KIWANIS KARNIVAL CAUSES ENTHUSIASM

The Big Event Starting June 3rd Has Every Assurance of Success.

The announcement of the Kingston Kiwanis Karnival commencing June 3rd was the subject of a lot of comment among the citizens and it is felt that it is sure to be a huge success. The Kiwanis Club has a habit of putting over everything it undertakes and the members promise that this will be one of the most unique and interesting events which will ever be held in this city.

What is the object of this great event in the Armouries for five days from June 3rd to 7th? Primarily it is to raise funds for the charity and welfare work of the Kiwanis Club but, as well, to afford fun, music and entertainment for the people of Kingston and the surrounding district at a time of the year when such an event is desirable.

The Kiwanians are all working hard at the details of the event and are desirous of securing the support of other organizations that would care to lend a hand. Already the Boy Scouts have promised their help and the help of others is solicited. The unique events will be announced shortly and will consist of a baby show, decorated bicycles, beauty show, style show, bird house contest and a number of other novelty attractions. There will be a change of programme each evening with one big feature that alone will be worth more than the price of admission. These features will probably include the R.M.C. cadets, the Kingston Choral Society, Miss Hudson's dancing girls and the boys' choir. There will be dancing every evening. The charges of admission will be announced later, but will be no higher than 25c for adults and less for children.

Some Further Novelties. Latest developments to-day revealed further plans for the Karnival. It is felt by the members that a "Fine Arts" section would be a delight to many visitors and if any charitably inclined citizens, knowing that their property would be in a perfectly safe, dry room, guarded at all times, they might loan a couple of paintings or other pieces of work to this worthy cause. The committee will try to bring this splendid idea to a fulfillment and a canvas will be made where fine paintings are known to be. Whether it is carried through or not depends upon the response made to the appeal.

Ladies' Work. The Kiwanis ladies are being organized to help out in many parts of the programme. With the girl guides they will look after the tea rooms, fortune telling and other novelties.

Dancing will be held every evening with a good orchestra. It is probable that "Jitney" dances will be the system used. Kiwanian "Jack" Newlands is in charge of the erection of the booths for the exhibitors and his estimates show an enormous amount of lumber which will be used. It is certainly going to be a big event.

THE Y.M.C.A. CAMPAIGN.

Reports Wednesday Night Bring Subscription Total to \$2,289. The second report supper in connection with the local Y.M.C.A. campaign, was held Wednesday night. The reports of the workers brought the total for the two days' canvassing up to \$2,289. The increase for the day's effort, while not up to expectations, was nevertheless considered satisfactory, in that there were no very large subscriptions included, and also because of the fact that only about a dozen canvassers handed in their reports. The total of \$2,289 was made up as follows: \$1,601.50, previously acknowledged.

\$40, R. E. Burns.

Provincial Constable Livingston, Guelph, was in the city on Thursday and took into custody two prisoners at the Portsmouth penitentiary who completed their term. They are wanted at the Ontario reformatory to answer to charges.

KINGSTON AFFORDS SPLENDID WHARFAGE

For Pleasure Boats and All Other Craft From the River Points.

Considerable discussion has taken place recently in reference to the facilities for motor boats landing in this city. There are two distinct classes of traffic, one comprising the large motor boats which are running as a commercial proposition carrying passengers for hire, and the other private owned yachts carrying owners and their friends.

For the past few years both classes have been coming to Kingston and have been using the retaining wall along the railway tracks between Brock and Clarence streets for the purpose of landing passengers. No charge whatever has been made for the use of this landing place, and although this property is owned and controlled by the railway companies, these boats have never been interfered with in the slightest but have been allowed to land at their convenience. The same conditions will apply this year exactly as they have applied in the past, and no further concessions have been granted. The boats are at liberty to land as usual; customs officers are on hand to check off their passengers, and every convenience is given to facilitate the landing of boats the same as in the past.

Kingston is offering better facilities and better service than any port on the American side. Boats carrying passengers for hire and landing at Alexandria Bay are obliged to pay wharfage and in addition, if they land there after hours or on Sunday, have to pay the fees charged by the customs officials. Clayton has a small free wharf which may be used, if not occupied by other boats, but charges are made for overtime by the customs officials and in addition a charge is made for the use of the immigration office. At Cape Vincent, the ferry company operating into that port was obliged to build an immigration shed, and, in addition, has to maintain, heat and light it, and pay a rental for the use of the wharf.

Taking everything into consideration, our neighbors from across the line have no reason whatever to complain about the service they are receiving in the city of Kingston.

TO PRESENT PICTURES.

To the School of Kingston on Friday Afternoon.

On the afternoon of Empire Day at 2.30 o'clock the presentation of I. O. D. E. pictures to the public and separate schools of the city will take place. The presentations will be made by members of the various chapters of the I. O. D. E. at the different schools, excepting Victoria, which will take place at the same hour as the exercise being held by the school in Grant Hall. The pictures will be received by members or representatives of the Board of Education. Those for the K. C. I. will be presented at a later date. There are thirty-six pictures to be distributed in Kingston. They include historical paintings and scenes in connection with the late war.

"\$1, Gillette Razors." Gibson's.

DAILY MEMORANDUM. Euchre and dance, auspices of Hockey Club, Y.I.C.F.A. hall, Thursday, 8 p.m. Admission 35c.
