What the Press Agents Say About Coming Attractions

**ENTERTAINING PICTURE AT THE CAPITOL TO-DAY**

"Triumph" is a Good Production—The Laing Brothers in Vaudeville. Leatrice Joy and Rod La Rocque, assisted by an all-star cast, offer a splendid entertainment in "Triumph" the feature picture showing at the Capitol theatre the last half of this week. It is a story of the ups and downs of life. It has no tragedies in it (unless the loss of a beautiful voice be called one) and it contains a great many funny situations and incidents. It teaches a lesson without sending every person away blue.

King Garnet is rich and young and handsome; William Silver is the manager of Garnet's factory; Anna Land is a forewoman. They all have their ups and their downs and in the end they all become related for Silver is found to be Garnet's half brother and Anna marries Garnet. From the heights of success to the depths of failure—that is some distance. All three travel it at different times in the showing of the picture but come out on smooth water at the end.

The Laing brothers are extraordinary and exciting on the xylophone and at times their speed becomes exasperating. But they received thunderous applause for their work, which calls for skill of the highest character.

The same programme will be shown Friday and Saturday.

**VIOLA DANA AT THE STRAND.**

"In Search of a Thrill." Viola Dana's liveliest comedy melodrama, opened at the Strand yesterday.

The picture, relating the exciting adventures of a pleasure-mad American flapper in Paris.

"In Search of a Thrill," is distinguished throughout by lavish production. The slum quarter has been faithfully reproduced, and the dens of the Montmartre Apaches are realistic in detail. Miss Dana's performance is one that her admirers will enthuse over.

**KILLS OBNOXIOUS WEEDS.**

A New Chemical Successful in Jefferson County, N.Y.

Watertown, N.Y., May 30.—A successful experiment in killing weeds in Jefferson county, conducted last year under farm bureau auspices, is revealed in an article in the current issue of The American Agriculturist, received here to-day. The article is written by William I. Roe of this city, former county farm bureau agent, under whose direction and at whose initiative the experiment was tried.

Mr. Roe reviews the efforts made to control obnoxious weeds in meadows, grain and garden lands. He tells how "in the old days, when farm help was plentiful and cheap, the mustard was kept from spreading on many farms by the original and primitive method of pulling." Finally spraying was tried in an effort to curb the menace, but the making of the solution proved laborious and spraying equipment was found expensive. This method was discarded.

"Successful use of dust in place of sprays for the control of potato troubles and fruit diseases and insects led to the question, why not dust for controlling weeds, too," continues the article, reciting how a special dust to meet the need was provided by a chemical company, and in June, last, Mr. Roe set out to dust a mustard threatened oat field, while grain and weeds were young. Application of the dust was made a plunger type of blow-gun. The experiment was a success.

Canadian thistle and ragweed also were killed by the application. There was no damage to the oat plants beside a slight discoloration to some of the leaves.

**FORMER MAYOR, DYING, FACING ROBBERY TRIAL**

Only a few months ago Al Morford was mayor of St. Joseph, Mich., cashier in a bank and a leader in his city's fraternal and club life. To-day he is facing trial for a \$3,000 bank robbery in San Diego, Cal. Ill-health and the knowledge he had only a few months to live prompted him to take the chance, he says. Picture at top was taken when he was mayor of St. Joseph, the lower one in his cell, showing how his personal appearance has changed in a short time.

**KIWANIS ENTHUSE.**

**Big Carnival Going Over the Top — Meeting Tonight.**

Never before has the Kingston Kiwanis Club undertaken such a large project as the big Carnival which starts on Tuesday next in the Armouries and never before have the Kiwanians shown such enthusiasm over any line of work. There is something for every person in the Kiwanis Carnival and something for every Kiwanian to do. Every member of the club is working hard to make the affair a success.

This evening the regular meeting is being held in the Frontenac Hotel at six o'clock and the reports of the committees will be received and further plans made. After the luncheon there will be a meeting of the lady workers and committees.

The club is asking all possible support from city and invites help from any organization. The object of the Carnival is to give Kingstonians a week of music and merriment at small cost and to raise funds for charity and welfare work of the Kiwanis Club. The admission price will give the visitor value ten times over and the Armouries should be crowded all during the big event.

**Sunkist Seedless Oranges.**

Medium size 17c dozen or three dozen for 50c. Saturday at Carnovsky's.

**Architecture is the printing press of all ages, and gives a history of the state of the society in which it was erected.**

An instinct is an agent which performs blindly and ignorantly a work of intelligence and knowledge.

