HUSSARS WALLOPED LEAGUE'S INFANTS

Baby Team of Senior City Outfit Gets Rough Ride in First Game, But Will Improve.

The Live Wires, newcomers to the senior section of the City Baseball League, got quite a rough ride in their first game in the new company when the Hussars defeated them 15-4 on Saturday afternoon. The Live Wires got a poor start and never recovered themselves. They started "Chummy" Lawlor, a youngster formerly with Athletics, in the box and against the experienced opposition the young hurler, trying too hard for strikeouts and with the poorest kind of support behind him, did not make much headway. With a tightening up of the fielding and better handling by his catcher he will be all right. Karl Quinn was at second base and relieved in the eighth. Had he been used throughout the game there might have been a different result but the fielding of the Live Wires was too loose on Saturday for any pitcher.

The team needs a little more practise, one or two more experienced players and then it will be as good as the best of them.

The Hussars, with Moore in the box, had everything their own way and will tell Gananogue a different story in the next meeting. The veteran Harold Nicholson appeared in centre field with Sammy Hall in right and the reliable Blomely in left and the gardens were thus looked after. The infield is snappy and now working well.

Blomely pulled a surprise when he lit on one of Lawlor's offerings in the seventh and drove it to the junior diamond for a home run. Another spectacular play was a beautiful running catch by Hall, and Nicholson had two or three good ones to his credit.

The game was late in starting and the weather still chilly but it was easily seen that city league ball will be good this year. About one fan out of five gives anything to the support of this league and it is a very difficult matter to run it on that system. The very best of baseball is served up, boys are developed for senior company and ravors are asked of none. Loosen up when you go out there and help the kids to get along.

WOLFE ISLAND WON FROM PITTSFERRY

Triumphant in Inaugural Contest of the Case Trophy Series.

The Case Trophy League got away to a start on Saturday afternoon at Wolfe Island when the first game in the schedule was played, Pittserry being the guests of the Island team, the Island team winning the game by the score of 22-3. As the score indicates, the Islanders had it over the visitors from the start but despite the big score there were some fine plays made. The wind was strong and cold and prevented the pitchers from giving their best but there were some nice catches made in the field.

The field was a trifle rough preventing the infielders from making outs at times when it appeared as though they would but the ball would bound away from them allowing runners to reach first in safety. The visitors showed inexperience but with more practice they should show some good stuff. The Islanders have a smart team, active on the bases and they have the knack of knowing what to do at the right time. The score indicates that the game was not up to a very high standard, but considering the cold wind that was blowing
