Medical Council Examinations.

Fifty-four candidates are writing in Grant hall on the examinations of the Ontario College of Physicians and Surgeons, which began Tuesday and conclude Wednesday noon. Dr. J. F. Sparks is presiding. The Dominion Council examinations will be held next week, and for these 35 candidates have applied. Dr. Matheson will preside.

To Lay the Corner Stone.

The date for the laying of the corner stone of the new high school building at Athens will be either Friday 13th or 14th, but likely will be Friday, June 13th. Hon. W. F. Nickle, Kingston, is expected to perform the ceremony and plans are being made to make this a gala day for old Athens.

On Saturday Rev. D. A. Cowan, Brockville, united in marriage, Miss Frances E. Hewitt, daughter of Mr. and Mrs. William Hewitt, Frankville, and William C. Kyle, Menoquin, Wis.

On Wednesday some 500,000 pickered spawns were placed in Charleston Lake.

"Buy Compacts," Gibson's.

AMUSEMENTS

What the Press Agents Say About Coming Attractions

EXCELLENT BILL AT CAPITOL.

Paramount promised us, and George Melford in his latest production, "The Dawn of a Tomorrow," which opened at the Capitol yesterday, has given us an even greater success than both "The Light That Failed" and "Flaming Barriers."

He has produced the picture with an all-star cast, headed by Jacqueline Logan and including David Torrence, brother of Ernest; Raymond Griffith, leading man; Guy Oliver popular character actor, and Marquerite Clayton, one of the most beautiful blondes in pictures. Miss Logan, Torrence and Griffith have featured roles.

The story is a love melodrama by Frances Hodgson Burnett—a popular novel and successful stage play. The settings are the drawing rooms of London society, behind the scenes in British politics, London on a foggy night, the Limehouse river-front, the slums of Cheapside.

It's human and wholesome, with many melodramatic high-spots, one of the most interesting films we have ever seen.

An Jacqueline Logan—she just reaches right into the hearts of her people in her characterization of Glad.

Crouch and Moore in Music and singing act, make one of the most talented acts yet shown at the capitol theatre.

"THE RENDEZVOUS" COMES TO THE STRAND

Conrad Nagel and Lucille Rickson play the leading roles in Marshall Neilan's "The Rendezvous," at the Strand to-day.

Every moment of this great motion picture packs a surprise. It's a wonderful love story of a pleasant lass and a soldier boy staged against the thrilling background of Russia in upheaval. If you like action don't miss a second of this thrilling photoplay.

VISITED CORNWALL

Kingston Salvation Army Band Spent Two Days There.

The Kingston Salvation Army Band returned Monday from a visit to Cornwall where two days were spent. On Saturday, the band put on a splendid concert in the town hall. On Sunday services were conducted in the citadel and in the evening, joining with other congregations of Cornwall, a community service was held in the town hall, with Rev. Mr. Falls acting as chairman. A beautiful musical programme was given by the visitors, including "The Hallelujah Chorus." "I Know That My Redeemer Liveth" and many other selections. The band was under the command of Ensign Boshier. A large crowd attended all the services.

Adjutant and Mrs. Beecroft, who conducted the services in the Kingston S. A. citadel on Sunday, have returned to Montreal. Local members of the Salvation Army are high in

(Special to The Whig)

Belleville, May 27.—Producing a complete reversal of form over Saturday's showing, the Belleville Trunks opened the local season before 1,500 fans when they downed Kingston Ponies in a hard fought game, 8-6.

Kelly, star southpaw, who has hurled Kingston to two victories in as many starts, went the route but was pitted against a hurler who was pitching his best ball. In all fairness Kelly should have had the count closer but Batstone, who looked to be suffering from a bad arm, had three bad misplays which gummed the works up somewhat.

There were the usual ceremonies which attend all openings and they were brief. Mayor Mikel pitched the first ball; T. P. J. Powers was the catcher and Walter Scott the batter. Both pennants were raised and the season was on.

