**SAID ON THE SIDE**  
"Lost, last winter, a man's left-hand fur gauntlet," reads an advertisement in a Napanee paper. The old saying, "better late than never," evidently holds good in the matter of advertising.

**HORTICULTURAL SOCIETY.**  
Desires Large Membership—The Spring is Approaching.  
With the seed catalogues coming in, with the daffodils in the florists' windows, with the dogwood taking on its ruddy glow, one feels that spring is really approaching. Now is the time to plan the summer's garden for flowers and for fruit and vegetables. Utility must be reckoned with in the garden as well as beauty. The "cabbage patch" is worthy and must be given its due weight in the scheme of things. In the meantime one may cut a few branches of pussy-willow, or that shrub known as Golden Bells, place in water, and have a home-made vase bouquet in a few days. In a little while one may make use of a hot-bed, or cold-frame, and get a start on the growing things. It is surprising how the use of these advances matters.

The local horticultural society is seeking a larger membership. It has no other aim than to beautify the home surroundings, and to spread horticultural knowledge among its members. The popularity of the movement over Ontario is growing for horticultural societies, (or garden clubs, as they are called in the States), have increased in membership from 2,000 to 50,000 in a few years. The local society will be pleased to extend its advice to those planning a garden.
