Mrs. C. Stone, Naticoke, Ont., writes:—"Some time ago I had a very serious attack of dyspepsia, and was also troubled with gas on my stomach. I could hardly eat anything, and very often had pains after meals. I had used different medicines, but they didn't seem to do me any good. At last I happened to run on the track of Burdock Blood Bitters, and after using it for a short time I felt a lot better. I continued its use until I was completely relieved and now I am ready to recommend it to anyone troubled as I was."

**Re-Elected Deputy Reeve.**

stubbornly fought municipal con-  
tests: Percy township, Northumber-  
land county, has ever witnessed, ex-  
Deputy Reeve W. H. Nelson was  
elected deputy reeve to fill the va-  
cancy caused by his own resignation,  
defeating John Allen by a majority  
of 45. Deputy Reeve Nelson resig-  
ned some time ago when proceedings  
were started to unseat him on the  
ground that he could not legally  
hold the position, as he was a school

**Advices Parents to Protect Offspring.**  
The jury investigating the death  
of four-year-old Charles Shaw, kil-  
led as a result of being struck by  
a motor on the highway east of  
Belleville, brought in a verdict of  
accidental death, the driver, Wilbur  
Johnston, being exonerated, on the  
ground that he did everything pos-  
sible to avoid the accident as the  
child rushed against the side of the  
motor. The jury suggested "that  
parents be cautioned and that chil-  
dren of tender age be accompanied  
by older persons when on the high-  
way or crossing streets in the city."

**FEELING OLD AT FORTY**

You Can Regain Your Vitality by  
Building Up Your Blood.  
Middle age comes too soon if you  
let the cares of life exhaust your  
blood, leaving you tired and worn  
out. Women, especially, are apt to  
neglect their health. All their anxie-  
ty is usually for other people. House-  
work consumes their vitality. They  
become middle-aged too soon and  
suffer in the process, merely because  
their blood is exhausted.  
Not so the woman who realizes that  
the real usefulness is to preserve  
her youth as long as she can. She  
does not cause anxiety to those who  
love her by being ill, or by always  
having headaches or backaches, or a  
pain in her side. Her blood is kept in  
good order—rich, red and pure; she  
is cheerful and active.  
The vitality and youthfulness that  
abundance of good blood gives can  
be yours if you like. To make rich,  
red blood you have only to take Dr.  
Williams' Pink Pills. You will soon  
feel the new blood tingling in your  
veins; your headaches and backaches  
will go, your appetite will improve;  
you will be happy yourself and give  
happiness to others.  
You can get these pills through any  
dealer in medicine, or by mail at 50  
cents a box from The Dr. Williams'  
Medicine Co., Brockville, Ont.

**Hoboes Avoid New York.**  
New York, April 3.—The hobo is  
becoming extinct along the sidewalks  
of New York. A check-up by welfare  
societies of the "flop houses" on the  
Bowery and other favorite haunts of  
the genus bears out the statement.  
The Hobo College, famed as an  
East Side hostelry for those of the  
roving nature, is still open to the  
public, but its registry cannot boast  
the records it used to.  
Reasons advanced for the growing  
scarcity of the tramp are that he can  
no longer successfully meet both the  
demands of his conscience and those  
of New York employers.

To what dost thou not compel the  
minds of mortals thou accurst hun-  
ger for gold?  
None is a fool always, everyone  
sometimes.

has been created to apply them  
daily. The name is Pepsodent.  
That is fast bringing a new den-  
tal era. Careful people of some 50  
nations use Pepsodent today.

**Fights acid too**  
Pepsodent also multiplies the  
alkalinity of the saliva, which is  
there to neutralize mouth acids. It  
multiplies the starch digestant in  
saliva. That is there to digest  
starch deposits which may other-  
wise ferment and form acids. The  
use of Pepsodent brings these con-  
stant new protections, and they are  
found to be essential.

**No one can doubt**  
A few days will convince you  
that Pepsodent is the tooth paste  
for your home.  
Present the coupon for a 10-Day  
Tube. Note how clean the teeth  
feel after using. Mark the absence  
of the viscous film. See how teeth  
become whiter as the film-costs  
disappear.  
You will be glad you tried it.  
Cut out coupon now.

**To clean teeth—It fights film  
You owe it to yourself**

This is to you who still brush  
teeth in old ways.  
There is a newer, nicer way. It  
means new safety, new beauty,  
new delights. Millions now em-  
ploy it.—The whiter teeth seen  
everywhere show you one of its  
effects.  
Ask your dealer now for this  
ten-day test and learn what ben-  
efits may come to you and yours.

**That coat is film**  
That viscous coat you feel on  
teeth is film. Under old methods,  
much of it clings and stays. It be-  
comes discolored, then forms dingy  
coats. That is how teeth lose their  
beauty.

Film is the great tooth enemy.  
It holds food substance which fer-  
ments and forms acid. It holds the  
acid in contact with the teeth to  
cause decay. Germs breed by mil-  
lions in it. They, with tartar, are  
the chief cause of pyorrhea.  
Film-caused troubles were, in  
old days, almost universal.

**New ways found**  
Dental science has in late years  
found two ways to fight that film.  
One disintegrates the film at all  
stages of formation. One removes  
it without harmful scouring.  
These methods have proved ef-  
fective. A new-type tooth paste

**Protect the Enamel**  
Pepsodent disintegrates the film,  
then removes it with an agent far  
softer than enamel. Never use a film  
combatant which contains harsh  
grit.
