CITY COUNCIL REPORTS

Another Petition Against Chinese Laundry Sent to the License Inspector.

At the meeting of the city council on Tuesday night, the reports of the various committees were adopted.

The property committee recommended the following:

"That the tender of H. W. Watts, to do all work in the basement of the office, formerly occupied by the Bank of Montreal, in accordance with plans and specifications for the sum of \$635 be accepted, being the lowest."

"That the tender of Henry Hunter, to do the concrete work, carpenter work, alterations to plumbing and heating and hardwood flooring in the police station, in accordance with plans and specifications for the sum of \$414, be accepted, being the lowest, and that the tender of W. J. Vince, to do the painting for the sum of \$137, be accepted, being the lowest."

Board of Works.

The report of the Board of Works recommended as follows:

"That the application of E. L. Ruddy Company, to erect an advertising sign on a vacant lot South of 403 Division street be granted."

"That a sewer be constructed in Barrack street between Wellington and King streets."

"That on account of it being dangerous to motor traffic, the pole at the corner of Johnston, Nelson and Collingwood streets be removed."

"That diagonal spaces seven feet wide on Montreal street, west side, be marked off with weather proof paint."

"That the centre of all street intersections in the paved area be marked with a raised disc, white paint or other marking."

"That the application of J. Page to erect a portico on his house on Sydenham street be granted."

The request of the Kingston Amateur baseball club, for a grant of \$200, was sent to the finance committee.

The petition of Peter Davis and others against the renewal of a license of the Chinese laundry at the corner of Earl and Division street, was referred to the license inspector.

The following communications were sent to the Board of Works: Flexlume Sign Co., Ltd., Toronto, re sign 208 Princess street and Frontenac Hotel.

Bell Telephone Company replacing poles, wires and subsidiary ducts.

VanLaven Bros., making application to install free air and water service in front of premises at 34-38 Princess street.

BOARD OF HEALTH.

Reports Received From Milk And Sanitary Inspectors.

A meeting of the Board of Health was held on Tuesday afternoon, but the business was of a routine nature. Reports were presented by the milk inspector, Dr. G. W. Bell and the sanitary inspector, Eugene Sleeth, showing that both officers had been active in their work.

The sanitary officer reported that since the last meeting, he had placarded fifteen dwellings, two for diphtheria, two for measles and ten for scarlet fever, while he had also placarded a house which had been found to be unfit for human habitation.

In his report Dr. Bell showed that he had examined 168 cows and made 31 dirt tests. Ten cows had been condemned. Fifty-one had been tested for tuberculosis and two had been found suspicious and taken out. Some minor complaints were dealt with satisfactorily.

Daughter Now Dental Nurse; Son Graduates as Dentist.

Mr. and Mrs. T. H. Ferguson, 370 Brock street, will leave for Toronto on Thursday to attend the graduation of their daughter, Mary, as dental nurse, and their son, Robert, as a dentist. Both are graduates of the Kingston Collegiate Institute.

Mr. and Mrs. Ferguson will go on to London to visit their son, Hiram, who is manager of the Shell Motor Company of that city.

No matter how old you feel now you never are as old as you are going to be.

THE CHEMISTS' MEETING

Dinner and Dance Tuesday Evening—The Papers Read on Wednesday.

The annual meeting of the Canadian Institute of Chemistry on Wednesday morning, opened the second day's programme of the annual convention of Canadian chemists in Gordon hall. Amendments to certain by-laws formed the main topic of discussion. Dr. A. C. Neish, Queen's, presided.

A photograph of the delegates, in front of Gordon Hall, was arranged for 12.45 with adjournment for lunch at one p.m.

Wednesday afternoon's programme included six addresses and discussions; an address by Brother Gabriel, of De La Salle Collegiate, Toronto, on the subject of "Diagrammatic Motion Slides as an Aid in Presenting Chemical Principles;" a lecture by Prof. J. L. McKee, of the R.M.C., on "A Convenient Method of Cleaning Mercury;" an address by K. L. Dawson, assistant superintendent of the Gas Department of the Nova Scotia Tramways and Power Company, Halifax, on the subject, "Notes on the Removal of Carbon Bisulphide from Coal Gas by Means of Oil Washing;" a lecture by Prof. J. F. Snell, of Macdonald College, Que., on "Rosanoff's Classification of the Monosaccharides;" an address by Dr. H. V. Ellsworth, of the Laboratory of the Department of Geology, Ottawa, on "Difficulties Encountered in the Examination of Some Rare Canadian Minerals" and a lecture by H. Cole, of the Mines Branch, Ottawa, on "A Review of Salt and Sodium Sulphate Resources of the Western provinces," followed by a discussion.

The chemists' dinner and dance on Tuesday night resulted in the largest number ever in attendance at a dinner in the Golf Club. One hundred guests were present. Tables were not only arranged in the large dining room but in the hall and some late comers had to wait for a second table. A. Burton, Toronto, presided as toast-master. Dr. A. F. McIntyre (Ottawa), proposed the toast to the health of "The Committee on Arrangements," which includes Dr. A. C. Neish, Prof. Cadenhead, Dr. Goodwin, Dr. Lothrop, and Dr. McKee, of Queen's and Dr. McKee, of the R.M.C. Toasts to the delegates were replied to by K. L. Dawson, Halifax, representing the extreme east, and by Dr. Shipley, of Winnipeg, for the delegates from the west. F. T. Shutt, Ottawa, proposed the health of the ladies but none showed sufficient temerity to respond.

After dinner, Harold Singleton sang several very acceptable songs and also led the convention in a number of choruses. Afterwards there was dancing, while some of the more serious were found in retirement in the locker room playing cards.

The chemists are hoping for fair weather for their "open day" on Thursday when they plan visits to the locomotive works, the Royal Military College and proceed down the river where a short supper will be enjoyed. Nearly sixty have signed up for these trips, while over a dozen have signed for the trip to Deloro, Point Anne and Corbyville on Friday.

Additional registrations include: E. A. Smith, Montreal; J. N. Wilson, Toronto; G. A. Gunton, London; C. C. Watson, Ottawa; H. V. Ellsworth, Ottawa; Joseph A. Baker, Brantford; H. B. Hall, I. E. Staples, Toronto; J. A. McRae, R. L. Dorrance, Kingston; S. H. Corsley, Montreal; H. C. Barlowe, Deloro; H. C. Mabee, Ottawa; A. R. M. MacLean, William C. Lodge, Montreal; Mr. and Mrs. J. E. Musgrave, Deloro; Brother Gabriel, Toronto.

Barney Shukal and Louis Wrulfsky, Montreal, now under sentence of fourteen years and ten lashes for a holdup, are now found innocent.

FOR NEW PAVEMENTS.

By-Laws Passed at Meeting of the City Council.

The city council at its session on Tuesday night passed by-laws for the construction of several sheet asphalt pavements on a four-inch concrete base and also passed by-laws providing for the construction of several concrete walks, all of which have been duly advertised.

The pavements will be constructed on the following streets:

Barrie street, York to Pine; total cost, \$16,434; city's portion, \$7,843.

Earl street, Barrie to University avenue; total cost, \$11,248; city's portion, \$5,918.

Frontenac street, Union to York street; total cost, \$44,714; city's portion, \$23,868.

Johnson street, Wellington to Bagot; total cost, \$3,754; city's portion, \$1,924.

Ordinance street, Sydenham to