Kingston got the jump in the first inning when one run crossed the plate but Belleville came back with two. Things went smoothly until the third, when the Ponies went on a batting spree. Evans fanned, Compeau singled to right, Batstone hit by pitched ball, Cherry struck out. Daley tripled, scoring Compeau and Batstone. Gallagher walked. Rice singled and Daley scored. Rice taking second. Purvis grounded to third. Belleville could do nothing while the Ponies were adding one more to their total until the seventh and this knotted the contest.

Weir rolled out to Purvis but Ross got a life on Evans' fumble. W. Mills singled and H. Mills took free transportation. "Crook" Williams caught one of Kelly's curves and hit for three cushions, clearing the sacks, and he later came home on Meagher's single. Belleville added to its quota by two in the eighth. Rice made a bad play by muffing the third strike on Harry Mills, and two scored. Compeau looked good and is a find, while Purvis played a nice game at first. One pitcher cannot carry the load and Gallagher does not seem to work after being knocked out in Psteboro. The league is very evenly composed and Central Ontario League fans will see some fine baseball during the season. The Trunks are sadly in need of practice especially fielding but from now on will be in there. Kingston has a much better team than last year and they can hit.

Score by innings:

RHE	10
Kingston	1 0 3 0 1 0 1 0 0 6 7 4
Belleville	0 2 0 0 0 0 4 2 x 8 9 3

Umpires—Benson, plate; Hallinan, bases.

OBITUARY

Little Boy Passes.

The sympathy of the entire community will go out to Mr. and Mrs. William Wisikin, 36 Lower Charles street, at the loss of their youngest boy, Charles Frederick, who died during Monday night. He was an exceedingly bright and playful little fellow and his sudden death is a severe blow to his parents, his one brother and two sisters. About four days ago the little lad was stricken with an illness of the throat which was not thought serious at the time. His father is a member of the Whig mechanical staff and the sincere sympathy of the Whig employees goes to the bereaved parents. The funeral will be held on Thursday afternoon and will be of a private nature.

The Late F. E. Rathbun.

The death occurred suddenly, on Friday, May 23rd, of Frederick Ernest Rathbun, aged forty-one, only son of the late Frederick Sherwood Rathbun, Deseronto, and Mrs. Jean Rathbun, Pine Hill road, Toronto, and husband of Ivy Norman Pentecost. Deceased was engaged in the lumber business at Deseronto, and resided for a time in Edmonton, where he was connected with the Canadian Pacific Railway, returning to Toronto to take up a responsible position in connection with the liquidation of the Standard Reliance Loan Company. At the time of his death he was forming the "Electro-plax" Company. Mr. Rathbun was an enthusiastic sailor and prominent member of the Royal Canadian Yacht Club.

LOCAL NEWS ITEMS

Brief items of interest picked up by the Whig Reporters.

"Ice Cream Bricks." Gibson's. Mr. Swaine, piano tuner. Orders received at 100 Clergy street west, phone 5644.

Two or three sets of doubles on the bowling green Monday night marked the opening of the season.

"Nelson's Bricks." Gibson's. An examination in shorthand and typewriting is being held at militia headquarters on Wednesday morning.

R. J. Bushell is very much pleased with the response of the citizens to the cheap excursion to Ottawa he is organizing.

"Ice Cream Bricks." Gibson's. A large crowd of citizens were down to the C.P.R. station Monday night to see the R.C.H.A. batteries off to Petawawa.

In police court Tuesday morning a young man was found guilty of having liquor in other than a private dwelling place and was fined \$200 and costs.

"Nelson's Ice Cream." Gibson's. Phyllis Andrews, hit on Monday by a street car, was not seriously hurt. Her face was scratched, but she was at school today.

"Buy Tooth Brushes." Gibson's. Five drunks were fined ten dollars and costs in police court on Tuesday morning. A woman, who had been remanded on a charge of vagrancy, was sent to the Home for the Aged.

Convocation Hall will see moving pictures at the chemists' lecture there Wednesday night after a long lapse of time. The first movies in Kingston were shown in this hall about 27 years ago.

"New Yardley Soap." Gibson's. The Kingston Camp 277, Woodmen of the World, held a meeting in the "C" Monday night when acceptance was made of an invitation from Smith's Falls to attend the unveiling of a memorial to one of their late sovereigns on Sunday, June 8th.

