THE KIWANIS ARE MOST ENTHUSIASTIC

Over the Big Karnival Which Opens in the Armouries on Tuesday.

After attending the meeting of the Kiwanis Club which was held in the Frontenac Hotel on Friday evening one could very naturally come to the conclusion that the men who put the Canadian National Exhibition on the map had migrated in some way to the local organization. The spirit in which things were gone at, the great enthusiasm of every member for the Kingston Kiwanis Karnival, the inspiring reports of the committees—all these are an assurance that the Karnival will be, as President Mills put it, the biggest thing ever put over in Kingston by Kiwanis and one of the biggest ever put over by anybody.

In his remarks President Mills referred to previous progress put on by the club. He spoke of the \$8,000 raised for poor relief one winter shortly after the formation of the club. He told of the manner in which that campaign had put Kiwanis "on the map" in this district and assured the members that they were up against just as large an undertaking and just as "worthy a one."

The roll call was dispensed with to allow of getting down to business. Elmer Davis presented his son as a guest and Dr. John Austin presented two Boy Scouts.

Reporting for the committee on special attractions Dr. John Austin gave the club further details of the many features which will be on hand for the entertainment of Karnival revellers. Full details are appearing in the newspapers to-day and Monday and need not be enlarged upon at present. Sufficient to say that the doctor has lined up a splendid programme.

In the absence of T. A. Kidd, Ambrose Shea reported that fortune telling, a country store and many other "stunts" were being arranged by the Concessions committee and would be in full swing on Tuesday.

Charlie Lapp reported that roads had been placarded from Brockville to Belleville and all around the city and district, that window cards had been put out around Kingston, wind shield stickers devised and other advertising stunts put over.

Stewart Crawford reported that all tickets were ready. General admission tickets are as follows: evenings—adults 25c, children 15c; afternoons—adults 15c, children 10c. Ice-cream, soft drinks, fortune telling, raffles, stunts, dancing—in fact all the "side shows" will have a special system, similar to that used in large amusement parks. Tickets of value of five cents will be sold at separate booths and all admissions, etc., will be purchased by means of these tickets, in the same manner as street car tickets. There was a great deal of discussion regarding this.

Dr. Winnett reported that the P.W.O.R. band will be in attendance each evening with twenty-five pieces and that Christmas' orchestra would supply six pieces for the dancing.

Marcus Oberdorfer reported that decorations would all be in place on Monday.

Jack Newlands said his committee would have all the booths constructed on Saturday night and drew forth great applause when he told of the offer of the services of twenty carpenters from the local union without charge, in addition to waiving the Saturday afternoon rule. It was moved by Elmer Davis and seconded by Bill Moore that a resolution of appreciation be sent to the carpenters' union.

Kiwanian McKnight reported everything ready for the sale of ice-cream and soft drinks, and "Bob" Fair's report concerning the "Country Store" assured all that it would be in full operation.

Kiwanian Stan, Driver said that dancing would be held in the Assembly room each evening at ten cents per dance, to be paid for with the concession tickets. Floor would be cleared at the end of each dance. Christmas' six-piece orchestra in attendance.

Ambrose Shea says he has the best fortune teller in the country ready to tell the past, present or future to all and sundry.

Harry Wilder reported two rooms of fine paintings, kindly loaned by Kingston citizens for the Fine Arts Display. He said that he had seldom seen anything better and that the exhibition surpassed all his expectations. Every care will be taken of the paintings and no smoking will be allowed in the rooms. Watchmen will be on duty day and night.

Dr. Austin, with assistance from other enthusiasts, will have a room with rare collections of stamps on view and invites the co-operation of stamp collectors in the exhibit.

James Sowards reported for the Tea room that M. P. Reid and staff will control it under the supervision of the club. It will be operated cafeteria style and should be a big success.

Immediately after the meeting the Concessions Committee held another gathering to complete details. It is expected that "spiciers" and "ballyhoo" men, most of them Kiwanis members, will vie with each other in attracting the attention of the visitors to the Armouries.

A large display advertisement in this issue gives lists of some of the special attractions.

The Kiwanis Karnival looks to be going over big and with the co-operation of every Kiwanian cannot fail to meet with the support and approval of the public.

At the Brockville Cheese Board 480 were sold at 14 1-2c to 14 3-16c.

KIWANIS KARNIVAL.

An Exhibition of Postage Stamps to Be a Feature.

One room in the armouries during the Karnival will contain a display of rare and valuable stamps. This is an attraction that one seldom sees but should interest not only stamp collectors but hundreds who are sure to find the exhibit of unusual interest. The display will be changed each day as follows: Tuesday—Stamps; Wednesday—Stamps of Great Britain and Colonies; Thursday—Stamps of Eastern countries; Friday—stamps of new issue.

Any stamp collector in Kingston is invited to co-operate in the display, which is in charge of Dr. L. J. Austin, 84 Barrie street.

Cobourg to Erect Cross As Soldiers' Memorial

Cobourg, May 31.—The War Memorial committee of the town has definitely decided on a form of memorial for the soldiers who served overseas. The choice made was a cross originally designed by Sir Reginald Bloomfield for the War Graves Commission with base over fifteen feet from which rises a tall shaft with cross and sword on the face. The monument will be twenty feet in height. It is expected to be ready for unveiling by Armistice day.
