What Size Ad Do You Wear?

"What size, please?" asks the clerk when you go into a store to buy a new hat. You tell him the size you wear and he goes to the neatly arranged shelves from which he selects different styles for your approval.

Having such a large number of hats in stock is the secret of being able to satisfy everybody. And the same thing accounts for the A-B-C Classified Section's being able to satisfy everybody.

It won't take you very long to find an ad. just made for you. These alphabetically and numerically arranged offers are even more convenient and systematic than the haberdasher's shelves.
