Beautiful framed Tapestry (Biblical subject), loaned by Dr. R. J. Gardiner.

A Very Satisfying Woodland Scene, by O'Brien, loaned by Mrs. G. Y. Chown.

A wonderful picture, after Joseph Israels, entitled "Hopeless Dawn," by Mrs. I. G. Bogart.

A Stitch in Time, by H. J. Dobson, R.C.A., R.S.W.

Harrowing, by Harry Fidler, R.O.

I. These are but a few of the many fine works presented. To see the Karnival and not the Art Gallery is like going to Niagara and missing the Falls.

Some Fine Displays.

Kiwanian merchants have some fine displays throughout the booths at the Karnival. The W. J. Crothers Company, with a red, white and blue booth, give away a box of Prince of Wales chocolates every half hour. Sargent's Drug Store booth, in addition to raffling a fine violin, has the distinction of being looked after by the father of the prize baby. Incidentally it is a great feather in the cap of Kiwanian A. H. Fair that little Lorán Doolan, first prize winner of the baby show, has been raised on Hemlock Park Dairy milk and is still strong for it at meal hours. R. J. Reid presents a summer furniture setting and on his right A. Davis & Son display a fine booth of finished leathers, made up into standard shoes of fashionable design, or suspended in sheets around the booth, showing the twenty odd materials used in tanning one piece of leather. Dodge Brothers motor cars, sedan and touring, occupy a large space and are much admired. The C. W. Lindsay Company's feature display is a beautiful Weber reproducing player piano, a magnificent instrument that reproduces exactly the shading and expression of the artist. It is an instrument worth examining and is entirely turned out at the Kingston Weber factory. The Coca Cola Company has a booth of especial beauty and simplicity. Crawford's Grocery has a special Wagstaffe exhibit with a demonstrator in charge.

H. W. Newman Electric Company.

The H. W. Newman Electric Company display, to the right from the main entrance, is under the direction of Mr. Harry Brock and he has an even better exhibit than usual. Radio is the feature and there is on view a fine receiving set with loop aerial, the whole thing occupying no more than five square feet of space and being easily shifted from room to room with no outside wires at all. Coffield electric washers, fancy lamps and fixtures, and a complete line of electrical appliances, including the Armstrong three-deck grid, are there for explanation and demonstration. A powerful and attractive amplifier adds a finishing touch to the radio display.

College Inn Cigar Store.

Golf clubs, golf bags, golf balls and equipment, tennis rackets and balls, sporting shoes, sporting uniforms, fishing rods and tackle, baseball gloves, bats and balls—everything in the line of equipment for games and sports may be found in the display of the College Inn Cigar Store (Kiwanian Wallie Cusick). The booth is just to the right of the main entrance and its bright display cannot fail to attract. Good hickory shafted golf clubs as low as three dollars cannot fail to attract followers of the hiking game and for every sport there is some special attraction in the booth of the College Inn Store. Wright & Ditton's Canadian sporting goods are especially featured.

J. A. McNabb Company.

One of the most beautiful booths in the building, and of very great interest to the lady visitors, is that of the J. A. McNabb Company, ladies' ready-to-wear, supervised by Kiwanian Charlie Lapp, the manager of the McNabb store. A light and tasty background gives a welcome and seasonable touch of spring and early summer which is further enhanced by very original and attractive flower stands. The exhibit occupies a double-sized booth and portrays attractive gowns for the June wedding, with the bride, the bride's mother and the bridesmaids, as well as many of the guests, provided for in the handsome gowns. The McNabb booth is attracting great attention and is a credit to the store.

Norman Silver Plate.

Hundreds of the Karnival visitors have expressed surprise and delight at the exhibition of Norman Silver Plate, the product of the Kingston factory at the foot of Gore street. It is the first really large display of this product that has been opened to the public and it is certainly a revelation.

Stacey's Limited.

The booth of Stacey's Limited, showing fashionable frocks of the season and a beautiful line of exclusive French designs, is another point of exceptional interest for lady visi-

tors. It occupies two sections and is tastefully set off with trellises of summer flowers and holiday settings. It is an attractive exhibit and typical of the big women's store.

Many Fine Displays.

The work of Kiwanian Harry Lawes on the large plate which advertises the Stamp Exhibit has received much favorable comment. Stamps are laid out in a design of three large "K's" in a frame, a good advertisement for the exceptional display within.

Lockett's Shoe Store has an attractive booth showing travelling bags, suit cases, trunks and general leather goods. Next to it is a nice arrangement of suitings and cloth by the Crawford Company tailors. Further on one finds the booth of W. J. Moore & Son, tires, and the familiar roll call answer, "Bill Moore, I-I-r-e-e" comes to mind. Just opposite is found Kiwanian Hosg's booth with a complete display and a feature of Parker Fountain Pens. Guess how many pills in the bottle and win a camera.

Just to the left of the entrance is the Manufacturers' Life Insurance booth (Kiwanian M. G. Johnston). It is a striking portrayal of the lives of two widows in different circumstances, the one whose husband was insured and the one whose husband neglected that important matter. The Halliday Electric Company's booth attracts with its bright sign and nice display and further down the line we find the R. H. Toye & Company exhibit of Christie Biscuits and Molli's Chocolates.

