**AN AWFUL ATTACK
OF PIMPLES
ALL OVER HIS FACE**

Pimples breaking out on the face
and other parts of the body is a
sure sign that the blood is not in
proper shape.
While the skin is the object of the
attack the real seat of the disease is
in the blood on account of the entire
circulation being poisoned.
Burdock Blood Bitters quickly and
effectually banishes pimples and all
other skin diseases as it goes right to
the root of the trouble by cleansing
and enriching the blood.
Mr. Conrad Anderson, Kelsford,
Sask., writes:—"A year ago I had
an awful attack of pimples. They
broke out all over my face and I
could not get rid of them in any way.
One day a friend told me about your
Burdock Blood Bitters and let me
have a bottle he had to spare. After
using it I noticed a change, so I
bought three more bottles, and now
I don't know there is such a thing as
pimples."

C. E. Millar, inspector of taxation,
says that his opinion of the honesty
of the people has gone up since he
became inspector for the district. He
believes the people are trying to do
their best. About ninety per cent.
of the business people have sent in their
returns. The farmers have not yet
been reached in a satisfactory way.

Old River Guide Passes Away.
At Cape Vincent, on March 22nd,
Thomas Flake, seventy-four, passed
away. The death was caused by an
attack of acute indigestion. Mr.
Flake was one of the best known of
the St. Lawrence river guides, re-
tiring only a few years ago. About
half a century of his life was devo-
ted to guiding fishermen on the river.
He was thoroughly familiar with this
section of the St. Lawrence and was
reputed to know the best fishing
places.

Only Four Months Married.
Mrs. Arthur Field died in To-
ronto. She was a daughter of Mr.
and Mrs. F. Robinson, Picton. Four
months ago she was married and
soon after her health began to fail
and a serious malady developed. The
remains were brought back to Pic-
ton for interment and service was
held in the Church of St. Mary
Magdalene from which forth a hap-
py young lady had gone forth a hap-
py bride just four months previously.
Rev. John Lyons, who performed the

A Splendid Citizen Gone.
One of the splendid citizens of
the township of North Marysburg
has passed away in the person of

Mrs. S. D. Williams, aged, forty-
seven years. She had been ill for
some time. In 1904 she was mar-
ried, taken from school teaching in
the neighborhood. She is survived
by her husband, three brothers, Wal-
ter Welbanks, Milford, David R.
Welbanks, Picton; Arthur Wel-
banks, Redlands, Cal.; and four sis-
ters, Adelaide Cole, Ogdensburg;
Anna, Herrington, Oregon; Aurelia
Arnold, Winnipeg, and Bertha
Storms, Picton.

The Variation in Bulk Tea.
The quality of bulk tea is unre-
liable for several reasons. In the
first place its origin and age is
unknown to the housewife so that
it does not carry any responsibility.
In the second place, it is exposed to
the air while offered for sale, and
therefore very quickly loses its
flavor and freshness. Even if it were
as good as "SALADA" in the first
place, it would rapidly deteriorate
for this reason and in any case it
would be impossible for any dealer
to follow consistently the same
quality throughout the year. "SA-
LADA" always maintains an un-
varying high standard, possible
through skilful blending and careful
preservation in sealed aluminum
packets.—Advt.

Late James Franklin Davis
Tweed's oldest citizen, in the per-
son of James Franklin Davis, passed
peacefully away on Monday. Mr.
Davis was born in Thurlow township
June 26th, 1831, and spent part of
his manhood in business in Norwood.
Later he moved to Madoc where he
spent several years in business for
himself, then to Campbellford, from
whence he moved to Tweed in 1884.
From that time on, he has devoted
all his energy in building up a good
business in the grocery line. Mr.
Davis was twice married and leaves
a family of four daughters and two
sons.

