STEACY'S - Limited

ICE GONE AT DESERONTO EXHAUSTED WOMEN WIN NEW STRENGTH AND NERVE POWER

Mrs. Frederick Cummings Has Returned Home From Kingston Hospital.

Deseronto, April 7.—The ice bridge, which forms across the bay, at the beginning of winter, went out Sunday morning at 9 a.m. This clears the bay of ice and the fishermen are now able to get their boats on the water.

The Home and School Club held a tea on Friday afternoon at the home of Mrs. William Seals, Thomas street, which was largely attended.

Mr. and Mrs. George Palmer were callers in Napanee on Saturday. Mr. and Mrs. Earl Hammett have returned to town for the summer, after having spent the winter in Trenton. Mr. Hammett is with the C.N.R. A. R. Treadgold was a caller in town Sunday.

Dean Starr, St. George's cathedral, Kingston, preached in St. Mark's church on Sunday evening.

Mrs. Frederick Cummings, Dundas street, who has been in the Kingston General Hospital, for some weeks, was able to return home on Saturday, on the 6.15 p.m. train. Mrs. Cummings has many friends who are glad to see her improved in health and also to see her home once more.

Jack Reeves, Belleville, who has been telegrapher in Malley's, for some months, has returned to Belleville to complete his course. Miss Gertrude Vandewater, Thomas street, and a recent graduate of the O.B.C., Belleville, has accepted a situation in Toronto and has left for that city.

Charles Thompson, former resident of this town, passed away in Belleville last Thursday. The remains were brought to the home of his son, Clayton Thompson, on Green street, and the burial was Saturday afternoon at Deseronto cemetery.

There was a good sized market on Saturday. Maple syrup was plentiful selling at 50c per qt.; eggs 23c and 24c per doz, while butter, choice dairy, was steady at 40c per lb. Cabbage was offered at 5 and 10c per head.

Miss Ruby MacDonald, Pointe Ann, is the guest of Miss Babe Cole, Maine street. The robins and all the spring birds have arrived and a few warm days will make it very spring like.

Quickly Renew Body Vitality by a Home Treatment Costing Few Cents a Day

What makes the glowing beauty of womanhood? Red blood. Rich, red blood is the driving force of life. If the blood is weak, watery, impure we know nothing of the joys of success and accomplishment that come with abundant strength and nerve power. Red blood feeds the body tissues, nourishes the nerves, makes our systems tingle with the pulsing of life.

These women, and men as well, who are quickly exhausted, nervous, sleep fitfully and awake unrefreshed, who have not the vital nerve force to succeed and who must have new energy, should think first of their blood. Nourish the blood. Enrich it. Get from your druggist to-day a generous size bottle of Wincarnis, the blood builder. Start the Wincarnis home treatment at once. It costs less than ten cents a day. No need to be pale, weak, haggard. Wincarnis will quickly give you new strength, vitality, nerve force.

BIG CHICAGO BUILDER

John Mills, Brother of Thomas Mills, Kingston, Has Had Much Success.

The March 24th issue of the "Economist" contains an article referring to the successful business career of John Mills, Chicago, elder brother of Thomas Mills, banker. The article is very interesting in view of the fact that Mr. Mills is a former Kingstonian. It is as follows:

"Every few months during recent years attention has been directed, either through public announcement of a huge programme or through issuance of permits, to the operations of Mills & Sons on the West and Northwest sides. They are undoubtedly the most extensive builders of small homes and two-apartment buildings in that section and probably throughout the city, yet at no time has the scope of their work been fully emphasized. They are more than home builders; they are community builders. They have taken large tracts of little better than farm lands and within a few months have made them thriving neighborhoods of attractive homes and flourishing businesses. To them, probably as much as any other factor, has been due the expansion outward in this direction of recent years.

"They have just sold the three-story brick building now under roof northeast corner Austin and North avenues, 50 x 125, to Antonio Cerami for \$175,000. Two years ago this corner was a part of a hayfield. Mills & Sons began operations. They erected 500 two-apartment buildings, sold most of them before they were completed, and developed a community. Then they began improving the business frontage along North avenue. They had provided the customers, and now they were in a position, to offer merchants something besides brick and mortar. Thus it will be seen why they are successful.

"In the next three months they expect to extend their operation a half a mile eastward, to Central and North avenues. Here they contemplate the same programme; they will erect 500 two-apartment buildings, providing accommodations for 1,000 families, and then will proceed with the development of the business properties. They have just completed at the southwest corner of Central and North avenues to the new Service State Bank building, which is now open for business.

"They have recently started work on 116 two-apartment buildings on the Northwest Side which they expect to have completed within two months, and already almost 40 per cent. of these have been sold. The total investment involved in this programme alone will approximate \$1,500,000 according to John Mills. They have also acquired from the estate of James N. Brown, of King's county, New York, 887 x 1,200 on the south side of North avenue, 887 feet east of Oak Park avenue. This they will hold for future development until adequate transportation facilities can be provided."

Late John E. Griffith, Sillsville, Napanee Reaver.

At Sillsville, South Fredericksburgh, on Sunday, March 16th, there passed away a highly respected resident in the person of John E. Griffith, youngest son of Gilbert and Flora Griffith. In early life he matriculated from Napanee high school, then attended Belleville College, and was graduated from that institution the same year as the late Dr. Dorland. He then entered a law firm in London. From close confinement and hard study he passed through a trying illness, came back to recuperate on the old farm. Being frail from birth, he never regained his former health, but died as he wished, on the farm where he was born. He was of U.E.L. descent on both sides, his grandfather being a nephew of Philip Embury, of precious memory. A few years ago he suffered the loss of his eyesight and being an inveterate reader, he felt the blow very keenly, although he never complained. He was also an expert in shorthand, having written the Book of Psalms in book form by an ordinary lamp at night, which his friends concluded was the cause for losing his sight. Then the loss of his home by fire was another blow from which he never recovered. Thus one by one our friends are passing.

PRODUCE MARKETS

GRAIN QUOTATIONS.

Toronto, April 8.—Manitoba wheat—No. 1 Northern, \$1.09. Manitoba oats—No. 3 C.W., 42 1-2c; No. 1, 41 1-2c. Ontario barley—65 to 70c. American corn—No. 2 yellow, 98 1-2c. Ontario rye—74 to 78c.
