## BOTH KINGSTON TEAMS DEFFATED; REFEREE LAFLAMME RECEIVED OVATION

### Queen's Downed by Belleville, 8-3, But Went Down Fighting—Plucky Frontenacs Beaten 7-2 by Cornwall—Hockey Not Sensational But Spectators Received Money's Worth of Excitement and Variety.

Both Queen's and Frontenacs were defeated last night in the intermediate O.H.A. doubleheader at the Jock Hartly Arena. Queen's lost to Belleville 8-3 and Frontenacs were defeated 7-2 by Cornwall.

Neither game brought forth any great hockey but both were interesting to the crowd, and the first one, in particular, was full of thrills and much closer than the score would show.

There was a good crowd on hand for the games and the sudden turn for the colder in the afternoon brought the ice to just the right hardness.

### Corns Stop Aching, Quickly Dissolve Away

The misery of a sore corn comes to an end quickly when you apply Putnam's Corn Extractor. This statement means just what it says, and you can easily prove it in your own case. Full directions are given in each package for the hot water treatment, and for applying a few drops of Putnam's to the spot that is sore. You won't be disappointed. Putnam's is not an experiment; it is a tested preparation that painlessly removes warts, corns, callouses and thickened foot lumps. Sold for 25 cents.

### PUTNAM'S PAINLESS CORN EXTRACTOR

### Intermediate O.H.A. Frontenacs vs. Queen's

Jock Hartly Arena Monday, January 28th 8.15 p.m.

ADMISSION: Reserved Seats .75 Rush Seats .50 (War tax included) Tickets on sale at College Inn and Jock Hartly Arena.

Belleville, 8—Queen's, 3. If any person should ask about the tuckiest hockey team in Canada then all people will know that they are enquiring about Belleville. With

Vernon Weir harmless throughout the evening, except for a short period when he was sitting having a rest in accordance with one of Jerry Laflamme's whims. Johnston also showed up well for Queen's and McKeivley and Grimes did their share. Both Nickle and Taylor worked hard but seemed to have slowed up and the fast ice was evidently not their element.

In the first period Hagerman scored twice in quick succession, once alone and once on a pass. Whelan bounced one in shortly after and Green bounced one in before the end of the period. A nice combination, Johnston to Nickle, gave Queen's their one score of the first period.

In the second Queen's started to make things hum but they incurred the referee's displeasure and at one time Nickle, Bond and McKeivley were adorning the penalty bench, while Campbell and Johnston tried hard to stave off the attack. Hagerman scored while they were away and McKeivley notched one for Queen's when he returned, rushing the length of the rink and beating it in as he fell.

As the third period opened Johnston scored for Queen's and brought the score to 5-2. Then the Laflamme's started again and Johnston and Bond were chased. Weir scored while the team was short. During the period Queen's received five penalties and Belleville scored three goals. On several occasions the locals made stirring efforts to come back but could not beat the luck.

Belleville—Goal, Burse; defence, Green, Finkle; centre, Hagerman; wings, Weir and Froehete; subs, Whelan and McNeill.

Queen's—Goal, Mundell; defence, McKeivley and Campbell; centre, Grimes; wings, Bond and Johnston; subs, Nickle and Taylor.

Cornwall 7, Frontenacs 5. The second game was not so lively as the first one, but kept interesting right through, and the speed was maintained till the last. The team work was negligible on both sides and both Cornwall and Frontenacs, having great respect for each other after their ninety-minute battle in the cold the other night, avoided the rough stuff. Referee Laflamme had a soft time and skated gently around with a smile on his face. Guess he must have heard one of the lads; spectators saying that he is a nice-looking man. Had he displayed a little more interest in the game it would have been much better.

Frontenacs were short men during the day on account of a recent casualty list and had to go in search of some. As a result they

turned up with only one substitute and the same handicap they have been under all year. Fred Brown seemed to be hitting the pace as well as any of them. It is needless to mention Joe Smith's, as his performance is consistently good and to be depended upon. Pugh, the R.C.A. man, gave quite a surprise in his exhibition and would have made it warm for the Cornwall goalie had he been fed for shots. Panet, with his original style, was interesting, and "Jim" Ritchie, making his first local appearance, had some nice rushes to his credit. Bellingier was fairly effective, but played too much lone hand.

Gallinger in the nets, Dicks on the wing and Lane on defence, look like Cornwall's best. Dicks did most of the scoring, directly or indirectly. Gallinger made many brilliant saves, though his work was aided by much poor headwork around the nets by Frontenacs' players. At one time three of them stood in front of the net with Gallinger sprawled on the ice outside. Among them they managed to keep the rubber out while even the referee thought they had had plenty of time to get it in and had rung the bell.

