CHEAPER HYDRO POWER 21ST BATTALION CLUB

Floor Space Toll to Be Replaced by Flat Service Charge of 30 Cents.

"Sir Adam Beck has announced cheaper hydro power for municipalities. Domestic floor space toll will be replaced by a flat service charge of thirty cents."

The above despatch was received Friday morning by the Whig from Toronto and the information was received with approval by Manager C. C. Folger, of the utilities plant, as it will mean much to the small users of electricity.

Sir Adam Beck has announced that the commission is going over the operations of all the municipalities for the past year, and that an adjustment of the rates will be made. The executive of the Hydro Muni-

cipal Association had a conference this week with the Hydro chairman and urged that there be no increase in rates, pointing out that instead renewed efforts should be made to secure new sources of power to which the province is entitled.

Late Mrs. James Gillespie. A well-known and respected citizen passed to her eternal reward, on Thursday evening, at 7.30 o'clock, at her late residence, 309 Albert street, in the person of Mrs. James Gillespie, after a long and lingering illness which she bore with Christ ian patience. She suffered from fractured hip some five years ago which was the cause of her death. Al though expecting her death daily, still the sad news came as a great shock to her family and innumer able friends in the city. She was a devoted wife and an affectionate mother, and the friend of all the people in the neighborhood.

The late Mrs. Gillespie's maiden name was Miss Margaret Campbell. She was a daughter of the late James Campbell, who was a merchant on Princess street, and kept a store just where the Bank of Commerce now stands. She was beloved and was a devoted member of St. James' church, where she and all her family labored so faithfully for a great number of years. She leaves to mourn her loss, besides her husband, three sons and three daughters, William Henry and Robert, of Toronto; Frank, at home, who travels for Macnee & Minnes; Mrs. Andrew James Johnston, of Ottawa; Sarah and Ethel, at home, She also has one brother, Thomas, who lives on Princess street. She was married fifty years ago last December by Rev. Canon John A. Mulock, who was rector of St. Paul's church.

The deceased was of a beautiful and loving disposition, and always made friends wherever she went. The funeral will take place from 'he family residence Saturday afternoon at 3 o'clock, and the services will be conducted by Rev. T. W. Savary, rector of St. James' church.

Boys' Choir on Bill At Kiwanis Karnival

Another big attraction which has sisters. just been arranged for the Kingston Kiwanis Karnival next week is the Boys' Choir of Victoria School, who took third place at the Musical festival at Toronto in the latter part of last month. Director Harry Hill has kindly consented to give his time and skill to arranging several special numbers for the Karnival and the boys of the choir are also lending their co-operation.

The Kingston Boys' Choir is one of the outcomes of musical instruction in the schools. When Mr. Hill's plan to have a choir go to Toronto was broached it was not thought possible to train them in so short a time. The work was undertaken, and after a series of concerts which delighted home audiences, the youngsters came within a very few points of first place in the Toronto contest. Their programme for the Karnival will be a good one and well worth hearing.

Athens High School.

It has been announced that Hon. W. F. Nickle, K.C., attorney-general, will lay the corner stone of the new Athens high school on Friday, June 13th. The ceremony will take place at 11 a.m. and addresses will be delivered by Hon. Mr. Nickle, Senator Hardy, Lieut.-Col. A. W. Gray, Dr. H. A. Clark, A. E. Donovan, J. R. Dargravel and others. In connection with the event the inspection of the high school cadets will take place and there will also be a fine programme of sports. An entertainment will be held in the town hall in the

Couldn't Run Mower, Anyway. The Toronto Star says: The jail at Kingston is without prisoners, and there is nobody to cut the grass unless the officials do it. There is one prisoner awaiting trial, but as he has heart disease he might just as well be acquitted, for he couldn't run a lawn-mower, anyway.

Police Court Brevities. There was a short session of the police court on Friday morning. Two tipplers were on the carpet. One had been drinking whiskey and the other extract of lemon, and a fine of \$10 and costs was imposed on each.

Elected President. The annual meeting of the 21st Battalion Club, held in the sergeants'

mess at the armouries on Thursday evening, was well attended by enthusiastic ex-members of the unit. Reports of the year were presented, and considered satisfactory in every respect. Officers were elected, and an excellent address was deliv-

ered by Canon W. F. FitzGerald,

The executive of the club was empowered to appoint a committee to make all arrangements for the sixth annual re-union of the 21st Battalion, which will be held in Kingston in September. It was suggested that the date be arranged, if possible, to commemorate the arrival of the unit in France on September 15th, or its first relief of the 2nd Battalion, East Surrey Regiment, in the trenches in advance of Wulverg-

hem on the 19th. It was announced that the club would run a moonlight excursion to Clayton, N.Y., in June.

The ocers were elected as follows: Honorary President-Brig.-Gen W. S. Hughes, D.S.O. President-Lieut.-Col.

Pense, D.S.O., M.C. Vice-President-W. G. McCullagh. Secretary-F. T. Harte. Treasurer-W. Valentine.

Chairmen of Committees-A. Pullen, W. P. Doolan and Major (Rev.) W. E. Kidd, M.C. Sergeant-at-Arms-W. A. Nelson.

Auditors-E. Cockburn and G The address of Canon FitzGerald was most forceful and very much appreciated. The canon after expressing his tribute to the ficers and men of the 21st Battalion, enlarged upon what he considered to be the guiding principles of an exservice man's life, what he should do to merit his citizenship in this

dominion, always associating with it

the honor and advantages of being a

citizen of the great British Commonwealth of Nations. At the conclusion of Canon Fitz-Gerald's address the thanks of the club was extended to him by the president, and refreshments were served by H. Ashton and his com-

Late Alonzo Kennedy, Tichborne, A sudden death occurred Tuesday morning, May 20th, at 5.40 a.m. in the passing of Alonzo Kennedy, Sr., a highly respected citizen of Tichborne. Mr. Kennedy was born at Tichborne in 1866 and was fiftyeight years of age. He had always enjoyed the best of health and was seldom absent from the family table owing to sickness, therefore his sudden death proved a great shock to his family and deep sympathy was felt in the neighborhood as he was held in high esteem. His funeral service was held, Thursday afternoon at the church, the service being conducted by the Rev. Mr. Moyse. His

cemetery. He was married to Annie Stinson.

He is survived by his wife, one tal College and graduated from that son, Harold, six years of age, his mother, Mrs. McKinley, 94 Inglewood Drive, Toronto, and two brothers, Dr. W. W. McKinley, Port

The deceased had been unable to attend to his professional duties since the first of the year, but he did not realize the seriousness of his condition until the very last. The body on its arrival from California will be interred in the family plot in the Olivet cemetery, near Gananoque, Leeds county, on Sunday, June 1st The cemetery grounds were originally part of the McKinley farm lands, commonly known as the "Ferncliff Stock Farm," and were donated to the Olivet church some years ago. In religion the deceased was a member of the Methodist church, and in fraternal circles member of the Masonic order. Sympathy is extended to the be-

reaved wife and mother, the latter passing her eighty-eighth birthday noon on the regular trip from Monon May 23rd instant.

The Chemists' Trips. Twenty-five of the chemists who were in attendance at the convention here this week left at seven o'clock Friday morning on a trip to Point Swift's. Anne, Belleville, Corbyville and Deloro. After visiting the industrial

plants at those places they will re

turn to Belleville and break up. The visit on Thursday morning to teresting. Special / operations demonstrated for the benefit of the port. scientists.
