AN AUTOMOBILE ACTION

Earl Teepel Falls in His Suit for Damages Against Karl Leishman.

There was a very busy session of the Division court on Tuesday. Twenty-seven cases were on the docket. Of that number fourteen were judgment summonses.

The case of Earl Teepel vs. Karl Leishman for damages amounting to \$75.11, took over two hours. The action arose as the result of the Dodge touring car owned and driven by Karl Leishman, and a Ford touring car, the property of Earl Teepel, colliding at the corner of Princess and Division streets on the morning of January 14th.

Teepel contended that as he was coming from the right, he had the right away and that the defendant was driving on the left side of the street. Teepel claimed that he had sounded his horn and that Leishman should have stopped his car and allowed him to cross the intersection first. Leishman and his witnesses swore that he was coming up Princess and was as close to the side walk on the right hand of the street as the condition of the road would permit. Leishman claimed that his automobile was only running at a rate of ten miles an hour, and had as one of his witnesses the driver of one of the Imperial oil tanks, which are fixed so that they cannot run over twelve miles an hour. The driver of the oil tank testified that if anything he was gaining on Leishman. Leishman claimed that Teepel was coming along Division street at a rapid rate of speed and when he neared the intersection he cut the corner so short that he was compelled to bear slightly to the left side of the street or some person might have been killed or seriously injured. Leishman, through his solicitor, entered a counterclaim for \$96.50.

Judge Lavelle stated that he was satisfied the accident occurred on the north-east corner of the intersection as stated by the defendant and his witnesses, and that Teepel had cut the corner. The judge stated that as far as Teepel having the right away there was nothing to the claim, as according to the new act there was no such thing as the man on your right having the right away. He said that Teepel should have looked to the left as well as the right. The judge stated that he was satisfied that the plaintiff had failed in his action and that he would have to allow the defendant the full amount of his counter-claim.

A. B. Cunningham acted for the defendant, and Rigney & Hickey presented the case for the plaintiff.

During the evening Alexander Bryant spoke a few words on the good of the brotherhood and took the opportunity of expressing thanks to the committee which had arranged the evening's entertainment. Mr. Bryant, as usual, was full of wit and humor. Later an interesting talk was given by Financial Secretary-Treasurer H. D. Harling, on "Radio." He afterwards entertained a few of the mem-
