairy Council, gave an account of the activities of the council and the steps taken to fight against the importation, manufacture or sale of oleomargarine in Canada. He pointed out that the manufacturers and distributors would stage a fight to have oleomargarine come in again, but the speaker held that there was no reason why it should be allowed to come in. He claimed that the demand for it came from those financially interested. There was no desire for it from those who wanted to eat oleomargarine. The speaker claimed that it was unfair to allow oleomargarine to be put on the market. It was not a question of protection but one of giving a fair deal. Objection was being taken on the grounds of unfair competition. No objection would be taken to a fair competition. No effort had been made to get rid of butter from New Zealand.

The speaker also told of the good work accomplished by the council in having the express rates on cream reduced, resulting in a saving of \$185,000 per year.

**The Local News.**  
The auditor, J. J. Payne presented a report showing the financial conditions of the association. The total receipts amounted to \$2,870.85 with expenditures, \$5,750.80, showing a deficit of \$2,880.02. This deficit was caused principally through the exhibits but the assets of the cheese would bring the deficit down to \$800.

**The Late Mrs. Fearnie.**  
Mrs. Charles Fearnie passed away this morning at the Hotel Dieu hospital at the age of sixty-one years. Although she had been ill for some time the death came as a shock to many friends. The funeral will be held on Monday afternoon to Cataract cemetery, Rev. T. W. Savary officiating.

**The Late Gus Edgar.**  
There passed away in the General Hospital on January 10th, Gus Edgar, of Fredericksburgh, at the age of eighty-four years. Deceased had been in ailing health for some time. The funeral was held on Friday to Cataract cemetery.

**The Late Mrs. Toole.**  
One of the most widely esteemed and best loved ladies of Gananogue passed to rest at the Kingston General Hospital on Friday in the person of Mrs. Eliza Kirkpatrick, widow of the late Augustus Toole, Gananogue.

The late Mrs. Toole was born at Castlebar, County Mayo, Ireland, eighty-seven years ago and came to this country with her parents when she was but five years old. The family settled on a farm on the river side about four miles east of Gananogue. After the death of the head of the house, John Kirkpatrick, the family moved to Gananogue and there Mrs. Toole resided until her marriage to her late husband sixty-eight years ago. Mr. Toole predeceased her thirty-four years ago.

She is survived by three children, Mrs. D. J. Lloyd, Gananogue; Mrs. James Halliday, Brighton, and Mrs. J. Neilson, of Calgary, Alta. The funeral will be held from the family residence, Gananogue, on Monday afternoon to Christ church and thence to Willowbank cemetery. The Rev. L. Barber will conduct the services. The passing of Mrs. Toole will be mourned by all the people of the district.

**Late Miss Catherine Johnston.**  
The death occurred on Saturday morning of Catherine Johnston, daughter of the late Mr. and Mrs.

**Mountain Grove Tidings.**  
Mountain Grove, Jan. 11.—A number of men and teams are engaged drawing gravel on the roads. J. Dwy had a bee on Tuesday, cutting wood, and his little son met with an accident which might have terminated fatally. Unnoticed he ran behind one of the men who was chopping, and the axe struck him on the forehead inflicting a very painful wound. He is doing nicely now, however. Mrs. H. Hardwick has returned from Kingston General Hospital after undergoing an operation.

A cheese meeting was held in the hall on Wednesday evening. Mrs. D. J. Cronk entertained the members of the Women's Institute on Wednesday afternoon. One of our most popular young ladies, Miss Rosa Card, was united in marriage to A. Haggerty, Tamworth, on Jan. 2nd. The marriage took place at Peterboro, Rev. W. Buckler, a former pastor of this place, but now of Peterboro, performed the ceremony. The best wishes of a host of friends will follow them to their new home at Tamworth.

Mrs. T. Flynn, Saskatchewan, has arrived to visit relatives here. The C.P.R. bridgemen are again laid off for an indefinite period. Mrs. E. Fox is visiting friends at Napanee.

**"Dropped Through the Roof"**  
Of the opening of the curling season in Smith's Falls, the Record News said: "It was amusing to note on the first hour of curling to see 75 or 100 men appear at the usual point of observation as if they had automatically dropped through the roof. From a full floor view at the regular positions the same as they lent last March, and the high class criticism of former years will be put to shame if the commencing night is any indication."

**Long Time in Possession.**  
At Bishop's Mills, the Cochrane farm, recently sold by J. G. Cochrane, to Mr. Crawford, Heckston, has been owned by members of the Cochrane family for the past seventy-four years.

Whatever career you embrace, propose to yourself an elevated aim and put in its service an unalterable constancy.

HARTY ARENA AT 8 P.M.  
ADMISSION 25 CENTS

Olmstead, Leonard; A. J. Robertson, Martintown; T. Campbell, Hartington.  
Auditors—J. J. Payne, Briston; George Leggat, Newboro.  
The board of directors are considering the advisability of making Kingston the permanent home for the holding of all conventions in view of the facilities of the local dairy school for the holding of these meetings. This year's convention was voted the most successful held in many years.

**NEWS FROM PITTSFERRY.**  
Quite a Number of People Are on Sick List.  
Pittserry, Jan. 9.—Owing to the heavy snow storm and high winds which prevailed here Sunday and during the night, the main roads were in a bad condition and the side roads were completely blocked for a short time on Monday forenoon but were soon made passable to the different polling stations.

We are glad to hear that the members of this council of 1923 were re-elected for another year.  
Kenneth and Howard McLean have returned home from Ottawa after spending some time with their uncle, The Ladies of the Community Aid of the St. Lawrence church met at the home of Rev. Dr. and Mrs. Cooper, Gananoque, east parsonage, on Wednesday afternoon. A number in this vicinity are on the sick list. Those being Mrs. H. Braish, Miss Helen Braish, Miss Mabel Spence, Mrs. R. Ranous, Mrs. T. Payne, Miss Jean Simpson and Mrs. A. Simpson, but we hope for a speedy recovery.

Miss Bessie Lane, Kingston, spent the week-end with her parents here. The Epworth League was held at the home of Mrs. Robert Barclay on Friday evening. The many friends of Rev. T. Lanaster are glad to hear that he is able to be out again after his recent illness.

**Death of An Infant.**  
The death occurred at the General Hospital on Friday of John Lawrence, infant son of Mr. and Mrs. Joseph Smith, Pine street. The little fellow was only fifteen months old and during his illness had won the hearts of the whole staff of the hospital who, with many other friends, will offer the sincerest of sympathy to the bereaved parents. The funeral took place Saturday afternoon to Cataract cemetery.

**The Late Mrs. Fearnie.**  
Mrs. Charles Fearnie passed away this morning at the Hotel Dieu hospital at the age of sixty-one years. Although she had been ill for some time the death came as a shock to many friends. The funeral will be held on Monday afternoon to Cataract cemetery, Rev. T. W. Savary officiating.

**Long Time in Possession.**  
At Bishop's Mills, the Cochrane farm, recently sold by J. G. Cochrane, to Mr. Crawford, Heckston, has been owned by members of the Cochrane family for the past seventy-four years.

Whatever career you embrace, propose to yourself an elevated aim and put in its service an unalterable constancy.  
The silence often of pure innocence persuades when speaking fails.

**COMMENCING MONDAY FOR ONE WEEK ONLY.**  
All Overcoatings will be reduced 20%  
Good selection. Cash on delivery.
