**Floating Specks
Before The Eyes
Means Liver Trouble**

When specks start to float before
the eyes, when everything seems to
turn black for a few seconds and you
feel as if you were going to faint,
you can rest assured that your liver
is not working properly.
The essential thing to do in all
cases where the liver is slow, lazy or
torpid, is to stir it up by the use of
Milburn's Laxa-Liver Pills and
clear away the accumulated mass of
waste and poisonous matter from
the system.
Mr. Chas. Aylard, Frankville,
Ont., writes: "I used to be awfully
bothered with floating specks before
my eyes, headaches and sickness to
my stomach. I took just half a vial
of your Milburn's Laxa-Liver Pills
and ever since I have felt as well as
I ever did. Now I always keep them
on hand."
Milburn's Laxa-Liver Pills are 25c.
a vial at all dealers, or mailed direct

fit.

KINGSTON AND VICINITY

An Unfortunate Accident.
Mrs. Edward Lee, Perth, had the
misfortune to accidentally fall down
stairs at her home with the result
that she fractured her right arm and
also received injuries on her head.

Address and Presentation.
Just previous to her marriage
Miss Edna Elliott, daughter of Mr.
and Mrs. W. J. Elliott, Tweed, was
waited upon by about fifty friends
and well-wishers and presented with
an address and a choice gift.

Engagement Announced.
Mr. and Mrs. Bruce W. Towers,
Trenton, announce the engagement
of their daughter, Evelyn Mildred,
to William Bayley McClung, son of
Mr. and Mrs. S. B. McClung, Trent-
on, the marriage to take place the
early part of March.

To Lecture in Napanee.
Prof. Jolliffe, Queen's, went to
Napanee to-day where he lectures
before the Napanee Historical So-
ciety. The townsfolk are expecting
that Clarence Warner, the founder
of the society and its honorary
president, will preside at the meet-
ing.

Mrs. R. Williams Passes.
At the advanced age of eighty-five
years, Mrs. Alexandrine Victoria
Williams, widow of the late Robert
Williams, formerly of Hurdman's
Bridg, died on Monday. The late
Mrs. Williams was the youngest
daughter of the late Mr. and Mrs.
John Christy, first settlers at
Christy's Lake, after whom the
place is called.

Pays 87 Per Cent. Dividend.
Thrashing syndicates in Cobourg
locally look like gill-edge propo-
sitions. The Haldimand Thrashing
Company has completed a success-
ful season, as reported at its annual
meeting just held, having declared a
twelve per cent. dividend, and ad-
ded materially to its reserve fund.
Veronville Farmers' Thrashing Syn-
dicate has had the best season in
its history, and at the annual meet-
ing just held a dividend of thirty-

seven per cent. was declared to the
shareholders. This syndicate is also
in Haldimand township.

The Board is Organized.
The Lennox and Addington Board
of Mothers' Allowance Commission
has organized for the year. Mrs.
Wesley Wagar, Centreville, was el-
ected to the chair and W. C. Loyst,
Bath, R. M. D. 2, was elected vice-
chairman; W. G. Wilson, secretary.
The other members of the board
are Carleton Woods, Roblin, and
Christies Kellar, Napanee, R. M. D.
5.

Given A Remembrance.
Mr. and Mrs. Debiols, on leaving
Tweed for Montreal, were honor-
ed by St. Andrew's Church with an
address by Rev. Dr. McTavish and
a gift of silverware. For fifteen
years they have ungrudgingly given
of their time, their means and their
talents to the work. Mr. Debiols
said he would never forget the
pleasant and profitable years he and
his family had spent in Sulphide
and Tweed.

To Defend the Action.
A claim for \$31,290.31 balance on
contract and for interest is made
on behalf of Messrs Thomas Manley
& Son against Belleville, in con-
nection with the construction on
King George Public School. The
Board of Education was notified by
a Toronto legal firm that unless the
amount is paid instructions were to
proceed to take legal measures for
collection. The Board will defend the
action.

