CHILD'S STORY OF THE HUMAN RACE By Uncle Ray

Universities of the Middle Ages. Perhaps some day you will go to college. I hope so. Universities help our minds to grow. I wish that every boy and every girl could have the joy and profit of college life. In the Middle Ages, there were universities, but of course they differed in many ways from those of today. The most famous university

was at Paris. Thousands of students gathered there, coming from Italy, Germany and England, as well as from France. In Germany, a great university was located at Cologne. The first noted English university was started at Oxford. It was largely copied after the University of Paris. Some students were as young as 12 or 13. Others were old enough to have beards on their faces. At Oxford, the barbers had a rule that each student should pay a penny a shave. An English penny is worth about two cents in American money. That seems a low price, when we think of what barbers charge nowadays. Barbers were in the habit of coming to the rooms of Oxford students to do the shaving. Their visits were weekly. I do not know how much was charged for hair-cuts. Very likely they were "thrown in free" to regular shaving customers. Some students seem to have left their hair grow very long. An Oxford rule said that students must

WHY THE WEATHER?

DR. CHARLES F. BROOKS Secretary, American Meteorological Society, Tells How.

Winter Weather in Eastern Canada. Regions cool enough to attract the summer vacationist can often also meet the requirements of the lover of winter sports. The St. Lawrence valley is noted for its abundant snowfall which reaches an average of 10 feet a winter in some regions. Moreover, its winter climate is, in some respects, an equable one, for it lacks the excessive cold usually associated with regions which are ice-bound and snow-bound five months of the year, while at the same time winter warm spells are rarely sufficiently pronounced to make travelling uncomfortable either from softness under foot or from too much warmth in winter clothing. In fact, the winter climate of eastern Canada is often the subject of enthusiastic comment on the part of visitors.

World Champion Milk Cow Is Killed at Brockville

Brockville, Jan. 31.—May Echo Sylvia, queen of cows, and holder of the world's record for milk production from one day to 120 days, was dispatched yesterday at the age of 15 years by Dr. Waghorn, veterinary attached to the staff of Avondale Farm, to the herd of which she belonged. The animal was said to have outlived her usefulness. The records which she set up for milk production have never been broken, and one of her sons sold at auction in Milwaukee some years ago for the sum of \$106,000. She was owned by Hon. Senator Hardy.

Has Your Husband Got Indigestion?

Nothing creates domestic discord quicker than an attack of indigestion, and nothing gets rid of indigestion quicker than Bisurated Magnesia. No man can be sweet tempered, good natured or even fair minded when his stomach is constantly sick, sour, gassy, and upset with after-eating distress. If your husband has stomach trouble neither scold nor pity him, but help him by seeing that he has a supply of Bisurated Magnesia (either powder or tablets) constantly at hand. A teaspoonful of powder or two tablets taken in a little water after meals will instantly neutralize the acids in his stomach that are causing his trouble and he can enjoy his meals with no more fear of indigestion. Bisurated Magnesia is the special form of Magnesia used by thousands to neutralize stomach acidity and quickly overcome indigestion. Do not confuse with Milk, Carbonate, Bismuth or Citrate of Magnesia. Bisurated Magnesia. Its action is safe, prompt and sure and it can be obtained at small cost from any reliable drug store.

WORE JUDGE'S SHIRT.

A Silk One on Man Arranged For Larceny. Ogdensburg, N.Y., Jan. 31.—When Edward McDonald, was arraigned here Saturday morning before Recorder Edwin Fitzgerald, the judge noticed that the prisoner, an unkempt fellow, wore a silk shirt that was stolen about two months ago from the Fitzgerald family clothes line. McDonald was brought before the judge originally to answer a charge of larceny concerning part of a motor boat stolen from a boathouse of Oswegatchie Yacht Club. When questioned the prisoner admitted stealing two shirts from the recorder and taking other clothes from various hanging places. McDonald's wife is now serving time in Canton jail for the theft of a cape at the armory.

Concert at Elphin.

Elphin, Jan. 30.—In spite of the storm that raged, a large crowd attended the concert held in Elphin hall, Friday evening last. The programme consisted of songs, recitations, drills, dialogues and instrumental music. The people of Donaldson played the most important part of the programme, with the young people in the dialogue entitled "The Train For Ompah Siding." It was amusing to all. Then they came in a darkie drill and acted out what the people think, say and do in love, diplomacy and style. The group-ups met in a dialogue entitled "The Meek Trial" with R. Sergeant as judge, John Morrow as court squire with Messrs Sproule and Trombely taking the parts of lawyers for the plaintiff and defendant. Evidence was given by Jack Ryder and five young ladies taking their parts on the stage as outstanding stars.
