**LARGE REWARD FOR IRISH MURDERERS**

Free State Government Seeks the Five Responsible for Queenstown Crime.

Dublin, May 14.—The Free State Government yesterday issued a proclamation offering £10,000 reward for information leading to the arrest and conviction of five men said to have been responsible for the attack at Queenstown, March 21st on a leave party of the Royal Garrison Artillery, when one British soldier was killed, one officer seriously wounded and 17 soldiers and five civilians were struck by machine gun bullets.

The proclamation named the men, gave full descriptions of them and offered £2,000 for information leading to the arrest and conviction of any one of them. The Government offered £5,000 to the first person to cause the arrest of all five, and £1,000 for the arrest of any one.

Names of the five were given as Daniel Donavan, thirty years old, of Cork; Frank Busteas, twenty-six, of Blarney; Jim Grey, twenty-five, of Cork; M. Grey, twenty-six, his brother, and Peter O'Shea, of Cork. The quintette was said to be in the south of Ireland.

**ONE-FOURTH OF CANADA'S POPULATION AT SCHOOL**

Illiteracy in This Country Has Been Reduced to a Minimum.

Ottawa, May 14.—Nearly one-fourth of Canada's entire population is at school and of the 2,000,000 pupils more than 40 per cent. are in one-room schools in rural areas according to a statistical review of Canadian schools published by the Canadian Council on Child Welfare. The field covered by the review includes personnel, accommodation, inspection and playground activities.

The statistics show that 1,800,000 children are attending state controlled day schools and 50,000 are in schools subsidized but not controlled by the state. There are 57,000 instructors in the proportions of one male teacher to every five women teachers. Taking the age of 10 as a minimum it is stated that the illiteracy in Canada was reduced by 54 per cent. between the years 1891 and 1911.

Summing up the problem of retardation of pupils the report states: "It would seem reasonable to conclude that there is no time gained by children coming in before the age of six and a half or seven." Irregular attendance and physical defects are among the chief causes of retardation.

Medical inspection in different provinces show that out of 219,578 pupils examined, only 13.4 per cent. were found to be without defects, and about 48 per cent. had defective teeth. The report points out that rural children seem to suffer from many of the defects to a greater degree than city children. The school activities that should contribute to the solution of the retardation problem are summarized under the following heads in the review: Medical, dental and nurse and psychological inspection; school hygiene and supervised playgrounds; special classes for retarded and defective pupils; manual training; clubs, fairs and exhibitions; consolidation of rural schools. Under playground activities a large mass of statistical information is presented by the review showing the development of that branch of educational work.

**THE ANNUAL MEETING OF KINGSTON W.C.T.U.**

Mrs. W. M. Campbell Elected President—Mrs. J. Wright's Retirement is Regretted.

At the annual meeting of the local W.C.T.U., held on Tuesday in the Y.W.C.A. parlors, Mrs. John Wright presided in her usual highly efficient manner. Mrs. Wright's knowledge of the work and his needs, with her untiring zeal for the cause, have been such that the local union has had a most admirable president during the past year, and sincere regret was felt that she could not continue in office another term.

Mrs. Elmer Smith took charge of the devotional period after which interesting annual reports were received from the corresponding secretary, the treasurer and some of the superintendents of departments. The election of officers for the ensuing year resulted as follows: President, Mrs. W. M. Campbell; first vice-president, Mrs. G. A. Bateman; second vice-president, Mrs. John Wright; third vice-president, Miss Harvey; treasurer, Mrs. J. Wilson; recording secretary, Mrs. S. F. Campbell; assistant recording secretary, Mrs. Walter Cooke; corresponding secretary, Mrs. M. E. Lyon.

**British Columbia Beer Plebiscite on June 20th**

Vancouver, May 14.—A beer plebiscite will be held at the same time as the provincial elections on June 20th, was the definite announcement made by Attorney-General A. M. Manson yesterday. London Rotary Club announced the election of Dr. A. J. Grants as president.

**DENOUNCES DUMPING OF THE "LITTLE ASIANS"**

A More Selective Policy With Regard to Immigration Is Urged.

Winnipeg, May 14.—Urging a more selective policy with regard to immigration in order to make Canada an Anglo-Saxon country, Walter McRaye, Canadian author, who is in Manitoba in search of data for a book of history on the province, denounced the wholesale dumping of what he described as "little Asians" into the west in addressing the Kiwanis club here.

In advocating Canadian nationalization, Mr. McRaye stipulated that he did not want it confused with the nationalization proclaimed by Quebec, but rather founded upon principles brought to Canada by United Empire Loyalists, that we should always remain British and should in all things govern ourselves.

"We have come to a time when decisions must be reached whether we are going to have a Canadian people or just a string of people living in Canada with their eyes fixed on some other country, and I say that Canada should harbor no man who cannot and will not become a Canadian," Mr. McRaye declared.

The question he said was how we are going to Canadianize the foreigners if we are not Canadianized ourselves. Even the government refused to recognize "Canadian" as a nationality. He did not expect a man to forget his mother country but he thought it was illogical and unreasonable of a Canadian born to be branded as an alien or hyphenate.

"I yield to none in my loyalty to the empire, but the pride that takes first place in my heart is the pride of being a Canadian," Mr. McRaye concluded.
