ASTHMA NEVER CAME BACK

Since Taking The Fruit Treatment in "Fruit-a-lives"

Read this letter from Mrs. J. M. Pennington of New Rockland, P. Q. "In 1919, I was taken with Bronchial Asthma and no one knows what I suffered during the winter. I began having choking spells and would just gasp for breath and could not speak. The doctor said he could do nothing for me. In the spring of 1920, I started taking "Fruit-a-lives" and soon the choking spells became easier and I have not had one since May 7th, 1920. It is such a relief to be able to go to bed and have no thought of having to get up in the night for an hour or more as I did all that winter, but never have to now, all because I take a "Fruit-a-lives" tablet every night. 25c. and 50c. a box—at all dealers or sent postpaid by Fruit-a-lives Limited, Ottawa, Ont.

Price of Cheese.
A Leeds county cheese maker, when speaking to a representative of the Whig on Thursday afternoon, stated that the farmers who supply milk to his factory had been paid at the rate of 95 cents a hundred pounds for the month of March. The patrons were not at all satisfied with the price, but they realize that the reduction is general, so they will have to put up with it for the time being. When asked how the price compared with the war prices, he stated that the highest price paid was \$57 per hundred, which was also three times as much as at the present time. The cheese maker stated that March cheese had sold at 12 1-2 per pound, which is considered very low; in fact the lowest that it has been for about ten years.

Absorbine Jr. enables you to shut the door quickly.

A Son of Kingston.
Dr. Stuart Thomson, who is proposed for U.S. minister to China, and U.S. senator from Jersey is a son of Kingston. Dr. Thomson's mother was the talented Elizabeth Ferris, of Kingston. His grandmother (on her third marriage to brother of Sir John Macdonald) Mrs. Mary Macdonald of Kingston and Sydenham, lived here for 83 years. His maternal grandfather, John Ryder, of Black River, (Watertown, N.Y.), was one of the chief founders of Kingston and its first crown surveyor, laying out much of the city and Wolfe Island.

Oil Fields to Be Worked.
The Wainwright-Fabyan-Irma oil field in Alberta province is being put on a firm basis. Seven companies are carrying on operations and a busy season is assured. There was a blow out of the Imperial well and oil and gas flowed incessantly until the well was capped. A sample taken by Richard Akyroyd, president of Wainwright Board of Trade, to Dr. Kelso, of the University of Alberta, Edmonton, was proved in analysis to contain 15 per cent. kerosene, 3 per cent. sediment and impurities, between 2 and 5 per cent. gasoline and the rest bottoms, from which are taken lubricating oils. Mr. Akyroyd, who is handling the oil fields, is a brother of Dr. Akyroyd of Kingston.

Prevention Is Better Than Cure.
The changing of the seasons, and particularly from winter to spring, invariably means the signal for disease of many kinds. The best prevention to be adopted is for the general public to both eat and drink only what they are convinced is absolutely pure. Milk is one of the most important diets. J. J. Wilmot, Pittsburg, takes this opportunity of advising the public that the milk sold by him is under the most sanitary conditions, being thoroughly tested and possessing all the richness of quality desirable. The people of Kingston can rest assured that for quality, value, service and satisfaction, I. I. Wilmot ensures all patrons of reliability. Phone 2366, R14 for any information, and orders received are guaranteed prompt attention.