LADY TURNS ON WATER

To Drown Music Next Door—Utilities Commission Acts.

Two women living on Stuart street have been having trouble. One takes objection to what the other regards as music flowing from her home from time to time. She refuses to recognize it as music, but regards it as a nuisance and in an effort to drown the sounds that come over to her house she has, so it is alleged, been allowing her water taps to run and thereby wasting a great deal of the city's water which costs money for the city to pump.

The matter became so serious that it was brought to the attention of the public utilities commission at its session on Monday.

While the members of the utilities commission have no authority to decide as to what constitutes good music, they must protect the city from water wastage and it was decided that the lady in question shall be notified that she must not waste the water. Otherwise, there will be trouble for her.

CLIMATIC CHANGE FELT IN PRAIRIES

Weather Now Milder Than Thirty Years Ago—Various Explanations.

Calgary, May 27.—Weather observers, as well as old settlers in the West, entertain the belief that the climate of this country is changing. A weather authority formerly of the United States, maintains positively that this change has been slowly but surely, taking place for the past thirty years.

The bitter winters of several decades ago are not experienced by the present-day settler. The blizzards that raged continually in parts of the Prairie Provinces are now comparatively rare. In those days the dread silence which preceded a storm held nature in a deadly grip until the onrush of the maelstrom of snow and wind with its destruction engulfed all things in its wake.

The weather has perceptibly changed for the better.

Strawberries can be raised anywhere in the Prairie Provinces, together with other rarities of fruits the growth of which was regarded as impossible several years ago. Men connected with forestry work in these provinces say that in time horticulturists will be able to supply the people of western Canada with every kind of fruit demanded, outside of the tropical varieties.

Discussing the causes of this weather transition, weather prophets advance several logical theories. Some claim that the weather merely moves in cycles—first warm, then hot. They inspect records of years back, and, by taking the weather average over periods of ten years

"Plate Brushes" at Gibson's. O. L. Munroe has closed his blacksmithing business at Athens, and will probably take up residence in Morristown, N.Y., where his daughter resides.

"Good Tooth Brushes." Gibson's. Florence Lillian McCaslin, youngest child of Mr. and Mrs. Thomas McCaslin, Brockville, passed away on Sunday, after a long illness, aged thirteen years and nine months.

Rev. William Patterson, Cooke's Presbyterian church, Toronto, is returning after many years' service.

"Febecoo Tooth Paste." Gibson's.

LIKE FATHER, LIKE SON

A family of prelates, this! At right, Frederick C. Lawrence, who was ordained to the deaconate by his father, Bishop William Lawrence (centre) while, at left the Rev. William A. Lawrence, rector of St. Stephen's church, Lynn, Mass. The occasion of the father performing the solemn ordination service for his son recently made a most unusual and impressive scene.

RADIO CAN NOW KEEP A SECRET

John Hays Hammond, Jr., photographed in Rome, Italy, where he has entered into contract with the Italian government for the purchase of a radio device which permits secrecy in transmission and permits more than one message to be sent simultaneously on the same wave length. Demonstrations in Italy brought to light that the device makes possible "narrow-casting," the opposite of broadcasting, and long the dream of radio fans. Young Hammond is the son of the famed writer, educator, financier and diplomat, John Hays Hammond.

each say that average temperature of these cycles has never varied to any great extent since the first observations were made. Others are supporting the viewpoint of those who believe that a change is taking place.

Some attribute the climatic transition to irrigation projects of the west. There are now about nineteen million acres under irrigation and Justice is truth in action. Right wrongs no man.

THE GIANT AND THE DWARF

Here are two extremes in Uncle Sam's naval aircraft—the giant dirigible Shenandoah and the baby blimp J-1. Both are at the Naval Air Station in Lakehurst, N.J. The smaller balloon is a new model of non-rigid design.

A LEAP AND A LURCH AND HARVARD HAD WON

This remarkable action picture shows the strenuous finishing style of Bob Allen, Harvard sprinter, as he crashed across the line, victorious in the 440-yard run in a recent inter-collegiate duel at Cambridge.