The intellect of the wise is like glass; it admits the light of heaven and reflects it.

**MERCHANTS ARE BUSY.**

Arranging Displays for the Big Kiwanis Carnival.

The Kiwanian merchants who are arranging displays in the Armouries for the big Kingston Kiwanis Carnival are all hard at work and some beautiful and unique exhibits will be the result when the crowds gather next week. The displays will include ladies' wear, men's wear, drugs, silvers and jewelry, furs, shoes, tires, automobiles and accessories, house furnishings, sporting goods, victrolas, toys, electrical fixtures, confectionery, fruits and many other lines.

Over forty merchants have arranged to take space and every man jack of them is enthusiastic over his own exhibit. Some are planning to change them daily. Those in the know say it will surpass anything of the kind yet attempted here.

The Baby Show is another headliner for the Carnival. And this baby show is different. The judges are being protected because a certain Kiwanian has arranged to give prizes to all the babies. There will be a splendid first prize for the best baby but all the others will receive prizes also. That is certainly the way to run a show. The judges will be two prominent Kingston doctors whose names are being withheld for the present. We can guess them without asking. Babies two years old and under will be judged.

Harry Wilder has been lining up his bird house competition and it looks like a big success. The boys of the city—or girls also—are invited to build bird houses and to bring them to the Carnival for exhibit and contest. Entries are to be made with Mr. Wilder at Smith Brothers' Jewellery on King street. The boys in Toronto, Edmonton and other centres turned out excellent bird houses. Good prizes will be given for the best work.

The Royal Military College cadets, always so ready to respond to a call for help from some worthy organization, have consented to be on the programme some evening during the Carnival. They will offer something entirely new and interesting and will so design it that it will have elements of comedy as well as instruction and information. The cadets are always good.

**SPORT**

**WITH THE BOWLERS.**

The Season's Play Officially Opened on Thursday evening.

The official opening of the season's games in connection with the Queen's Lawn Bowling Club took place Thursday evening in a series of games between the president and vice-president, the vice-president's team winning out by six points on the round.

The skips for the president were W. M. Campbell, W. N. Linton, James Newell and A. Turcott; for the vice-president, Dr. R. E. Sparks, J. M. Elliott, J. A. McFarlane, and Dr. R. C. Cartwright.

The games were keenly contested throughout. There were over fifty players on the green at the one time, and the season was started under very auspicious conditions. The green is splendidly illuminated, the grass was never better and the enlarged club-house makes everything very comfortable for the followers of the game.

Twenty-one bowlers have signed up for a doubles tournament, primary and consolation competitions, on the third of June. It will be an all-day affair, starting at 9 a.m. and any player who is tardy loses a point for every five minutes delay.

The season's schedule of rink games will begin on Monday with four matches: L. Sleeth vs. J. McFarlane; Elliott vs. Linton; Turcott vs. Derry and Manahan vs. H. Angrove.

Dates for some neighboring tournaments are as follows: June 3rd, Chertsville opening of new green; June 23rd to 25th, Ottawa; July 1st and 2nd, Oshawa; July 9th and 10th, Cobourg; July 23rd and 24th, Peterboro.

**ENTRIES CLOSING.**

Entries for the races on June 3rd at the fair grounds, under the auspices of the Kingston Gentlemen's Matinee and Driving Club, will close tomorrow and it is expected that a list of the horses will be available then. There are some fine speedsters billed to appear and the heats should all be close.

The baseball game, Kingston vs. Ottawa Senators, is attracting great attention and the quiet pitchers are getting the kinks out of their arms in preparation for their tournament.

**Game Changed.**

The Hussars and Live Wires of the senior city league will meet at the cricket field tomorrow afternoon at three o'clock. The Athletics were to have met the Live Wires but have dropped out of the league.

**HOLDING SPECIAL SERVICES.**

In the Church at Bongard's—Scarlet Fever Case.

Bongard's, May 27.—Special services are being held at Bongard's church this week. Mr. and Mrs. Vincent and son, Picton, were at Thomas Bongard's on Sunday. Miss D. K. Blouker has returned to Syracuse, N.Y., after spending some time with Mrs. Allan Harrison.

Mr. and Mrs. W. C. McCornock, also Miss Campbell, were guests of Mr. and Mrs. Amos Hicks on Sunday. The home of W. Miller is under quarantine for scarlet fever. Miss Campbell was at Milford, the guest of Miss McDonald.

