ANOTHER AUTOMOBILE ACTION DISMISSED

Gananoque Car Owner Loses Case He Brought Against Prospective Buyer.

On Tuesday morning, Judge H. A. Lavell gave his decision in the case of J. G. Lloyd vs. James Colton, both of Gananoque, which was recently heard in court chambers. The plaintiff asked for \$300 damages to his automobile which he claimed were caused by negligence on the part of the defendant.

The accident, in which the automobile was damaged, happened when Mr. Colton and an employee of Mr. Lloyd were driving along the provincial highway about two miles east of Gananoque. Mr. Colton had agreed to purchase the automobile on condition that Mr. Lloyd would teach him to drive it. The Lloyd automobile had been sent out on the evening in question, with Mr. Colton and driver employed by the owner. When the accident happened Mr. Colton was sitting at the steering gear and Mr. Lloyd's assistant was sitting at his right.

The defendant claimed that he agreed to buy the car on condition that he was shown how to drive it, although he was sitting at the steering gear when the accident took place, he was only taking a lesson in driving.

Judge Lavell, after giving the case much consideration, dismissed the action with costs.

Ambrose Shea acted for the defendant and A. B. Cunningham, K. C., represented the plaintiff.

A DEBATE AT BETHEL.

On Question of Prohibition—Neither Side Won.
One of the best meetings of the year was held on Monday evening, in Bethel church, it being a joint meeting of the intermediate and senior Christian Endeavor societies of that church.

The programme consisted of a debate, "Resolved That World-Wide Temperance Can be More Effectively Attained by Prohibition than by Education." Miss Violet Smithers and Donald Bruce, of the intermediate society handled the affirmative, while Mrs. Loretta Veale, and Miss Lillian Millar, argued for the negative. The affirmative gave many points showing the advantages and effect of prohibition, while the negative claimed that we would never have had prohibition if the people had never been educated to the need of it.

The judges were William Clyde, A. E. Oakes, and Fraser Smith, and after much deliberation they came to the conclusion that both sides had stated their case well, and although the negative had failed to win the debate, the affirmative had failed to make their case.

During the evening Miss Lois Fowler and Miss Elsie Duncan favored with solos.

The police department is determined that the motor drivers must obey the law.