The Central Garage has two fine cars on display, touring models of the Oldsmobile and the Chevrolet. Sutherland's shoe store shows an exceptionally fine exhibit of high class shoes, with strips of the beautiful leather used in their manufacture. Everything for the well-dressed man is found in George Vanhorne's display, even to the walking stick. It is neatly arranged and set off.

A wonderful grandfather clock sets off the display of Smith Brothers, jewelers, which is a miniature living room. A special table carries an exhibit of genuine jade and amber and is much admired by the Karnival visitors. Rare china forms a pleasing touch in the background, just before a fireplace with mantel clock and special lighting. McGall's exhibit of Victor records and machines, with popular and classic airs and fine instruments, comes in for notice and further down one meets the neat booth of Kinneer & Esterre, with general display of attractive jewelry.

The George Mills Company exhibit is a masterpiece of decorative work, raw furs being used throughout and beautiful fur garments on models for the admiration of the spectators. A great amount of care was put on the booth and the result justifies it. Moore's second booth, near the ice-cream stands, shows toys of all kinds and varieties and has as a centre a giant camel which nods sleepily twenty-four hours a day. On the left of Dougall McKnight's ice-cream booth is Kiwanian Wallie Macneil's insurance booth—where he will insure anything and everything.

Special Prizes.

For Saturday night, the last night of the Kiwanis Karnival, the committee in charge has secured fine prizes. For the best fancy dress costume on the floor on Saturday evening a prize of fifteen dollars will be given with a second prize of ten dollars. This is for best dressed man or woman, boy or girl.

Boys are reminded not to forget the fancy dressed bicycle contest on Saturday next.

Want Provincial Audit.

It was learned by the Whig on Thursday afternoon that a petition is being circulated in Kingston township and is being largely signed, asking that a provincial auditor be sent to examine the books of Kingston township.

It is the wish of the ratepayers that the matter should be cleared up to the entire satisfaction of all concerned.

THE ALWAYS BUSY STORE

5,000 FREE MASONS.

To Assemble at Belleville for Corner Stone Laying.

The largest Masonic gathering ever held in Canada will assemble at Belleville, Ontario, on Tuesday June 17th when the Grand Lodge of Canada in Ontario will lay the corner stone of a monument which is being erected to the U. E. Loyalists at Belleville. Besides the Grand Lodge officers, five thousand Free Masons from Canada and from American cities will participate in the ceremony.

It is 140 years since the U. E. Loyalists settled in the native forest of what is now Ontario! They brought Freemasonry over from their struggles for a livelihood in their new home, they kept Freemasonry alive. In some instances members walked sixty miles to attend lodge held in a private home or the back room of a tavern. In 1801 a committee of three walked from Meyers Creek (now the City of Belleville) to Kingston, sixty miles, to present a petition for a dispensation to form a lodge and that lodge has been in existence ever since.

The monument will be of a simple inexpensive character to typify the humble beginnings of the U. E. Loyalists, and will consist of a representation of a log cabin mounted on a solid expensive pedestal with four seats underneath. It will be constructed of cement made from stone and clay of a farm originally settled by one of the pioneer settlers.

WAS ELECTROCUTED.

Henry Warren Meets Death at Deloro Smelting Plant.

Belleville, June 5.—Henry Warren, aged forty, was electrocuted at the Deloro smelting and refining plant last night while turning on power. The switch had become charged and 550 volts passed into his body. Medical students of Queen's and Varsity, there for the summer, tried resuscitation, but the man was beyond help.

Division Court Cases.

There were eight cases and 12 judgment summonses, resulting in five committals, at the Division Court on Wednesday. Judgment was reserved in an action brought by William Walker against R. B. Bishop for \$120 damage to his rig when the defendant hit it with his car, going down hill after dark.

Gordon, the young son of Attorney-General W. F. Nickle, was operated upon in the General Hospital Thursday morning and late in the afternoon his progress was reported to be satisfactory.

Summertime Hats Inspection invited.

Parisian Shop
322 BROCK STREET

IN MARINE CIRCLES

The steamer Mapleboro passed down to Montreal on Thursday. The steamer City of Ottawa cleared for Toronto and Hamilton this morning.

The steambarge Buena Vista arrived from Fairhaven and cleared for Smith's Falls with coal.

The steambarge Susie Chipman is at Richardson's with grain from Buffalo.

The schooner Mary Daryau was expected to clear to-day from Booth's wharf.

The tug Russell arrived and cleared west with the barge Isobel Reid.

Rotary Club Activities.

There will be no special speaker at the Weekly luncheon of the Kingston Rotary Club to be held in the British-American hotel on Friday at 12.30 (noon). The time will be given over to a business session, the principal item of business being the International Rotary convention to be held in Toronto, opening on June 15th. A special effort is being made to have every member of the club attend the convention if only for a day so as to have a hundred per cent. attendance.

The Kingston club had one hundred per cent. meeting last month, while the average for May was 94 per cent. The call has been sent out for four hundred per cent. meetings this month.

MAY AGAIN REFUSE.

To Grant Any Money For County Good Roads.

It looks as if the Frontenac county council will again refuse the money for the good roads system.

The council had a session on Thursday forenoon and came to no decision in the matter.

Councillor Christopher Graham moved a by-law to provide the money but strong objection was taken to it. It is understood that the by law will be presented to the council again this afternoon.

T. J. O'Connor, of the provincial auditor's department, Toronto, is in the city on three weeks' vacation and is being warmly greeted by his wide circle of friends.
