**HEART WAS SO BAD HAD TO SIT UP IN BED**

Mrs. O. E. Fitzgerald, 106 Ross St., St. Thomas, Ont., writes:—"In the fall of 1921, I was taken ill with my heart, but I did not pay much attention to it. I kept on with my household duties, but seemed to become worse and worse, and finally had to call in a doctor. He said I was all run down and was a nervous wreck. I had a severe pain in my chest which would move over to my heart and it became so bad I could not lie down, as when I did I had such a smothering feeling I would have to sit up in bed till it passed away.  
I tried several remedies, but with no good results. Finally, I was induced to try Milburn's Heart and Nerve Pills. I took 2 boxes, and I am now as well as I was 30 years ago, and I am now 65 years old."  
Milburn's Heart and Nerve Pills are 50c. a box at all druggists or dealers, or mailed direct on receipt of price, by The T. Milburn Co., Limited, Toronto, Ont.

**Only Three Horse Cabs.**  
There are only three horse-drawn cabs doing business in Kingston at the present time. About twenty-five years ago there were about three or four dozen cabbies in Kingston. Now the only ones left on the stand are Frank Gallagher, William Gallagher and Charles Diamond.

**Captains Will Arrive.**  
It is expected that in the course of a couple of days the captains of some of the lake steamers that wintered in Kingston harbor will arrive in the city to take command of their vessels. The engineers have been at work for some time getting the machinery in good working order.

**A Blended Tea is Better.**  
Tea from one garden, no matter how fine it is, possesses certain desirable qualities but may lack others, because all characteristics are not developed under the same condi-

tions. If the tea has a perfect flavor or it may lack richness; if it has body it is, perhaps, without the same perfection of flavor. To combine all the desirable qualities in one blend has been the work of the "SALADA" Experts for over a quarter century and the brand "SALADA" is the fruit of their labours.

**Use of Military Clothing.**  
Notice has been given by G. J. Desbarats, deputy minister, department of national defence, that the wearing of any military uniform or article of military clothing is now deemed to be unauthorized except on a definite military duty or parade, for memorial services, celebrations and official functions in connection with the late war provided, permission has been given by the district officer commanding; for military funerals where similar permission has been given, or for other occasions where special authority is issued by the officers commanding a military district.

Announcement is made that, pursuant to the order-in-council which went into effect on March 31st, persons who wear military uniforms or military clothing on occasions and under circumstances other than those authorized, render themselves liable to prosecution under the Criminal Code of Canada and are thereby liable to a fine not exceeding \$300 or to imprisonment for any term up to 12 months, or both fine and imprisonment.

**BUILDING A LONG YACHT.**  
James Parker, Oswego, N.Y., Hopes To Sail Her on July 4th.

Ald. James Parker, former commodore of the Oswego, N.Y., Yacht Club, is building a new boat—a combination sailing and power yacht—which will be one of the largest of its type to be found on the southern shore of Lake Ontario.

Work is progressing rapidly on the boat and a wager is being held that it will be in sailing condition by July 4th. It will be 43 feet over all, 11 feet and 10 inches beam with a water line of 26 feet and will have a combination center board and keel. There will be no cabin above the deck, which will extend back to the cockpit. The keel was hewn from a big oak tree which grew near Crockett's.

The yacht will be yawl-rigged and the two masts will be about fifty feet high. A thirty-horse power gasoline engine will be installed. The boat is being built for salt as well as fresh water, all of the bolts and fastenings being of copper and galvanized iron.

The designer of the craft is Michael Cummings of this city who designed more than a dozen of the fastest boats in his locality. The builder is James R. Botting, who is an expert in that work. It will be Alderman Parker's third boat and those who are familiar with it declare that it will be an addition to the Oswego Yacht Club fleet, of which the members will have a right to be proud.

The new yacht will be in shape to participate in the annual regatta of the Lake Yacht Racing Association, which will be held in Big Sodus bay the coming summer.

It is with ideas as with pieces of money; those of least value generally circulate the most.

MRS. ELIZA KILLINGBECK

**Could Hardly Lift Her Hands**

Terrible Weakness Caused by Digestive Disorders, Quickly Relieved by Dreco. Peterboro lady now has splendid appetite, sleeps soundly and strength is returning every day.

"For years I had suffered from stomach trouble and indigestion," says Mrs. Eliza Killingbeck, of 200 Edinburgh St., Peterboro, Ont. "I had a very poor appetite and would bloat terribly after eating. I had frequent dizzy spells and felt very weak and run down. My nerves were all on edge and I couldn't sleep at night. Sometimes I was so weak I could hardly lift my hands to my mouth. My kidneys, too, were bad and I suffered, no end of misery from them. I was also chronically constipated."

"I took all kinds of medicines and dear knows how much money I spent trying to get relief, but nothing did me any good. Finally, my son advised me to try Dreco and after taking four bottles, I can truthfully say that I feel 100% better. While I still have to watch my diet, everything I do eat agrees with me and my nerves are steadier than for years. I sleep soundly, have no more dizzy spells or bloating, and my kidneys are in good condition. My constipation is also relieved and I feel that my experience with Dreco justifies me in recommending it very highly."

Dreco is the most reliable corrective and tonic for digestive disorders made. It stops suffering by stopping the cause of it, which in most cases is nothing but weak, lazy digestive organs. Dreco strengthens and regulates these organs till they do their work properly. It contains no mercury, potash or habit-forming drugs, being a purely herbal preparation with absolutely nothing injurious in it.

Dreco is being specially introduced in Kingston by Ma-hood's Drug Store. It is also sold as follows: Napanee, Wallace & Co.; Gananoque, W. E. Austin, and by a good druggist everywhere.

**How Parker Abolished Pen Faults**  
And Inspired the World to Write

FIRST came the Parker "Lucky Curve" that produces a leak-proof feed and steady flow by capillary attraction. Then the simple "Press-Button" Filler, concealed inside the barrel—out of harm's way.

Next the Duo-Sleeve Cap, with its Inner Sleeve fitted to the shoulder of the pen with micrometric precision, making the Parker INK-TIGHT.

Then the Over-Size Barrel with its surplus Ink Capacity and its big, symmetrical girth that the hand holds with fingers gently extended.

Then the Duo-fold Point, with a fused-in tip of polished Iridium, guaranteed 25 years for mechanical perfection and wear. Then the black-tipped lacquer-red barrel that's handsomer than gold and makes this a hard pen to mislay.

Lastly the new \*Gold Girdle that reinforces the cap—was \$1 extra, now free, due to large output.
