THE GERMAN TOURISTS HAVE LOTS OF MONEY

Dr. James Cappon Says They Are Spending Lavishly at European Resorts.

Dr. John Cappon, former dean of the arts department of Queen's University, has just returned from spending the winter in Sicily, along with Mrs. Cappon and his sister-in-law, Miss Macnee. He intimates that the weather was delightful in that southern part of Europe, and he only wore his light overcoat four times throughout the entire season. When asked what was the chief thing that impressed him during his visit he stated that it was the great evidences of splendor that were being demonstrated by the German tourists. No people in the world at the present time at the various resorts are living more luxuriously, spending more money in jewelry and fine apparel than the Germans. This was the remark of all the people of the various touring centres that he visited. In former years the Germans were not regarded as being at all flashy, but it would appear as if many of the business men of the great centres in Germany had made enormous sums of money during the war, whether by profiteering or other similar means he could not say, but they are now enjoying the best things in life at the summering places in all parts of Europe. They probably predominate in numbers before those of any other nation. The British and American people are not within measuring distances of the Germans in the lavish expenditure of money.

OPENING NEW DRUG STORE.

Harry L. Branigan and George W. McGlynn to Conduct It.
Kingston is to have a new drug store, to be conducted by two well-known young Kingstonians, Harry L. Branigan and George W. McGlynn, located at 268 Princess street, in the shop recently occupied by the public utilities commission. The drug store will be open for business about the middle of June.

Mr. Branigan is a son of D. P. Branigan, manager of the Grand Opera House. Mr. McGlynn has for several years been connected with Mahood's drug store. Both young men have a wide circle of friends in Kingston and vicinity who will extend to them best wishes.

MERCHANTS HARD HIT.

By People Who Fail to Pay Their Accounts.
"The editorial in your issue of 20th inst., 'A Bankrupt's Revenge,' illustrates a true state of affairs and appeals to ninety per cent. of such cases," remarked a merchant to the Whig today. "Looking over the books of some of our own failures you will find people's names who are well able to pay. You have the idea how the merchant is imposed upon by well-to-do people, many through carelessness or indifference. The accounts on merchants' books that are uncollectable would astound you. Then the part-paid accounts, leaving balances amounting to around a hundred thousand in our fair city lying idle, except perhaps making interest for those holding back such balances.
"There are a lot of women running accounts at different stores and when their husbands become aware of it, well, there is a row and the merchant as a rule gets a lot of Worcestershire and loses their trade.
"The trouble is the merchants do not get 30, 40 and 50 days as formerly, and on this account they have to get cash or in 30 days and no balances left or bust. Merchants consider goods on shelves cash and people who buy on credit should recognize the fact and hand back the same promptly. Merchants are not making a living profit, there is so much competition crowding in from foreign parts."

At 80 Years of Age Was Troubled With Shortness of Breath Palpitation of the Heart And Fainting Spells

Mrs. M. O'Connor, Whitesboro, Ont., writes:—"I have been troubled, most of my life, with shortness of breath, palpitation of the heart and fainting spells. I was advised by a friend to try Milburn's Heart and Nerve Pills, which I did, and at once found relief, and I have never had a really bad spell since.

I am 80 years of age and always keep them in the house, and when I feel any symptoms of my old trouble coming on all I have to do is to take a few doses. With the help of your Pills I expect to see many years, yet I always recommend them to any one who is suffering from heart trouble."

Milburn's Heart and Nerve Pills are sold in a box at all dealers, or mailed direct on receipt of price, by The T. Milburn Co., Limited, Toronto, Ont.

NERVOUS EXHAUSTION

A Trouble Which Leaves People Depressed and Unhappy.

Nervous exhaustion is often the cause of great unhappiness, because the sufferer and his friends do not recognize it as an ailment. To them, and even to himself, he seems to be merely ill-tempered, crochety and irritable.

The peevishness for which women and girls are often blamed is not their fault—it is their misfortune. Their nerves are "all on edge." The least shock, a sudden noise, or even being spoken to unawares causes real suffering, and no one ought to be surprised if hasty words are the result. But this does not mean bad temper; it means starved, exhausted nerves.

Headaches, low spirits, poor appetite, weariness and lack of energy follow nerve exhaustion, and relief is easy to obtain. What the starved nerves need is richer, better blood, and this can be obtained through a fair use of Dr. Williams' Pink Pills. By their blood enriching qualities these pills do wonders; nervous men and women become calm, steady and energetic under their influence. New blood is what does the work. To obtain it give Dr. Williams' Pink Pills a fair trial.

You can get these pills through any dealer in medicine, or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

The ladies of the North Ward held a meeting in the Lyceum Tuesday evening in connection with the big parade in Old Home Week, and if they carry out their plans the other two wards will have to step lively to compete with them. Mrs. Richard Johnston is convener for the North ward. There will be another meeting within the next few days to further their plans, notice of which will be given, and it is hoped that everyone interested in the success of the North ward's turn-out, will be at the meeting.

There are still invitations to go out for Old Home Week and Linklater Day, and anyone knowing of old residents of the town or pupils of Mr. Linklater, who have not yet had an invitation will confer a great favor if they will communicate with Miss Mabel Carpenter, secretary of Linklater Day, or Miss Maude Green, secretary of Old Home Week in this connection. It is the desire that no one will be left out, and the list was made as complete as possible and a great deal of pains taken to make it so; however, when thousands are involved it is not an easy task and those who have an invitation due them will please send along their address or the address of any of their friends whom they know did not get one. This is going to be the biggest event Gananouque has ever known and no former Gananouquean can afford to miss it and all the fun it will afford.

Mrs. W. J. O'Brien, Alexandria Bay, was in town yesterday for the funeral of her father Mr. Peter Pelow.

Train Smashes Automobile, But Driver Escapes Lightly

Belleville, May 29.—Struck by a train at the Corbyville crossing of the Northern Division of the C.N.R., James Sword, who was driving home in his motor car, was carried a long distance down the track, the car being badly wrecked and Sword sustaining slight concussion and general shock. He was uninjured in any other way. The top of the car had been crushed down upon him, the floor raised and the door smashed in, and he had to be taken out through the top, which had to be cut. He will be around again in a few days.

Dentists have a lot of pull.

You will undoubtedly contribute funnier Jingle-Jangles than these. Address them separately to Jingle-Jangle Department, The Fun Shop, 110 West 40th street, New York City.

CHAMPION WOOD CHOPPER.

Charles Foster, Elmsley, Ont., Has a Remarkable Record.

In a recent issue of the Montreal Herald appeared an article relative to the champion wood chopper of the United States, Edward Moot, of Weatherfield, Vermont, who on a wager chopped five cords of wood in a day from sunrise to sunset. The bet was that this feat could be performed between sunrise and sunset.

Mr. Foster, when cutting wood for Mr. Anderson, walked a mile to and from the bush, and in five and one-half days between sunrise and sunset, in the last days of December, cut and piled thirty cords of beech and maple. This is by far a greater feat than Moot's. Another time Mr. Foster cut at the farm of Mr. James Manion, fourteen cords of elm in two days, splitting but not piling it. Mr. Foster, though not an old man, is now beyond the years when such a performance could be expected of him, but in addition to the above records many farmers and others in this district have vivid recollections of the great work performed by Mr. Foster in the bush twenty or twenty-five years ago. Mr. Foster also chopped, split and piled seven cords of elm from three trees in one day, for Walter Cunningham, of North Elmsley.