The first period was the best of the three. Dicks scored shortly after play opened. Bellingier tied it up. Dicks scored again shortly before the end of the period. In the second Fred Brown once more tied it up. Larose, E. Contant and Lane scored in quick succession. Second period ended 5-2. In the third the hockey was a little ragged and James and Larose scored for Cornwall. Frontenacs showed the effects of the hard going without substitutes. The only penalties of the game went to Ritchie, Smith and Dicks, and were all more or less minor.

Cornwall—Goal, Gallinger; defence, Lane and E. Contant; centre, C. Contant; wings, Dicks and W. James; subs., Jamteon and Larose. Frontenacs—Goal, McNeill; defence, Panet and Ritchie; centre, Browne; wings, Smith and Bellingier; sub., Pugh.

### The Annual Battle

On Monday evening the first of the annual intermediate O.H.A. battles between Frontenacs and Queen's will be on the books. It would be foolish to say that either team represents a high calibre of intermediate hockey—but it would be untrue to say that their games are not well-contested and fought to the finish.

The intermediate O.H.A. teams of Queen's and Frontenacs this year are two organizations to be admired for they have thrown themselves into the battle without gain or glory, without hope of winning out even in their own group, in order that Kingston fans might have hockey thrills of the sort they seem to demand.

When they meet on Monday night they will have the city championship at stake and also a whole lot of rivalry between them to settle. The competition between town and gown in sports is age old and there are few games which attract greater interest, or in which the players put forth more effort.

Monday evening's entertainment is going to be no exception and when Frontenacs and Queen's start their battle there will be lively doings for at least sixty minutes. It is to be hoped that they will agree on a local referee. We are properly fed up with the Toronto variety.

There are two fine squads of boys playing intermediate hockey in Kingston this year and no praise can be too great for their efforts. They have the sympathy of the fans who can praise best by their presence at the games. Queen's athletic board has lowered the admission price to thirty-five cents and fifty cents.

When they meet on Monday night they will have the city championship at stake and also a whole lot of rivalry between them to settle. The competition between town and gown in sports is age old and there are few games which attract greater interest, or in which the players put forth more effort.

### MORAN WORTHY FOE FOR BENNY

Leonard Will Have to Watch His Crown—New Orleans Boy is Fine Lightweight.

While Benny Leonard is in no danger of losing his lightweight crown, a couple of boys have come out recently who may be able to at least help Leonard keep his business from suspending.

After Leonard polished off Lew Tendler so completely last summer and after Charley White had been tapped on the chin, the lightweight champion was completely out of established opponents. He was then facing the prospect of retiring and devoting his time to the stage, a profession that appeals to him very strongly, or stepping into the welterweight class.

Pal Moran, the New Orleans lightweight, seems to be the logical contender for the title, if any promoter wants to assume the liability of the purse that Leonard will demand and the expense of staging a big fight. Moran has been showing class for more than a year and he jumped into prominence when he knocked out Charley White last summer. White, you know, many times.

Just a few weeks ago, Moran stopped Johnny Shugrue. It is true that Shugrue isn't a topnotcher, but the impressive part of Moran's performances against him was the manner in which he won. The New-Orleans boy is a legitimate lightweight and he is a strong,

rugged boy. He has a fine fighting disposition, learns quickly and seems possessed of the most ideal temperament for a fighter. Given a couple of good hard fights and he will be ready for a crack at the lightweight title.

At catch-weights no one believes that Moran would have a chance with Leonard, but there are many smart boxing men who believe that he would give the champion a real fight if Benny had to make the weight.

The champion can make 135 pounds, as he and his manager, Billy Gibbons, insists he can, it is most peculiar that he would not consent to step on the scales in public before the last fight with Tendler.

### AMERICAN SKATE MANAGER TRYING TO RUN THINGS

Chamonix, Jan. 25.—Serious differences have arisen in the Olympic skating competitions, involving the United States team, who, as the situation appeared, may not take part in the speed events on Saturday. There is a dispute over the granting of an "extra trainer's" badge for use by Clarence Carman, United States professional bicycle rider, whom William Taylor, the United States manager, insists shall be permitted to act as a trainer during the games. The French Olympic Committee has refused such permission, and the question remained unsettled.

If the deadlock continues between Committee, the participation of the United States speed skaters is considered extremely doubtful unless some eleventh hour formula is found to reconcile the opposing positions. The committee urges that the United States team is already permitted to employ two trainers and rubbers, which are not allowed to any one team, but Taylor contends there has been no such ruling. The committee offered to give Carman a special pass to the stands, but this was not satisfactory to Taylor, who insisted that Carman must work in his professional capacity as adviser to the team.

### LOCAL YACHT CLUB AFTER TIME-HONORED GEORGE CUP

The challenge of the Kingston Yacht Club for the George Cup has been accepted formally according to advices received by officials of the local body yesterday. It is also learned that the Crescent Yacht Club, of Watertown, is buying a fleet of dinghies similar to those of the Kingston fleet and will enter the inter-city races next year. Those prominent in local yachting circles look for a big season in 1924.

Among the things most worth while in this world is solitude. Why is it not more sought after?
