That tired of luxurious motorcars, many members of London's smart set are returning to the horse carriage for shopping purposes and for driving in the park. Many smart equipages are seen every day in Bond Street, Mayfair and the park with high stepping horses, as in the Victorian era.

That Hugh Walpole remarks: "I am an optimist because I believe in the everyday man and woman, in their fineness, the greatness of their hearts, their pluck, their cheerfulness. It is not that I do not see their faults, but I believe that when you balance them up most men and women will be found on the side of the angels."

A Song of Age. Hey for the days of laughter! Hey for the dreams of youth! Life held no dark hereafter, No touch of pain or ruth. Then sorrow lay a-sleeping, Unknown were care and weeping, And all the years were keeping, Were laughter, love and truth.

Our madcap youth is over, Gone its unclouded skies, And you and I, O Lover Grown old and staid and wise; Love knows no tide ebb or flowing, And still his fires are glowing, Dear, in your steadfast eyes. —Norah Holland.

ENGAGED? London is all excited about the rumored engagement of Lady Margaret Sackville and Premier Ramsay MacDonald. The premier is a widower. Lady Margaret is the youngest daughter of Earl de la War, one of the Laborite members of the House of Lords.

PORTIA! When Miss Minnie Goldman, of Chicago, won her diploma to practice law she never guessed that one day her father would be her client. But now he is the defendant in her "biggest case." Her father, Abraham Goldman, faces federal trial in Worcester, Mass., with his son-in-law, Joseph B. Marano, Chicago, charged with embezzlement in connection with the looting of the Warren National Bank.

A man who is not able to make a bow to his own conscience every morning is hardly in a condition to respectfully salute the world at any other time of the day. Men of genius are often dull and inert in society, as a blazing meteor when it descends to earth is only a stone. Conduct is three-fourths of our life and its largest concern.

The Editor Hears

That it took some time for the public to grasp to fact that the Bank of Montreal was closed on Saturday because it was a bank holiday. At ten o'clock a group had gathered at the big black doors waiting for the bank to open and every minute some one else arrived, walked up and tried the door with an air that plainly said to the waiting crowd: "See them let me in." Some people were angry, some disappointed, but the majority realized that the 24th of May is one of the few days in the year the hard-working staff is allowed to relax.

That the warm rain of Saturday has greatly increased the growth and the gardeners are feeling in better spirits. Rhubarb and lettuce and other greens are plentiful and should be used by the family. Doctors tell us that Canadians do not eat enough fresh vegetables at any time.

That some very pretty and attractive frocks and hats are to be found in the Kingston shops and there is no need to go out-of-town to purchase your summer wardrobe.

WOMAN'S INSTITUTE.

Harrowsmith. A special meeting of the Woman's Institute was held in the town hall, Harrowsmith, on May 22nd at 8 p.m. Miss Emily Guest, B.A., of Toronto, gave a very instructive and interesting talk on "How to Make an Efficient Study." An excellent programme of music was given by Miss Dorothy and Mr. Shibley Neilson of Wilton, who played on their violins. They were accompanied by their mother, Mrs. K. N. Storms, on the piano. A vote of thanks was moved by Mrs. J. D. Shibley, seconded by Mrs. E. E. Day to Miss Guest and the musicians. The meeting was closed with the singing of the National Anthem, to meet on the last Tuesday in June.

Napanee. During the past year, ten regular meetings of the Napanee Branch of the Women's Institute have been held in the Agricultural rooms. 121 members have been enrolled in that time, with an average attendance of 33.2. Outsiders as well as members of the Institute assisted in making the meetings a success. Six addresses and four demonstrations have been given during the year: "Getting the most out of the day," and "Making the Institute more Progressive and Helpful," by Mrs. Laura Rose Stephen. "Methods of Improving our Institute," Mesdames Haight and Young. "Travel Talk of her Trip on the Continent," Mrs. W. S. Herrington. "Delegates report of convention at Ottawa," Mrs. Ella Wagar.

The Demonstrations were all given by members of the Institute. These proved very helpful and instructive. Demonstrations of Du-Ko, Mrs. W. J. Dolley. Tests for Wool, silk and linen materials, Mrs. Ralph Ham. Candy making, Mrs. Susie Robinson. Judging cake, by the members. An interesting feature of the meetings was the talk of Current Events, by Mrs. Ella Wagar. An unique meeting, worthy of mention, was held on Grandmothers' Day, when many old relics were displayed by the members. A two weeks' night class in "Good Values and Cooking," was given under the able leadership of Miss Hopkins. This course was much appreciated

in two pieces crosswise. Sprinkle with the juice from one lemon and let stand a few minutes in a cool place, then dip in the following batter and fry: Fritter Batter: Mix together one cup of flour and one-fourth teaspoon of salt; stir in two-thirds of a cup of sweet milk (or water may be substituted) and one tablespoon of melted butter, then add the beaten yolks of three eggs and fold in two stiffly-whipped egg whites. After dipping the banana pieces into this batter, place them in a small saucepan containing two or three inches of fat which is hot enough to brown a cube of bread in a few seconds. It is never necessary to turn a fritter in the fat, as when it is done on the under side the heavier weight of the upper, uncooked side will automatically turn it over. Remove from the fat with a long-handled fork when well brown on the under side after this turning. Dust the fried fritters with powdered sugar.

Chocolate Doughnuts: (Contributed by Mrs. P. J.) "Beat two eggs till light and add to them one and one-fourth cups of sugar; beat again, then add three teaspoons of melted butter, one cup of sweet milk and two squares of bitter chocolate melted. Sift together four cups of bread flour, one-half teaspoon of salt, two teaspoons of cream of tartar and one teaspoon of soda, and add this. Flavor with one teaspoon of vanilla and fry (as above described)."