Schools Should Unite.
Public School Inspector T. C.
Smith has suggested to the school
boards in his inspectorate that if
schools had an average attendance
of less than ten for 1923 and prob-
ably not have greater for 1924,
it would be well for the boards to
consider the possibility of uniting
in September with the adjoining
sections as provided for under Sec-
tion 74 of the Public School Act,
1920 for it is quite probable that

this year no grant will be paid to
schools where the attendance is low
and conditions are favorable for
children to attend school in adjoin-
ing sections.

bourg and Southampton, Feb. 23rd
and Antwerp, Feb. 24th.
Marburn, from Glasgow, arrived
St. John, Feb. 18th.
Empress of Asia, from Vancouver,
arrived Yokohama, Feb. 19th and
due Hong Kong, Feb. 26th.
Empress of Russia, from Hong
Kong and Yokohama, due Van-
couver, Feb. 25th.

Glengarry Stories.
Recent mention of the confusion
of names among the Scottish people
of Glengarry county, because of
similarity and repetition among sur-
names, has caused an Ottawa read-
er to tell these additional stories:
A certain blacksmith's wife was
always called "Mrs. the Blacksmith."
Her husband died, but still she re-
mained "married to his occupation."
Her children have now grown up,
and are known as "Charlie the
Blacksmith" and "Mary the Black-
smith," although neither of them
has any connection with the business
followed by their long-deceased fa-
ther.

Kenneth Angus Ranald Macdonell
has a daughter, Janet Isabel. In her
neighborhood "Janet Isabel Macdon-
nell" would be a very indefinite
name, so she is always called "Janet
Isabel Kenneth."

meetings were held in the King Ed-
ward hotel. The evening session took
the form of a banquet.

Of the three in the transaction—
the producer, the consumer and the
middleman—the latter is quite likely
to do the least work and reap the
greatest benefit.
Simply because you run up against
opposition now and then, don't en-
tertain the idea that the world is
against you.

PROUD TO OWN ISLANDS:

Canada Has Great Heritage in Arctic
Regions.

Mr. Craig, who was in charge of
a party sent last year, gave
an account of what had been ac-
complished by the party. Mr. Craig
pointed out that with his party was
a detachment of the R.C.M.P., which
had gone north to establish police
posts and also to maintain the sov-
ereignty of the king. Much scien-
tific knowledge of the Arctic Islands
had been gained and the speaker
ventured the opinion that it was
quite possible that there was great
mineral and oil wealth in the Arctic.
He was confident that some day
Canada would be proud to say that
she owned the Arctic Islands.

Describing his party's trip, Mr.
Craig said that the easterly portion
of the northern archipelago of the
Arctic Islands had been cruised. A
post established by another party
in 1923 had been re-supplied and a
new post had been built at Cumber-
land Gulf. Mr. Craig also referred
to the justice carried on by the
R.C.M.P. among the Eskimos. Three
Eskimos were tried at Pound's Inlet
for killing a fur trader. The police,
who are highly regarded in the
north, tried the Eskimos. One was
freed, another got two years' deten-
tion, and the other was sentenced to
a term of ten years' imprisonment
in Stony Mountain penitentiary.

McMillan, the American explorer
and his party, were met at Etah in
Greenland by Mr. Craig's party. Cor-
dial relations were established be-
tween the two parties and
McMillan's party heard much
world news over Mr. Craig's radio.
McMillan had a radio, but not as
powerful as the Canadian party's.
The value of wireless was also
pointed out by Mr. Craig, who said
that the winter was by far the best
season of the year to listen-in.

Wonderful pictures of Arctic ani-
mal and native life were shown and
pictures of the midnight sun were
also viewed with great interest by
many professional and technical
men present.

MOTORISTS OPPOSED.

To Legislation About Vehicles Stop-
ping at Level Crossings.
T. M. Asselstine and H. D. Wight-
man have returned from Toronto,
where they attended the annual
meeting of the Ontario Motor Lea-
gue, as the delegates from the King-
ston branch. The report a splendid
gathering.

One of the items before the meet-
ing was that of touring camps and
the members warmly advocated the
establishment of touring camps in
every city. It was pointed out by all
the reports that all the places where
these camps had been established
had been well repaid for their en-
terprise. An endeavor is to be made
to have legislation passed to make
all new sleighs and wagons of
standard width.

The railway companies are en-
deavoring to have legislation pass-
ed which will call upon all vehicles
to stop before going over level rail-
way crossings. The Motor League is
opposed to this legislation, feeling
that it will place the responsibility
for accidents at level crossings on
motorists if such legislation should
come into force.
The Motor League held three ses-
sions during the day and they were
of a most enthusiastic nature. The
