**What The Package Does.**  
Tea growers have found from experience that it is necessary to pack tea in air-tight metal-lined chests as soon after plucking as possible to preserve the flavor and goodness of the leaf. Equally so is an air-tight package necessary for retailing tea, and for that reason, the "SALADA" air-tight aluminum package is the most practical way of preserving tea-flavor that is known. Bulk tea is always poorer in flavor since it is exposed to air.—Adv't.

Situated on the brow of a gentle rising slope which overlooks Trent street and the river, the edifice is not only an imposing structure but a valuable asset to the enterprising village of Frankford, comparing most favorably with the schools of other towns and villages of much larger size. **The Late P. J. Dowdall.**

**Property Transfers.**  
The farm belonging to the late C. E. Britton, and which lies east of Charles and William streets on both sides of King street, Gananogue, has been purchased by W. V. Bulloch for \$12,000. This property has been under lease for some years to Maplecroft Farm, and will now become a part of it.  
James Cowan, dairyman, has purchased from W. Harri the farm adjoining his own on the Kingston road about two and a half miles west of Gananogue and formerly known as the John Cowan farm.

**Farmers Short of Help.**  
During the past week, the local representative of the Ontario Government Labor employment bureau has received a number of requests from farmers who are in need of experienced help. The farmers in most cases are willing to pay good wages providing they get men who are accustomed to work on the farm and can milk cows. On Wednesday when a representative of the Whig was in the Labor Bureau a farmer came in and stated that he was right up against it for help and unless he could get a good man it would be necessary for him to dispose of some of his stock.  
It is understood that there are a number of experienced farm helpers being brought from the old country, but the great trouble is that these understand farm conditions in the old land, but they have to be taught the Canadian way when they arrive here.
