LARGER CROWDS THAN EVER

Gather for the Christian Alliance Services—Now Held in Cooke's Church.

Cooke's church was crowded to the doors on Thursday evening at the services of the Christian and Missionary Alliance. Rev. A. W. Roffe, Toronto, who presided, said that they had been forced by the large number attending to come to a larger church, and he wanted to thank the pastor and board of Cooke's church who so generously came forward to offer the use of their edifice.

The alliance colored quintette were again present and sang five or six selections that contain in themselves a sermon. Never in the history of Kingston has a group of evangelistic singers been more appreciated than the alliance colored quintette.

Miss Nellie Jones, Kuei Ling, China, continued her address on the idols of China and was listened to with much interest. "To the Chinese," said Miss Jones, "the most real of all beings is the devil. They firmly declare they see demons. They fear this person above all others, therefore they worship him in the Dragon Parade, that they might appease his wrath and escape punishment. They talk of him in his hearing so that hearing his name he might flee. They believe in judgement after death. In the head dress of all brides and children a mirror is placed so that the devil might see his own face and depart. In most temples you will find three idols. The first one is wearing sandals in readiness to go quickly to secure departed spirits. Second one is a recording angel who is supposed to record the good deeds done in this life. Third one is a man standing with a large club in his hand, the end of which has large teeth. This is their god of judgment. Forms in the temple also reveal unto them judgment of death. But we are glad that we can take to them the gospel message that Jesus came to destroy the works of the devil and to save them."

Rev. Oswald J. Smith, Toronto, and who, by the way, was born in the village of Odessa, gave his fourth discourse on "Eternal Life." "Many people," said Mr. Smith, "attempt to get eternal life by reformation, that is by turning over a new leaf. You may drop some ink on the page of a book, but turning over the page does not remove the blot. It looks all right from the outside, but it is still there. You may turn over a new leaf but unless you get the past sins forgiven they are still there and God may later turn them back on you. Fainting a pump may make it look nice, but it will not purify the water that comes from it. Its an inside matter and no touches on the outside will remedy it. Education, social service and reformation have all failed in trying to give eternal life. We can only get that from Christ for we are dead in trespasses and sin and he has to quicken the dead body and impart life first. Christ says, 'I say unto thee arise.' It is new life, to a dead body, and only by being born again can we obtain eternal life. The issue is between you and Jesus Christ."

On Saturday afternoon and evening Miss Nellie Jones will tell of her experiences with Chinese bandits.

GERMANY PREPARING FOR WAR OF REVENGE

Opinion Expressed by General Mangin at a Luncheon in Paris.

Paris, March 14.—"Germany is preparing for a war of revenge. The moderates of Germany who believe in a republic and want reconciliation with the rest of the world are losing power rapidly, and it looks as if it would not be long before we are faced with a Germany which had repudiated the Treaty of Versailles and is ready to take the consequences."

This is the opinion of General Mangin, delivered yesterday at the American Club's luncheon.