W. H. Carnahan is confined to his home through illness having suffered a slight stroke of paralysis. Mr. and Mrs. B. E. Harrison, Mr. and Mrs. E. A. Williams, Picton, also Mrs. E. Harrison spent Sunday at J. H. Harrison's.

Mrs. Wright spent several days with her daughter, Mrs. E. Gordon, Waupoos East. Mrs. T. E. Slater, Cressy, was the guest of her daughter, Mrs. Allan Harrison, on Monday.

The C.G.I.T. met at the home of Mrs. C. McCornock on Friday evening.

**A Sunbury Reunion.**

Sunbury, May 29.—Sunday, May 25th was a gala day at the home of Mr. and Mrs. H. J. Patterson when all of their family came home to spend the day together and talk over reminiscences of their young days when all were growing up. There was Mr. and Mrs. C. Hanley and son, Gardner of the city; Mrs. Florence Patterson, also of the city; Mr. and Mrs. James S. Dillon and daughters, Audrey, Jessie and Eileen of the city; Mr. and Mrs. Ambrose Patterson and daughters, Evelyn and Thelma and Eugene of Sydneyham; Mr. and Mrs. Harold A. Patterson and sons, Reginald, Allen and Harold Douglas of Capreol, Ont.; Mr. and Mrs. Clifford Patterson and daughter, Irene of Sunbury. A sad feature of the reunion was the vacant chair by the departure of their loved daughter and sister, Ruby, who passed away five years ago. Much sorrow was evinced by all of the group as she is mourned and missed as much now as the day of her demise. A gloom was also cast over the group by the absence of her little son, Leslie, who failed in some way to get to meet with the rest of the grandchildren. A number of their friends and neighbors came in to spend the evening with them and talk over old times. All departed to their respective homes well pleased with their day's enjoyment and saying their adieu to place like home and mother.

**Testimonials from world's greatest artists. The Devil violin stands alone. Price \$300 each. Elder's Cigar Shop.**

At Alexandria Bay, N.Y., on May 28th, the marriage of Alvin M. Blount, well known local boat builder, to Mrs. Mary A. Hamilton took place.

**THE CROP CONDITIONS GOOD IN THE WEST**

**Change in the Weather Results in Rapid Growth of Grains Over Prairies.**

Winnipeg, May 30.—Marked improvement in weather conditions throughout the prairie provinces has proved a welcome boon to the Western farmer generally.

Despite the lateness of the seeding operations and the unusually cold weather during the past month, recent rains and rise in temperature have contributed greatly to rapid growth.

Wheat seeding is completed in the three provinces with the exception of a few isolated districts, while good progress is reported in the seeding of coarse grain.

Farmers in the Regina district report that crops are slightly ahead of last year, and in some districts wheat has reached the height of three inches. In the Prince Albert district lack of precipitation has somewhat retarded growth, but rain is forecast.

The season's crop prospects in Alberta are regarded as the most ideal in many years. A steady but gentle downpour of last week-end over a wide area proved very beneficial.

In Manitoba the crop is not much later than in former years, although the lateness of the seeding season materially reduced the acreage sown to wheat.

There is ample time yet for the development of a good crop, and notwithstanding unfavorable weather conditions during the early spring, no fear need be entertained concerning the crop," declared Premier John Bracken, Minister of Agriculture for Manitoba, following a visit through the Neepawa district.

**SEVEN SENTENCE SERMONS.**

Our great glory consists not in never failing, but in rising every time we fall.—Goldsmith.

If a thing is possible and proper to man deem it attainable by thee.—Marcus Aurelius.

Heaven is not reached at a single bound  
But we build the ladder by which we rise  
From the lowly earth to the vaulted skies,  
And we mount its summit round by round.—Anon.

The measure of a man's life is the well-spending of it,—not the length.—Plutarch.

**SPAKING OF NIFTIES—**

MAY LUM

This young Chinese maiden was the only one of her race entered in a recent San Francisco school meet, yet she outspurred the whole field in winning the fifty-yard dash. Her victory was little less sensational than her costume, which included, among other things, a gold watch worn in necklace fashion.

It is certain that either wise bearing or ignorant carriage is caught as men take disease one of another; therefore, let men take heed of their company.

He that judges without informing himself to the utmost of which he is capable, cannot acquit himself of judging amiss.

When people get too fresh they are apt to get in a pickle.

One fact is better than a hundred analogies.