A Tale of Two Cities

**THERE ARE
400,077
TELEPHONES
IN THE
LONDON AREA**

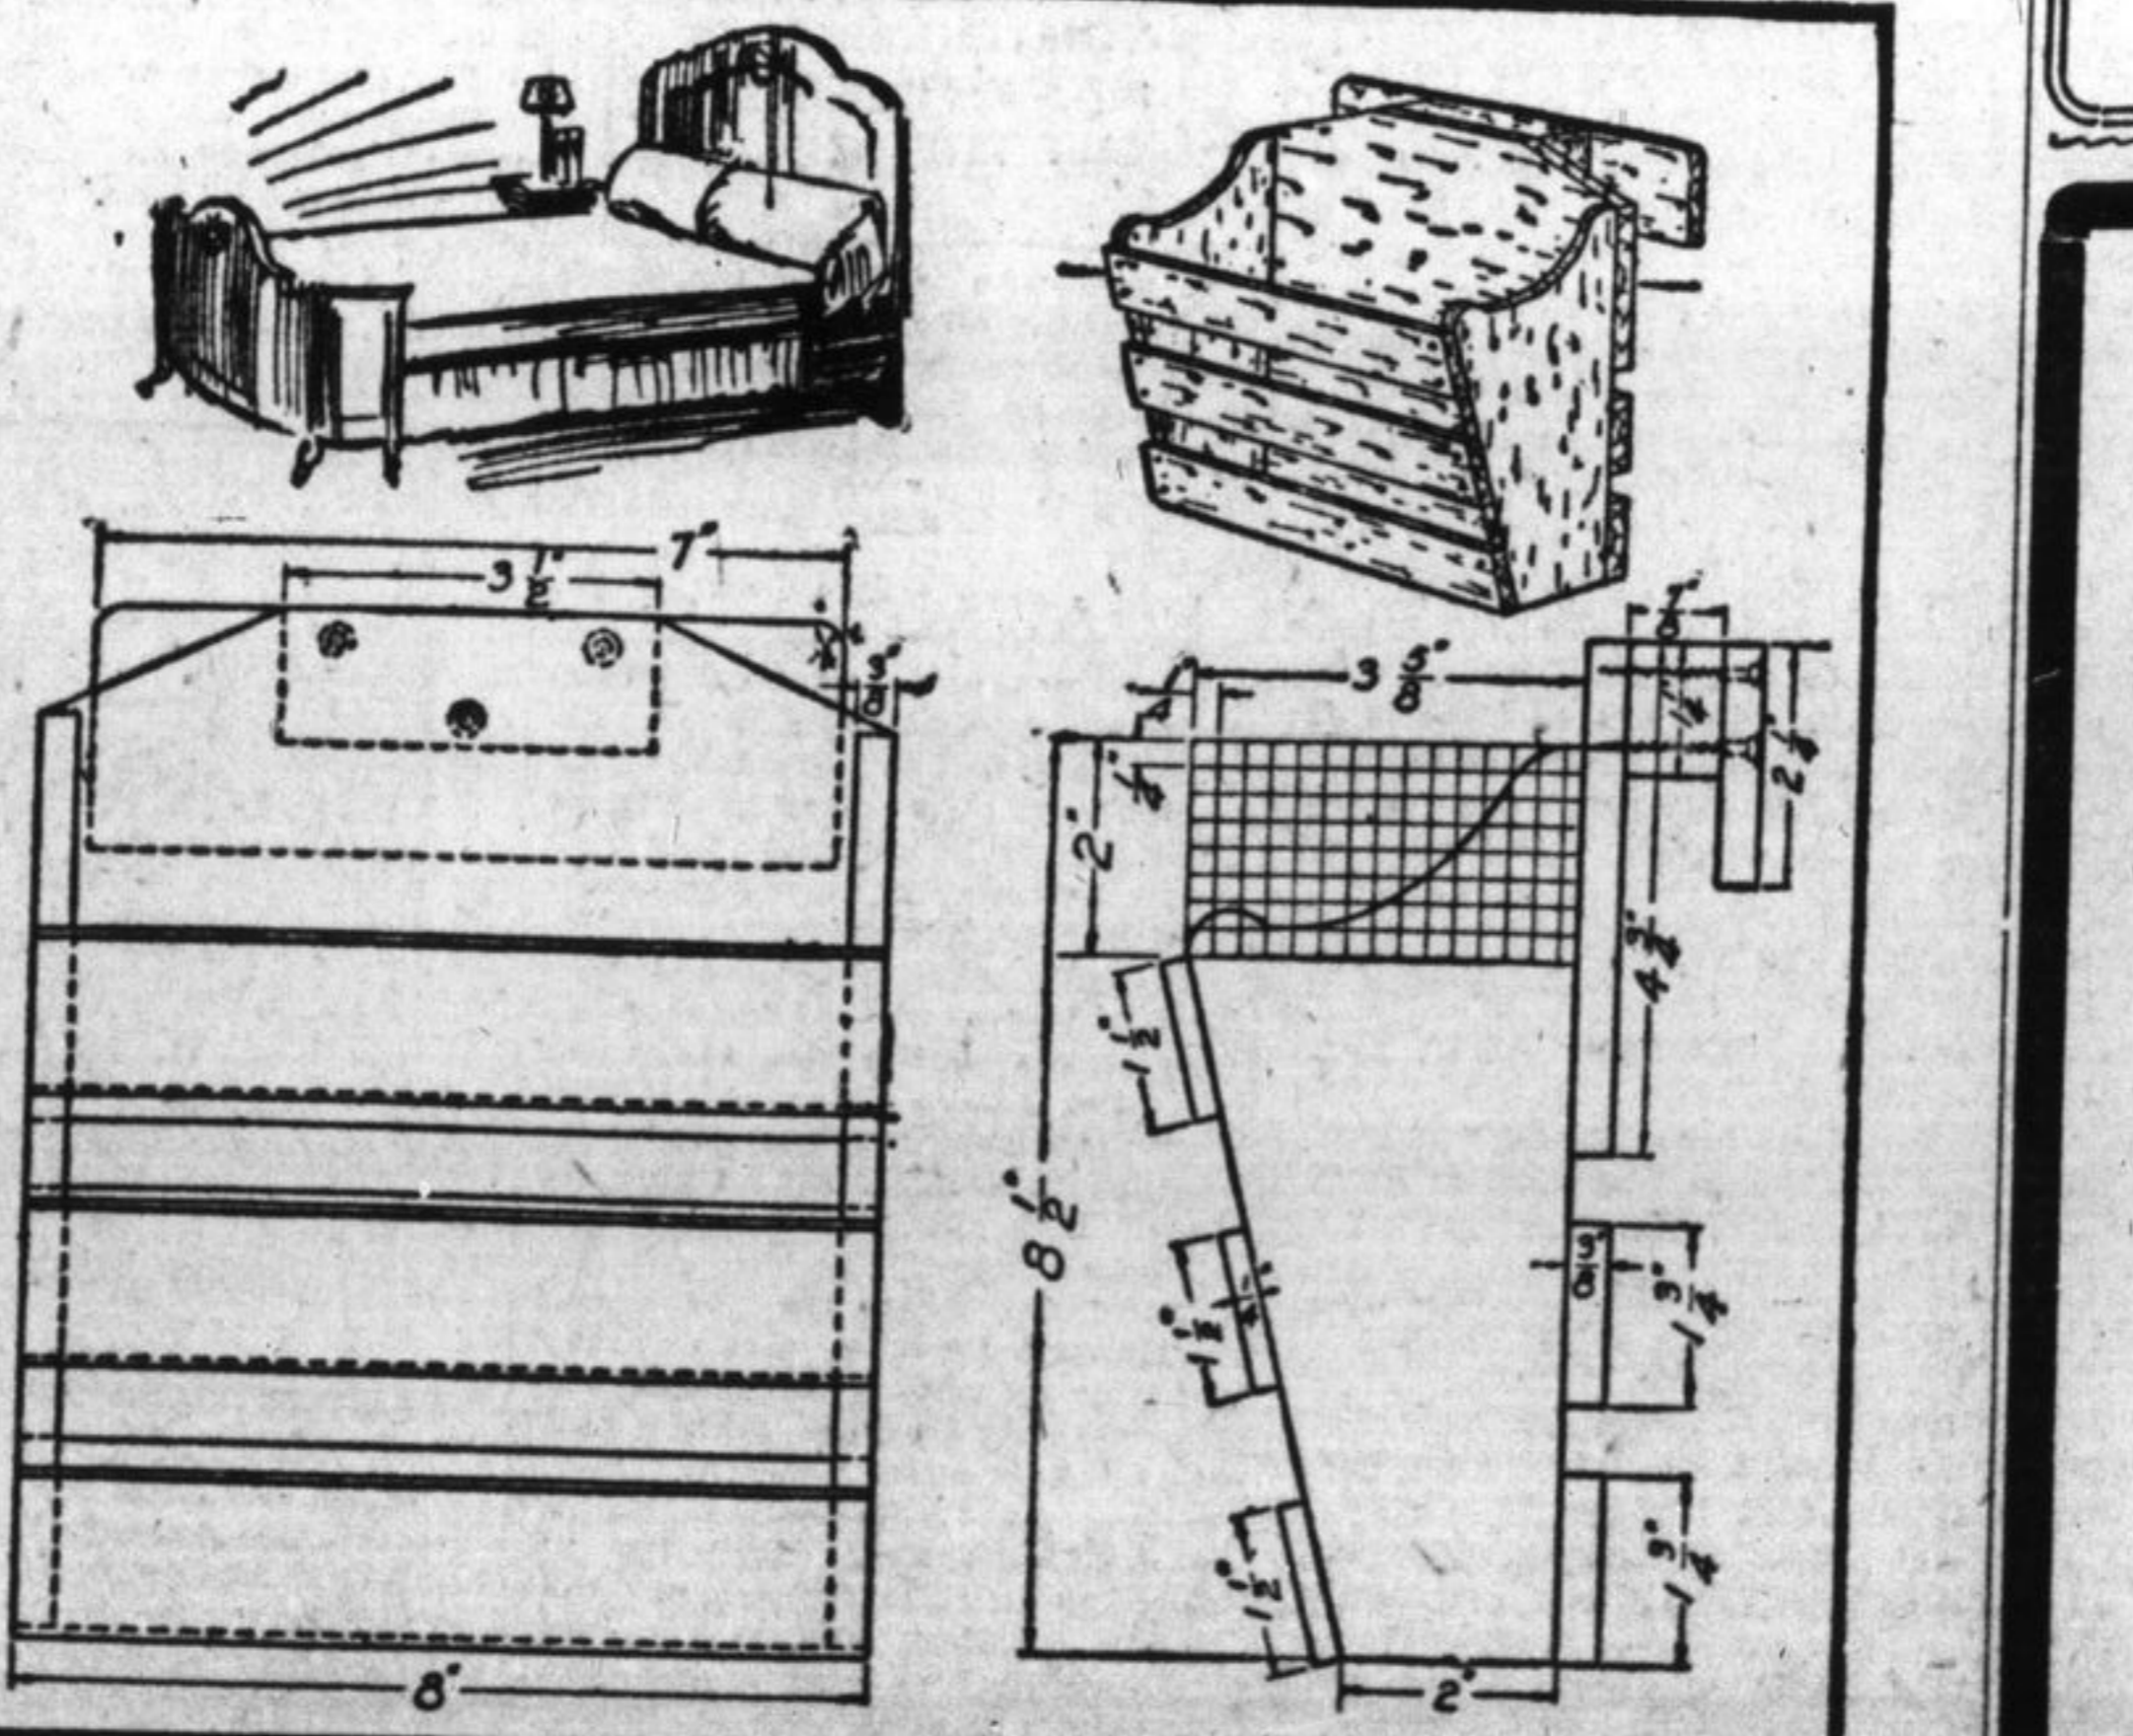

**TORONTO
NOW HAS
130,375
Telephones
IN SERVICE**

The camera recently snapped a
telephone worker in Old London
in the act of posting up outside one
of the city telephone offices, the
latest figures of development in the
London Area. The 400,077 telephones
he is seen announcing would indicate
a development, based on a population
of seven million, of 5.7 telephones
per hundred of population.
At the same time that the above
figures were on view in Lon-
don, there was posted up in the big tele-
phone building on Adelaide Street,
Toronto, the regular monthly record
of telephone development in that city.
The figures for Ontario's metropolis
stood at 130,375, which works out on
the basis of 600,000 population, at
21.73 telephones per hundred of
population.
The contrast between the 5.7 per
hundred of London and the 21.73 of
modern convenience.

Tool-Craft All Sorts of Things for Boys and Men to Make By Frank I. Solar

The slipper rack was designed
especially for father's use, but, for
that matter, any member of the
family might enjoy having one on
the side of his bed to keep bed-
room slippers handy.
Patterns of paper must be made
for the side and top back piece.
By using the square method the
free-hand curves will not be dif-
ficult to make. The curves can be
sawed with a coping saw and the
straight pieces finished to size with
the plane and saw.
Assemble the parts with brads or
roundhead screws if you wish to
add a little decoration to your
work. The top back piece and the
parts that fit over the bed rail will
have to be fastened together with
screws so they will not pull apart.
The block that fits between the
top back piece and the piece that
clamps over the bed rail should be
just a little thicker than the bed
rail. If the rack is made from high
grade wood, stain, shellac or varnish
may be used; otherwise several coats
of enamel or paint is better.
